

Sex, Class and Culture

Lillian S. Robinson

Sex Class And Culture

Stephen Garton

Sex Class And Culture:

Sex, Class, and Culture Lillian S. Robinson, 1986 Sex, Class and Culture Lillian Robinson, 2023-08-11 First published in 1986 *Sex Class and Culture* is a collection of Marxist feminist essays that develops an original critical theory and applies it to literature the visual arts and mass media Lillian Robinson was the first American critic to suggest the essential connections among sex class and race as forces that shape works of art and the critical response to them In applying her theory to particular texts she considers topics from the Renaissance epic to the Regency romance from Jane Austen to contemporary feminist poets and from factory workers memoirs to TV images of career women and housewives The essays are insightful because Robinson clearly knows this wide assortment of texts cares about their significance and writes about them with wit They are irreverent because she asserts the feminist critic's permanent responsibility to ask So What and they are controversial because she constantly addresses that question to our most powerful and respectable institutions social and literary This book will be of interest to students of literature history gender studies and sexuality studies **Which Way is**

Up? R. W. Connell, 2023-07-21 First published in 1983 *Which Way is Up* presents a selection of Bob Connell's writings on three key issues of modern social analysis sex and gender class and power and culture The essays range from psychoanalysis and contemporary feminism to the role theory from the analysis of class and culture to the debate about intellectuals and the new class In critically reviewing contemporary thought on these issues the author has developed a perspective centred on the analysis of social practice Easy to read often witty the essays represent an attempt to shift social theory into the real world of the late twentieth century to go beyond the limits of orthodox sociology and radical dogmas to think through theoretical questions without losing touch with practical politics This is a must read for students and scholars of sociology

Which Way is Up? R. W. Connell, 1983-01-01 Sex, Class, and Culture Lillian S. Robinson, 1978 The Routledge Handbook of Male Sex Work, Culture, and Society John Scott, Christian Grov, Victor Minichiello, 2021-03-20 Panoramic and provocative in its scope this handbook is the definitive guide to contemporary issues associated with male sex work and a must read for those who study masculinities male sexuality sexual health and sexual cultures This groundbreaking volume will have a powerful impact on our understanding of this challenging elusive subject While the internet has brought the previously hidden worlds of male sex work more starkly into public view academic research has often remained locked into descriptions of male sex workers and their clients as perverse Drawing from a variety of regions the chapters provide insights into the historical popular cultural social and economic aspects of sex work as well as demographic patterns health outcomes and policy issues This approach shifts thought on male sex work from a hidden social problem to a publicly acknowledged social phenomenon The book challenges myths and reconceptualizes male sex work as a discrete field Importantly it provides a vehicle for the voices of male sex workers and new and established scholars This richly detailed humane and innovative collection retrieves male sex work from silence and invisibility on the one hand and its association

with scandal and stigma on the other The findings within have profound implications for how governments approach public health and regulation of the sex industry and for how society can make sense of the complexities of human sexualities A compelling scholarly read and a major contribution to a commercial sector that is often neglected in policy debates on sex work this handbook will be of great interest to scholars of criminology sociology gender studies and cultural studies and all those interested in male sex work

Exploring Sexuality in Schools Dorottya Rédei, 2019-07-10 This book explores the place of sexuality in a Hungarian vocational school Building upon ethnographic research using a post structuralist and intersectional theoretical framework the author highlights the voices of teachers and students in their everyday environment and gives them the opportunity to speak about themselves and their experiences in doing so addressing a significant gap in the market The author critically discusses key issues concerning schooling and sexuality addressing such themes as LGBTQ youth and teachers institutional hierarchy and the role of sexuality in the re production of social inequalities through education Through these topics she sensitively questions what should be expected of schools in preparing their students for the wider world The intersectional approach employed by the author will appeal to scholars in a wide variety of disciplines from gender and sexuality studies to the sociology of education and race and ethnicity studies

Histories of Sexuality Stephen Garton, 2014-12-18 This book presents the first assessment of one of the most rapidly expanding fields of research the history of sexuality From the early efforts of historians to work out a model for sexual history to the extraordinary impact of French philosopher Michel Foucault to the vigorous debates about essentialism and social constructionism to the emergence of contemporary debates about historicism queer theory embodiment gender and cultural history we now have vast and diverse historical scholarship on sex and sexuality Histories of Sexuality highlights the key historical moments and issues pederasty and cultures of male passivity in ancient Greece and Rome the impact of early Christianity and ideals of renunciation on the sexual cultures of late antiquity the sustained existence of homosexual cultures in medieval and renaissance Europe the invention of homosexuality and heterosexuality in eighteenth century Europe and America the truth behind Victorian sexual repression the work of reformers and scientists such as Havelock Ellis Marie Stopes Stella Browne Margaret Sanger Alfred Kinsey William Masters and Virginia Johnson

Mob Culture Lee Grieveson, Esther Sonnet, Peter Stanfield, 2005 Mob Culture offers a long awaited fresh look at the American gangster film exposing its hidden histories from the Black Hand gangs of the early twentieth century to The Sopranos Departing from traditional approaches that have typically focused on the nature of the gangster the editors have collected essays that engage the larger question of how the meaning of criminality has changed over time Grouped into three thematic sections the essays examine gangster films through the lens of social gender and racial ethnic issues

Quadrophenia and Mod(ern) Culture Pamela Thurschwell, 2017-11-07 This collection explores the centrality of The Who s classic album and Franc Roddam s cult classic film of adolescent life Quadrophenia to the recent cultural history of Britain to British subcultural studies and to a continuing

fascination with Mod style and culture The interdisciplinary chapters collected here set the album and film amongst critical contexts including gender and sexuality studies class analysis and the film and album s urban geographies seeing Quadrophenia as a transatlantic phenomenon and as a perennial adolescent story Contributors view Quadrophenia through a variety of lenses including the Who s history and reception the 1970s English political and social landscape the adolescent novel of development the bildungsroman the perception of the film through the eyes of Mods and Mod revivalists 1970s socialist politics punk glam sharp suits scooters and the Brighton train arguing for the continuing richness of Quadrophenia s depiction of the adolescent dilemma The volume includes new interviews with Franc Roddam director of Quadrophenia and the photographer Ethan Russell who took the photos for the album s famous photo booklet
