Living, Loving and Loss Brad DeFord, Richard Gilbert, 2016-12-05 One of the unspoken aspects of mourning concerns the ways that loss affects our intimate relationships and our sexual expressiveness This text opens these subjects for conversation with the aim of promoting the trust care and respect that enable us to be vulnerable It purposefully covers a range of topics including 1 the meaning of intimacy and the significance of sexuality providing a basis for the use of these terms throughout the book 2 death grief and differences in sexual orientation including death and intimacy in the lesbian gay bisexual and transgender LGBT community and the losses endured by young people due to gender issues 3 loss of relationship and restoration of intimacy in families including pharmacological effects on the grief processes of widowers grieving a not so loved parent the layered losses of infertility and intimacy and the tolls of war intimacy and sexuality challenges for soldiers and their families 4 adjusting to life's losses associated with aging or illness or infirmity including Alzheimer's and dementia related illnesses physical health losses after 50 and intimacy sex and hospice self determination and dignity at the end of life and 5 religious bases that have shaped our perspectives for understanding intimacy sexuality and healing after loss and which give us hope including the spiritual reflections of a rabbi and a Christian voice in defining what is right Set in a framework that is both psychological and spiritual the well researched contributions are intended to acknowledge these experiences both professionally and personally The book concludes with an extensive bibliography valuable for research and reference This book will be of value in undergraduate and graduate courses on thanatology as well as for anyone interested in knowing more about grief both those

currently bereaved and those who wish to support others in mourning The contributors appreciate both the importance of our capacities for intimacy and sexuality and our inhibitions and hesitations in giving voice to our needs and concerns perhaps especially when we are grieving The information and compassionate understanding they provide encourage us to bridge the gap between the secret and the private and to share what is close to our hearts *Life After Losing A Child* Antonette Smith,2021-09-24 *Life After Losing a Child* is dedicated to my son Antonio Smith Scott May 23 1992 March 5 2013 and in honor of my mother Flora Scott August 25 1949 January 3 2020 who birthed eight children and lost six before her own death *Life After Losing a Child* is based on my own experiences from a mother s perspective losing a child from a sibling s perspective losing brothers in early childhood how the death of my brothers affected my parents and our family I also share how losing my own son affected my family my four other children and their father Millions of parents lose a child every day and are left struggling trying to not be overtaken with grief for the rest of our lives We suffer from guilt shame hurt pain and sorrows until we allow Jesus to heal us Losing a child from a miscarriage stillbirth sickness deformities abortions accidents or homicides all these losses of a child carries the same hurts pains sorrows and grief The loss of these children leaves a void in all our lives as a family I pray by sharing my loss and grief process you will seek Jesus for healing for yourself and family That you will be empowered to live your best life after the loss of a child or sibling I pray you will live to the fullest capacity God has intended Jesus died to give you with the Holy Spirit guiding you a life of purpose not only for yourself and family but for the child that is gone but not forgotten **Living and Acting Together** Robert I. Carlyle's Works: Sartor Resartus. Lectures on heroes and hero-worship Thomas Carlyle, 1891 *Sartor Resartus* Thomas Carlyle, 2017-06-13T17:04:28Z

Sartor Resartus was a strange and new book when it was first published in 1833 and in many ways it remains a strange and new book today. The bulk of the novel takes the form of the a commentary on the life and works of the fictional Diogenes Teufelsdröckh a sort of renaissance man German philosopher who develops a Philosophy of Clothes. The commentary is composed by a fictional English commentator known only as the Editor the Editor claims to have translated many of Teufelsdröckh's ideas and quotes from German. As the commentary progresses the Editor receives a bag of paper scraps on which are written various autobiographical fragments from Teufelsdröckh's life. The Editor's attempts to organize and interpret these scraps forms the second part of the novel. The work is multi faceted sometimes a parody sometimes a comedy sometimes a satire and sometimes seriously philosophical. Some critics consider it an early existentialist text. At the very least its unique structure and use of meta narrative is hugely influential to modern literature. Borges was said to have memorized entire pages and modern texts like Nabokov's *Pale Fire* borrow liberally from the concept of a meta narrative organized on scraps of paper. This book is part of the Standard Ebooks project which produces free public domain ebooks *Works* Thomas Carlyle, 1885
