Sex Mythology

Sarah Dening

Sex Mythology:

The Mythology of Sex Sarah Denning, 1996 A study examining the way in which sexual attitudes and behaviour reflect the underlying values of the time It embraces cultural attitudes from ancient civilizations to the present day and looks at a range of topical issues and concerns including prevailing attitudes towards masculine and feminine values Ovidian Myth and Sexual Deviance in Early Modern English Literature S. Carter, 2016-02-25 Carter explores early modern culture's reception of Ovid through the manipulation of Ovidian myth by Shakespeare Middleton Heywood Marlowe and Marston With a focus on sexual violence homosexuality incest and idolatry Carter analyses how depictions of mythology represent radical ideas concerning gender and sexuality **Sex Mythology** F. F. Arbuthnot, 1898 **The Myth of Sex Addiction** David J. Ley, 2014-07-10 The media today is filled with powerful men in trouble for their sexual behaviors and invariably they are diagnosed as sexual addicts Since Adam first hid his nakedness from God and pointed the finger at Eve men have struggled to take responsibility for their sexuality Over the past three decades these behaviors have come to reflect not a moral failing but instead evidence of an ill defined disease that of sexual addiction The concept of sexual addiction is a controversial one because it is based on questionable research and subjective moral judgments Labeling these behaviors as sex addiction asserts a false dangerous myth that undermines personal responsibility Not only does this epidemic of sex addiction excuse mislabel male sexuality as dangerous and unhealthy but it destroys our ability to hold people accountable for their behaviors By labeling males as weak and powerless before the onslaught and churning tide of lust we take away those things that men should live up to personal responsibility integrity self control independence accountability self motivation honor respect for self and others In *The Myth of Sex Addiction* Ley presents the history and questionable science underlying this alleged disorder exposing the moral and cultural judgments that are embedded in the concept as well as the significant economic factors that drive the label of sex addiction in clinical practice and the popular media Ley outlines how this label represents a social attack on many forms of sexuality male sexuality in particular as well as presenting the difficulty this label creates in holding people responsible for their sexual behaviors Going against current assumptions and trends Ley debunks the idea that sex addiction is real or at least that it is as widespread as it appears to be Instead he suggests that the high sex behaviors of some men is something that has been tacitly condoned for countless years and is only now labeled as a disorder as men are being held accountable to the same rules that have been applied to women He suggests we should expect men to take responsibility for sexual choices rather than supporting an approach that labels male sexual desire as a demonic force that must be resisted feared treated and exorcised , The Arakmbut--mythology, Spirituality, and History Andrew Gray, 1996 The Arakmbut are an indigenous people who live in the Madre de Dios region of the southeastern Peruvian rain forest Since their first encounters with missionaries in the 1950s they have shown resilience and a determination to affirm their identity in the face of many difficulties During the last fifteen years Arakmbut survival has been under threat from a

goldrush that has attracted hundreds of colonists onto their territories This trilogy of books traces the ways in which the Arakmbut overcome the dangers that surround them their mythology and cultural strength their social flexibility and their capacity to incorporate non indigenous concepts and activities into their defence strategies Each area is punctuated by the constant presence of the invisible spirit which provides a seamless theme connecting the books to each other Following the Arakmbuts recommendation the author uses their three greatest myths to introduce social cultural and historical aspects of their lives He ends with a discussion of the relationship between myth and history showing how the Arakmbut recreate their myths at the dramatic moments of their history Buy all three volumes for 20% discount **Library of Congress Subject Headings** Library of Congress,1998 **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office,2009 **Routledge Library Editions: History of Sexuality** Various Authors,2021-02-12 Reissuing seven works originally published between 1977 and 1992 this collection offers a varied selection of surveys of historical practices and attitudes to sexuality from complete reviews of changing attitudes through time to individual studies of France in the 19th and 20th Centuries and England in the 17th This set will be of interest in sociology gender studies cultural studies and history The Sex Myth Rachel Hills,2015-08-04 From a bold new feminist voice a book that will change the way you think about your sex life Fifty years after the sexual revolution we are told that we live in a time of unprecedented sexual freedom that if anything we are too free now But beneath the veneer of glossy hedonism millennial journalist Rachel Hills argues that we are controlled by a new brand of sexual convention one which influences all of us woman or man straight or gay liberal or conservative At the root of this silent code lies the Sex Myth the defining significance we invest in sexuality that once meant we were dirty if we did have sex and now means we are defective if we don t do it enough Equal parts social commentary pop culture and powerful personal anecdotes from people across the English speaking world The Sex Myth exposes the invisible norms and unspoken assumptions that shape the way we think about sex today
