The Prospects for Liberal Nationalism in Post-Leninist States Cheng Chen, 2010-11-01 **Unfinished Leninism** Paul Le Blanc, 2014-06-15 Praise for Paul Le Blanc's *Lenin and the Revolutionary Party*: A work of unusual strength and coherence inspired not by academic neutrality but by the deep conviction that there is much to learn from the actual ideas and experiences of Lenin. Michael L. Wy As a leader of the Russian Revolution, Vladimir Lenin was perhaps the greatest revolutionary of the twentieth century. These clearly written essays offer an account of his life and times, a lively view of his personality, and a stimulating engagement with his ideas. Paul Le Blanc is a professor of history at La Roche College and has written widely on radical movements. Lenin Beryl Williams, 2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years, Beryl Williams focuses on Lenin's years in power and provides a first-rate introduction to the life, ideology, and impact of one of the formative figures of the 20th century. Within an overall chronological framework, Williams examines topics such as cultural revolution, foreign policy, and expansion. As well as being an examination of Lenin's life and work, this is an up-to-date evaluation of recent historiographical debates and literature in the context of the period. Lenin, Hegel, and Western Marxism Kevin Anderson, 1995 This first full-length treatment of Lenin's studies of Hegel presents Lenin as a major figure in

Hegelian Marxism providing a more nuanced portrait of his work than that of either official Marxist Leninism or most Western accounts With impressive argumentation and wide ranging scholarship Anderson presents us with a Lenin that no one seriously interested in current debates over the relevance of Marxist theory to socialist practice can afford to miss Bertell Ollman author of *Dialectical Investigations* An important contribution to grasping the conceptual roots of Marxist theory and practice Tom Rockmore author of *Hegel's Circular Epistemology* Today Lenin looks like he did little more than prepare the way for Stalin You will find the opposite view in this novel study I recommend the book to anyone seriously interested in Russia and revolution George Uri Fischer author of *The Soviet System and Modern Society* Lenin Robert Service,2011-02-21 Lenin is a colossal figure whose influence on twentieth century history cannot be underestimated Robert Service has written a calmly authoritative biography on this seemingly unknowable figure Making use of recently opened archives he has been able to piece together the private as well as the public life giving the first complete picture of Lenin This biography simultaneously provides an account of one of the greatest turning points in modern history Through the prism of Lenin's career Service examines events such as the October Revolution and the ideas of Marxism Leninism the one party state economic modernisation dictatorship and the politics of inter war Europe In discovering the origins of the USSR he casts light on the nature of the state and society which Lenin left behind and which have not entirely disappeared after the collapse of the Soviet regime in 1991 Immensely scholarly but also vivid and readable This is a splendid book much the best that I have ever read about Lenin I was overwhelmed by the power and vividness of this portrait Dominic Lieven Sunday Telegraph He has managed skilfully to depict the surreal life of an obsessive brilliant and stubborn individual Guardian Lenin's life was politics but Service has succeeded in keeping Lenin the man in focus throughout This book deserves a place among the best studies of one of the most fascinating figures in modern history Harold Shukman The Times **Lenin's Electoral Strategy from 1907 to the October Revolution of 1917** August H. Nimtz,2014-03-13 This book is the first full length study of Lenin's party building project and writings on elections looking in detail at his leadership of the Bolshevik wing of the Russian Social Democratic Labor Party in the four state Dumas from 1906 to the beginning of the First World War *The Communist Party In Power* Karel Kaplan,Fred H Eidlin,2019-06-21 The aim of this book is simple It seeks to describe the main features of the internal life and functioning of a communist party It reflects both the results of a historian's research and the long years of experience of a communist official and party apparatchik *Essential Texts of Marxism-Leninism* Marx-Engels-Lenin Institute,2015-01-31 This volume includes The Communist Manifesto by Marx Engels Socialism Utopian and Scientific by Engels State and Revolution by Lenin On Practice and On Contradiction by Mao Foundations of Leninism by Stalin *World Order after Leninism* Vladimir Tismaneanu,Marc Morje Howard,Rudra Sil,2016-06-01 World Order after Leninism examines the origins and evolution of world communism and explores how its legacies have shaped the post Cold War world order The lessons of Leninism continue to exert a strong influence in contemporary foreign affairs most visibly in

Poland and other post communist states of the former Soviet Union but also in China and other newly industrialized states balancing authoritarian impulses against the pressures of globalization free markets and democratic possibilities World Order after Leninism began as a conversation among former students of Ken Jowitt professor of political science at the University of California at Berkeley from 1970 2002 and whose monumental career transformed the fields of political science Russian studies and post communist studies Using divergent case studies the essays in this volume document the ways in which Jowitt s exceptionally original work on Leninism s evolution and consolidation remains highly relevant in analyzing contemporary post communist and post authoritarian political transformations

Lenin and Philosophy and Other Essays Louis Althusser, 2001-11-13 Louis Althusser has tackled a wide variety of subjects including philosophy economics psychology aesthetics and political science This book contains a selection of his writings

Thermidorian Societies and Their Enemies Leslie Herzberger, 2007-01-25 The author was born in Budapest Hungary in 1946 He served in the U S Army then attended Columbia University School of International Affairs and the Ph D Program in History at New York University This book is part of the follow up of the PH D Thesis Proposal that the author presented to New York University on December 24 1980 and worked out as a private scholar the next 20 years The work that went into the book spanned a period of around thirty years overall

The Palgrave Handbook of Russian Thought Marina F. Bykova, Michael N. Forster, Lina Steiner, 2021-05-22 This volume is a comprehensive Handbook of Russian thought that provides an in depth survey of major figures currents and developments in Russian intellectual history spanning the period from the late eighteenth century to the late twentieth century Written by a group of distinguished scholars as well as some younger ones from Russia Europe the United States and Canada this Handbook reconstructs a vibrant picture of the intellectual and cultural life in Russia and the Soviet Union during the most buoyant period in the country s history Contrary to the widespread view of Russian modernity as a product of intellectual borrowing and imitation the essays collected in this volume reveal the creative spirit of Russian thought which produced a range of original philosophical and social ideas as well as great literature art and criticism While rejecting reductive interpretations the Handbook employs a unifying approach to its subject matter presenting Russian thought in the context of the country s changing historical landscape This Handbook will open up a new intellectual world to many readers and provide a secure base for its further exploration

Lenin Lives? Christopher Read, 2024 A lively accessible and wide ranging account of one of the most influential figures of the twentieth century Through a brief but stimulating and penetrating account of his life and chief ideas the study examines how Leninism emerged and became a global force

Soviet Scholasticism J.E. Blakeley, 2012-12-06 The present work is a study of the method of contemporary Soviet philosophy By Soviet philosophy we mean philosophy as published in the Soviet Union For practical purposes we have limited our attention to Soviet sources in Russian in spite of the fact that Soviet philosophical works are also published in other languages see B 2029 21 38 The term method is taken in the sense usual in Western books on methodology 1 In view of

the content of the first chapter it will be useful to explain the last term a little more fully By method we mean a procedure and it is obvious that the principles according to which a procedure is carried out are rules i e imperatives which tell us not what is but what should be done Such imperatives may or may not be connected with and founded on certain descriptive statements the fact that every rule of formal logic is based on a corresponding law has been well known since Husserl's *Logische Untersuchungen* and is generally accepted in contemporary logic but such a foundation is irrelevant to a methodological study The object of such a study is to find out what these rules are why they are accepted and how they are interconnected and applied This is how methodology the science of method is conceived in Western treatises on the subject and this is also the standpoint assumed here

V.I. Lenin is Missing Thomas H. Tolmasoff, 1992 This satire introduces four intrepid Russian entrepreneurs who are planning to bridge the gap between socialism and a free market economy by buying and selling contraband Western goods They are clever they are resourceful and they think they are above suspicion because they are the caretakers of the Glorious Remains of the Father of Soviet Communism Then a KGB colonel wants in on the action and someone steals Lenin's body just before it is to be displayed for May Day Sash Natash Olya and Viktor are in deep trouble unless someone poses as Lenin in the casket

[Looking for the Proletariat](#) Stephen Hastings-King, 2014-05-08

Looking for the Proletariat is a contribution to understanding the implosion of the Marxist Imaginary The implosion is staged in terms of the first English language history of the French revolutionary group *Socialisme ou Barbarie* from 1949 to 1957 It explains why *Socialisme ou Barbarie* was the only Marxist organization interested by worker experience and how the group's anti Leninist position on organization led it to privilege first person worker narratives in order to understand worker experience and its revolutionary possibilities Using the only first person accounts of working class experience in French industry of the 1950s the book explores the disintegration of collective investment in the Marxist Imaginary that unfolded at Renault's Billancourt factory in the aftermath of the Hungarian Revolution and the contexts that shaped it

Look At Leninism Introduction

In today's digital age, the availability of Look At Leninism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Look At Leninism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Look At Leninism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Look At Leninism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Look At Leninism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Look At Leninism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Look At Leninism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Look At Leninism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Look At Leninism books and manuals for download and embark on your journey of knowledge?
