**Biography**, French, the study of a person's life, from birth to death, usually written by a biographer. The word is derived from the Greek *bios* (life) and *grapho* (to write). The first biographies were written by ancient Greek and Roman writers. The modern biography is a more detailed and accurate account of a person's life, often based on research and interviews with people who knew the subject. The biography is a popular form of literature, and many famous people have had their lives written about. The biography is also an important part of history, as it helps us to understand the lives of the people who shaped the world.
