Sex Scandal The Private Parts Of Victorian Fiction

Bonnie Zimmerman, George Haggerty

Sex Scandal The Private Parts Of Victorian Fiction:

Sex Scandal William A. Cohen,1996 Never has the Victorian novel appeared so perverse as it does in these pages and never has its perversity seemed so fundamental to its accomplishment By viewing this fiction alongside the most alarming public scandals of the day Cohen exposes both the scandalousness of this literature and its sexiness In narratives ranging from Great Expectations to the Boulton and Park sodomy scandal of 1870 71 from Eliot s and Trollope s novels about scandalous women to Oscar Wilde s writing and his trials for homosexuality Cohen shows how in each instance sexuality appears couched in coded terms He identifies an assortment of cunning narrative techniques used to insinuate sex into Victorian writing demonstrating that even as such narratives air the scandalous subject they emphasize its unspeakable nature Written with an eye toward the sex scandals that still whet the appetites of consumers of news and novels this work is suggestive about our own modes of imagining sexuality today and how we arrived at them **BOOK JACKET** **Palgrave**

Advances in Charles Dickens Studies R. Patten,J. Bowen,2005-11-30 Palgrave Advances in Charles Dickens Studies is a comprehensive and authoritative guide to the study of one of the most important Victorian novelists Its editors Robert L Patten and John Bowen are leading authorities on Dickens and the international team of contributors they have assembled contains some of the most exciting critics of nineteenth century fiction writing today The book covers the whole range of Dickens s writing and criticism about it including biographical theoretical and historical approaches It is based on up to the minute research and written in a lively and engaging way and will be essential reading for all students and scholars of this canonical writer **Queer Impressions** Elaine Pigeon,2013-11-05 Beginning with The Portrait of a Lady this book shows how in developing his unique form of realism James highlights the tragic consequences of his American heroine s Romantic imagination in particular her Emersonian idealism In order to expose Emerson s blind spot a lacuna at the very centre of his New England Transcendentalism James draws on the Gothic effects of Nathaniel Hawthorne and Edgar Allan Poe thereby producing an intensification of Isabel Archer s psychological state and precipitating her awakening to a fuller heightened consciousness Thus Romanticism takes an aesthetic turn becoming distinctly Paterian and unleashing queer possibilities that are further developed in James s subsequent fiction This book follows the Paterian thread leading to The Author of Beltraffio and Th ophile Gauthier and thereby establishing an important connection with French culture Drawing on James s famous analogy between the art of fiction and the art of the painter the book explores a possible link to the Impressionist painters associated with the literary circle mile Zola dominated It then turns to A New England Winter a tale about an American Impressionist painter and finds traces leading back to James s initiation pr miere The book closes with an exploration of the possible sources of Kate Croy s unspeakable father in The Wings of the Dove and proposes a possible intertext one that provides direct insight into the Victorian closet **Culture and Adultery** Barbara Leckie,2015-09-14 Adultery it is often assumed was not a major concern of English culture during the Victorian age and the apparent absence of adultery indeed of

all explicit representations of sexuality in turn made censorship for obscene libel unnecessary Very few writers conventional wisdom has it were bold enough to defy the powerful implicit constraints imposed upon literary production If we find no English Anna Karenina or Madame Bovary Barbara Leckie nevertheless demonstrates that adultery preoccupied English culture during this period After the Matrimonial Causes Act of 1857 was passed adultery was prominently discussed in the Divorce Court Transcriptions of divorce trials were an immensely popular front page feature of almost all daily newspapers for more than fifty years At the same time as narratives of adultery stood at the center of sensation novels such as Mary Elizabeth Bradden s *The Doctor s Wife* literary reviews and cultural debates strongly encouraged serious novelists to avoid the topic In *Culture and Adultery* Leckie mines novels newspapers court and Parliamentary records to explore several related sets of issues How first did adultery become visible in the public sphere in the second half of the nineteenth century Why conversely has the discursive history of adultery been deemphasized in the English critical tradition And how is the history of the Victorian and early twentieth century English novel revised when the culture s concern with adultery and censorship are reintroduced

A Companion to Charles Dickens David Paroissien,2008-04-15 A Companion to Charles Dickens concentrates on the historical ideological and social forces that defined Dickens s world Puts Dickens s work into its literary historical and social contexts Traces the development of Dickens s career as a journalist and novelist Includes original essays by leading Dickensian scholars on each of Dickens s fifteen novels Explores a broad range of topics including criticisms of his novels the use of history and law in his fiction language and the effect of political and social reform Examines Dickens s legacy and surveys the mass of secondary materials that has been generated in response and reverence to his writing

Modernism, Male Friendship, and the First World War Sarah Cole,2003-08-28 Sarah Cole examines the rich literary and cultural history of masculine intimacy in the twentieth century Cole approaches this complex and neglected topic from many perspectives as a reflection of the exceptional social power wielded by the institutions that housed and structured male bonds as a matter of closeted and thwarted homoerotics as part of the story of the First World War Cole shows that the terrain of masculine fellowship provides an important context for understanding key literary features of the modernist period She foregrounds such crucial themes as the over determined relations between imperial wanderers in Conrad s tales the broken friendships that permeate Forster s fictions Lawrence s desperate urge to make culture out of blood brotherhood and the intense bereavement of the war poet Cole argues that these dramas of compelling and often tortured male friendship have helped to define a particular spirit and voice within the literary canon

Encyclopedia of Gay Histories and Cultures George Haggerty,2013-11-05 First Published in 2000 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic

profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a wide range of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future

Encyclopedia of Lesbian and Gay Histories and Cultures Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future

Faith in Exposure Justine S. Murison, 2022-09-20 Recent legal history in the United States reveals a hardening tendency to treat religious freedom and sexual and reproductive freedom as competing even opposing claims on public life They are united though by the fact that both are rooted in our culture s understanding of privacy Faith in Exposure shows how over the course of the nineteenth century privacy came to encompass such contradictions both underpinning the right to sexual and reproductive rights but also undermining them in the name of religious freedom Drawing on the interdisciplinary field of secular studies Faith in Exposure brings a postsecular orientation to the historical emergence of modern privacy The book explains this emergence through two interlocking stories The first examines the legal and cultural connection of religion with the private sphere showing how privacy became a moral concept that informs how we debate the right to be shielded from state interference as well as who will be afforded or denied this protection This conflation of religion with privacy gave rise the book argues to a secular sensibility that was especially invested in authenticity and the exposure of hypocrisy in others The second story examines the development of this secular sensibility of privacy through nineteenth century novels The preoccupation of the novel form with private life and especially

its dependence on revelations of private desire and sexual secrets made it the perfect vehicle for suggesting that exposure might be synonymous with morality itself Each chapter places key authors into wider contexts of popular fiction and periodical press debates From fears over religious infidelity to controversies over what constituted a modern marriage and conspiracy theories about abolitionists these were the contests Justine S Murison argues that helped privacy emerge as both a sensibility and a right in modern secular America

After Intimacy Karl Leydecker, Nicholas White, 2007 Divorce is a conspicuous character trait of modernity commonly portrayed in texts and on screen with its moral and social rationalisation firmly rooted in Enlightenment and Romantic thought The aim of this volume is to bring into focus this contemporary cultural fascination by assembling the variety of academic responses it has started to create Bringing together the reflections of scholars from the UK and North America who have worked in this domain this study offers for the first time a genuinely wide ranging account of the depiction of divorce across the northern hemisphere in a number of media fiction journalism film and television It reaches historically from the intellectual and legal aftermath of the Enlightenment right up to the present day As such the collection shows both the roots of this apparently contemporary phenomenon in nineteenth century literary practice and the very particular ways in which divorce characterises the different narrative media of modernity

Unveiling the Magic of Words: A Overview of "**Sex Scandal The Private Parts Of Victorian Fiction**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring.
