Making Sex Public and Other Cinematic

Fantasies Damon R. Young,2018-10-04 Beginning in the late 1950s representations of and narratives about sex proliferated on French and U S movie screens Cinema began to display forms of sexuality that were no longer strictly associated with domesticity nor limited to heterosexual relations between loving couples Women s bodies and queer sexualities became intensely charged figures of political contestation aspiration and allegory central to new ways of imagining sexuality and to new liberal understandings of individual freedom and social responsibility In *Making Sex Public* Damon R Young tracks the emergence of two conflicting narratives on the one hand a new model of sex as harmoniously integrated into civic existence on the other an idea of women s and queer sexuality as corrosive to the very fabric of social life Taking a transatlantic perspective from the late 50s through the present from *And God Created Woman* and *Barbarella* to *Cruising* and *Shortbus* Young argues that cinema participated in the transformation of the sexual subject while showing how women and queers were both agents and objects of that transformation

Public Sex Pat Califia,Patrick Califia,1994 Including two new essays and a revised Introduction by the author *Public Sex* is a chronicle of the radical sex movement in the United States and the definitive opinions of one of America s most consistent and trenchant sexual critics

Public City/Public Sex Andrew Israel Ross,2019-08-08 In the 1800s urban development efforts modernized Paris and encouraged the creation of brothels boulevards caf s dancehalls and even public urinals However complaints also arose regarding an apparent increase in public sexual activity and the appearance of individuals of both sexes with depraved morals in these spaces Andrew Israel Ross s illuminating study *Public City Public Sex* chronicles the tension between the embourgeoisement and democratization of urban culture in nineteenth century Paris and the commercialization and commodification of a public sexual culture the emergence of new sex districts as well as the development of gay and lesbian subcultures *Public City Public Sex* examines how the notion that male sexual desire required suitable outlets shaped urban policing and development Ross traces the struggle to control sex in public and argues that it was the very effort to police the city that created new opportunities for women who sold sex and men who sought sex with other men Placing public sex at the center of urban history Ross shows how those who used public spaces played a central role in defining the way the city was understood

Policing Public Sex Ephraim Glenn Colter,*Dangerous Bedfellows*,1996 As some activists have turned to regulation rather than education in the effort to curb the AIDS epidemic the public culture at the foundation of queer culture has come under attack

Public Sex Patrick Califia,2000 A chronicle of the radical sex movement in the United States covers sexual practices gay and lesbian activism feminism censorship and other important issues Original

Sex in Public Lauren Rosewarne,2009-03-26 Despite decades of feminist awareness and activism women continue to be

portrayed in outdoor advertising in a limited and sexist manner The fact that in public space audiences are exposed to such images without choice renders the issue an important public policy concern Sex in Public utilises a large outdoor advertising data collection to examine the contemporary outdoor advertising landscape documenting the routine portrayal of women as thin white young and idle This book examines why such portrayals are concerning for feminists as well as for public policy and explores the advertising self regulation systems that facilitate the display of such images This book criticises sexist outdoor advertising as a form of sexual harassment given that imagery often bearing very strong semblance to pin ups which would be outlawed in a workplace are readily displayed in public space reflecting a troublesome public policy double standard Understanding sexist outdoor advertising as a form of sexual harassment is a new framework that Sex in Public offers to understand critique and condemn such images The Public School Journal ,1898
