In the half century before Walter Scott's Waverley dozens of popular novelists produced historical fictions for circulating libraries This book examines eighty five popular historical novels published between 1762 and 1813 looking at how the conventions of the genre developed through a process of imitation and experimentation **Genres of Emergency** Ayelet Ben-Yishai, 2023 Genres of Emergency offers literary genre as a way to understand and negotiate the varied states of emergency and crisis that have become a fixture of our contemporary world Building on a critical study of the literature written during and about the State of Emergency declared by Prime Minister Indira Gandhi in India 1975 1977 the study establishes emergency and its genres as an important interpretative site an exceptionally violent episode marked as a one off crisis which also functions as a locus for an ongoing renegotiation of a modern polity and culture Reading a wide ranging archive of English language texts from prison memoir to popular magazine from high brow literary fiction to boilerplate thriller from the unrelentingly realistic to the mythically allegorical Genres of Emergency traces the tension between crisis and continuity that these genres mediate In addressing this tension the authors of Emergency fiction take seriously the genres in which they write and use them to mobilize literary conventions as political interventions More specifically these novels use the conventions of realism epic allegory and the thriller to reach back in time and across cultures and languages invoking past iterations of these genres and histories and anticipating those to come Combining literary criticism with cultural history Genres of Emergency thus has implications for the study of literary genre for the historical events that these genres recount and for understanding the politics of literary form Neoliberalism and Contemporary Literary Culture Mitchum Huehls, Rachel Greenwald Smith, 2017-09-19 How has the pervasive spread of free market thinking affected contemporary literature Neoliberalism has been a buzzword in literary studies for well over a decade but its meaning remains ambiguous and its salience contentious In Neoliberalism and Contemporary Literary Culture Mitchum Huehls and Rachel Greenwald Smith offer a wide ranging exploration of contemporary literature through the lens of neoliberalism's economic social and cultural ascendancy Bringing together accessible and provocative essays from top literary scholars this innovative collection examines neoliberalism's influence on literary theory and methodology literary form literary representation and literary institutions A four phase approach to the historical emergence of neoliberalism from the early 1970s to the present helps to clarify the complexity of the relationship between neoliberalism and literary culture Layering that history over the diverse changes in a US Anglo literary field that has moved away from postmodern forms and sensibilities the book argues that many literary developments including the return to realism the rise of the memoir the embrace of New Materialist theory and the pursuit of aesthetic autonomy make more coherent sense when viewed in light of neoliberalism's ever increasing expansion into the cultural sphere The essays gathered here engage a diverse range of theorists including Michel Foucault Wendy Brown Giorgio Agamben Bruno Latour Maurice Merleau Ponty Gary Becker and

Eve Sedgwick to address the reciprocal relationship between neoliberalism and conceptual fields such as biopolitics affect phenomenology ecology and new materialist ontology These theoretical perspectives are complemented by innovative readings of contemporary works of literature by writers such as Jennifer Egan Ben Lerner Gillian Flynn Teju Cole Jonathan Franzen Chimamanda Ngozi Adichie Salvador Plascencia E L James Lisa Robertson Kenneth Goldsmith and many others Neoliberalism and Contemporary Literary Culture is essential reading for anyone invested in the ever changing state of literary culture
