Sex Drugs And Young People International Perspectives:

Sex, Drugs and Young People Peter Aggleton, Andrew Ball, Purnima Mane, 2013-09-13 Sexual practices and drug use among the young are examined in this book calling into question mainstream assumptions about adolescence Bringing together a range of cross cultural and cross national contributions the book reveals both similarities and important differences that mark sexuality and drug use among young in different social and cultural settings In doing so it allows the reader to build up a clearer understanding of the challenges that must be faced in public health and education if we are to develop programs and interventions that really serve the needs of young people The book will be of interest to professionals working with young people and is suitable for a wide range of multidisciplinary courses covering areas such as human sexuality sex education public health and social work

Sex, Drugs and Young People Peter Aggleton, Andrew Ball, Purnima Mane, 2013-09-13 This book calls into question mainstream assumptions about adolescence that underlie many of our understandings in relation to sexual practices and drug use among the young It provides a more complex view of the transition to adulthood as not merely biologically driven but rather socially and culturally organized

Sex and Sexualities in Contemporary Indonesia Linda Rae Bennett, Sharyn Graham Davies, 2014-12-05 Winner of the 2015 Ruth Benedict Prize for Outstanding Edited Volume Sex sexuality and sexual relationships are hotly debated in Indonesia triggering complex and often passionate responses This innovative volume explores these issues in a variety of ways It highlights historical and newer forms of sexual diversity as well as the social responses they provoke It critiques differing representations of sexuality pointing to the multiplicity of discourses within which sexuality and the sexual are understood in modern day Indonesia Placing sexuality centre stage and locating it within the specific historical context of the Reformasi era this landmark volume explores understandings and practices across a wide variety of sites focusing in on a diverse group of Indonesian actors and the contested meanings that sexuality carries Beginning with a substantive introduction and concluding with a scholarly reflection on key issues the volume is framed around the four themes of sexual politics health diversity and representations It seeks both to present new empirical findings as well as to add to existing theoretical analysis This work fills an important gap in our understanding of the evolution and contemporary dynamics of Indonesian sexualities It will be of interest to scholars and academics from disciplines including gender and sexuality studies global health sexual and reproductive health anthropology sociology and Asian studies

Youth Homelessness and Survival Sex Juliet Watson, 2017-10-10 Survival sex commonly understood to be the exchange of sex for material support is a practice that is associated with young homeless women However such a narrow definition of survival sex fails to recognise the multiple complex and coexisting motivations of young homeless women for engaging in intimate relationships in post industrial capitalist society In *Youth Homelessness and Survival Sex* Watson's insightful analysis of personal narratives reveals how young homeless women are exposed to situations in which survival can be impeded or assisted by playing out specific gender roles Indeed in identifying and contesting the

dominant social discourses that young homeless women draw upon to frame their experiences of intimate affairs Watson challenges the reader to understand how gendered subjectivities are produced and performed through heteronormative relationships This enlightening book is vital in showing that homelessness is not a gender neutral phenomenon and that there are gender specific processes and practices involved in the navigation of poverty violence and social exclusion Youth Homelessness and Survival Sex will appeal to undergraduate and postgraduate students as well as postdoctoral researchers interested in fields such as Homelessness Youth Studies Social Work and Gender Studies
