Lost Innocents:

Lost Innocents and the Loss of Innocence Crispin Bates, 1998 *Lost Innocents* Patricia MacDonald, 2008-11-15 When a fifteen year old babysitter and the toddler entrusted to her care vanish from their sleepy suburban town Maddy Blake like the rest of Taylorsville is horrified When the teenager turns up dead and the baby is nowhere to be found Maddy's once tranquil life is shattered Her husband becomes the prime suspect for this heinous crime having only recently been acquitted of sexual misconduct charges brought by one of his teenage students Plagued by doubts of her husband's innocence tortured by a growing attraction to her priest and disconcerted by the grim strangers to whom she has opened her home Maddy realizes too late that she is in mortal danger

A World of Lost Innocence Nicola Darwood, 2012-04-25 Elizabeth Bowen was a prolific writer her publishing career spanned five decades and during this time she wrote ten novels over one hundred short stories and countless reviews and journal articles While earlier novels are now acknowledged as Modernist texts her later novels can be read through the lens of postmodernism they can be considered variously as romantic fiction marriage novels war time spy thrillers and psychological drama but throughout her novels she consistently questioned notions of identity sexuality and the loss of innocence *A World of Lost Innocence* The Fiction of Elizabeth Bowen offers a reading of Elizabeth Bowen's fiction which focuses specifically on this loss foregrounding the psychological conflicts experienced by her protagonists It examines the subject not only across the range of her fiction but also in relation to her unfolding narrative structures through a chronologically based discussion of her novels and selected short stories interwoven with biographical information and drawing on unpublished letters This book investigates the dominant kinds of innocence that Bowen represents throughout her fiction the innocence attributed to childhood sexual innocence and sexual morality and political innocence and argues that the transition from innocence to experience plays an important role in the epistemological journey faced both by Bowen's characters and her readers

Transitional Justice in Established Democracies S. Winter, 2014-03-21 Truth commissions apologies and reparations are just some of the transitional justice mechanisms embraced by established democracies This groundbreaking exploration of political theory explains how these forms of state redress repair the damage

state wrongdoing inflicts upon political legitimacy Self, Others and the State Arlie Loughnan, 2019-12-12 Criminal responsibility is now central to criminal law but it is in need of re examination In the context of Australian criminal laws Self Others and the State reassesses the general assumptions made about the rise to prominence of criminal responsibility in the period since around the turn of the twentieth century It reconsiders the role of criminal responsibility in criminal law arguing that criminal responsibility is significant because it organises key sets of relations between self others and the state as relations of responsibility Detailed studies of decisive moments and developments since the turn of the twentieth century and original explorations of relations of responsibility expose the complexity and dynamism of criminal responsibility and reveal that it is the means by which matters of subjectivity relationality and power make themselves felt in the criminal law

Witnessing Australian Stories Kelly Jean Butler, 2017-07-28 This book is about how Australians have responded to stories about suffering and injustice in Australia presented in a range of public media including literature history films and television Those who have responded are both ordinary and prominent Australians politicians writers and scholars All have sought to come to terms with Australia s history by responding empathetically to stories of its marginalized citizens Drawing upon international scholarship on collective memory public history testimony and witnessing this book represents a cultural history of contemporary Australia It examines the forms of witnessing that dominated Australian public culture at the turn of the millennium Since the late 1980s witnessing has developed in Australia in response to the increasingly audible voices of indigenous peoples migrants and more recently asylum seekers As these voices became public they posed a challenge not only to scholars and politicians but also most importantly to ordinary citizens When former Prime Minister Kevin Rudd delivered his historic apology to Australia s indigenous peoples in February 2008 he performed an act of collective witnessing that affirmed the testimony and experiences of Aboriginal Australians The phenomenon of witnessing became crucial not only to the recognition and reparation of past injustices but to efforts to create a more cosmopolitan Australia in the present This is a vital addition to Transaction s critically acclaimed Memory and Narrative series **Examining the Past and Shaping the Future** Katie Wright, Shurlee Swain, Kathleen McPhillips, 2021-11-29 The Royal Commission into Institutional Responses to Child Sexual Abuse 2013 17 was one of the largest public inquiries in Australian history and one of the most important investigations into child abuse internationally It facilitated a national conversation about justice for victims and survivors and how to improve child safety in the future Through the examination of practices in key social institutions including churches schools sporting clubs hospitals and voluntary organisations it provided new understandings of the widespread abuse that many people had experienced in the past and it made recommendations for a national redress scheme The Royal Commission also recommended sweeping reforms in policies practices and institutional cultures Offering valuable insights into the Royal Commission s history and background its social and cultural significance and its implications for policy development and legislative reform this book provides a wide ranging analysis of the work of the Royal Commission and its social psychological

legal and discursive impact The chapters reveal not only the complexity of the matters that the Royal Commission was dealing with and the difficulties faced by the victims of child sexual abuse but also the challenges of researching and writing about this sensitive topic The chapters in this book were originally published as a special issue of the Journal of Australian Studies

Goodna Girls Adele Chynoweth, 2020-09-02 Goodna Girls tells the story of children incarcerated in Wolston Park Hospital an adult psychiatric facility in Queensland Australia It contains the personal testimonies of women who relate in their own no holds barred style and often with irreverent humour how they as children ended up in Wolston Park and how this affected their adult lives The accounts of hospital staff who witnessed the effects of this heinous policy and spoke out are also included The book examines the consequences of the Queensland Government's manipulation of a medical model to respond to juvenile delinquents many of whom were simply vulnerable children absconding from abusive conditions As Australia faces the repercussions of the institutionalisation of its children in the twentieth century brought about through a series of government inquiries Goodna Girls makes a vital contribution to the public history of the Stolen Generations Former Child Migrants and Forgotten Australians Goodna Girls presents the research that informed a successful collective campaign to lobby the Queensland Government to make long overdue and much needed reparations to a group of courageous survivors It holds contemporary resonance for scholars policymakers and practitioners in the fields of public history welfare child protection education nursing sociology medicine and criminology

Governing Child Abuse Voices and Victimisation Jodi Death, 2017-10-25 Child sexual abuse by clergy within the Roman Catholic Church has emerged as a social and political discourse over the last three decades The analysis here specifically focuses on the establishment conduct and outcomes of the extensive public inquiries of Australia although inquiries in other jurisdictions are also discussed Unlike criminal or civil processes although they may be inquisitory in nature public inquiries emerge from a specifically political context and are a tool of governance embedded in a larger context of governmentality Understanding the broader political and cultural contexts of public inquiries is important then in understanding their value and effectiveness as justice processes especially for victims of CSA by clergy What is interesting about public inquiry is that it situates victims of CSA by clergy outside of criminal and civil justice processes and recognises a different politicised relationship between victims as citizens the state and Catholic institutions where abuse has occurred At the cutting edge of disciplinary and methodological understandings of the interconnections between the church state and families his book explores the dynamics of the emergence and politicisation of victims of CSA by clergy their expressions of resistance and the legitimisation of their voice in public and political spheres

Adoption and Multiculturalism Jenny Heijun Wills, Tobias Hubinette, Indigo Willing, 2020-09-11 Adoption and Multiculturalism features the voices of international scholars reflecting transnational and transracial adoption and its relationship to notions of multiculturalism The essays trouble common understandings about who is being adopted who is adopting and where these acts are taking place challenging in fascinating ways the tidy master narrative of saviorhood and

the concept of a monolithic Western receiving nation Too often the presumption is that the adoptive and receiving country is one that celebrates racial and ethnic diversity thus making it superior to the conservative and insular places from which adoptees arrive The volume s contributors subvert the often simplistic ways that multiculturalism is linked to transnational and transracial adoption and reveal how troubling multiculturalism in fact can be The contributors represent a wide range of disciplines cultures and connections in relation to the adoption constellation bringing perspectives from Europe including Scandinavia Canada the United States and Australia The book brings together the various methodologies of literary criticism history anthropology sociology and cultural theory to demonstrate the multifarious and robust ways that adoption and multiculturalism might be studied and considered Edited by three transnational and transracial adoptees *Adoption and Multiculturalism Europe the Americas and the Pacific* offers bold new scholarship that revises popular notions of transracial and transnational adoption as practice and phenomenon *The Nature of Endangerment in India* Ezra Rashkow, 2023-01-30 This book is a study of the concepts of endangerment and extinction Examining interlinking discourses of biological and cultural diversity loss in western and central India it problematizes the long history of human endangerment and extinction discourse **Screening the Dark Side of Love** Karen A. Ritzenhoff, Karen Randell, 2012-10-15 How can love be understood globally as a problematic transgression rather than the narrative of happy endings that Hollywood has offered The contributors utilize varying methodologies of textual analysis psychoanalytic models and cultural critique and engage with a broad range of films to explore issues of gender identity and spectatorship *The Slow Evolution of Foster Care in Australia* Nell Musgrove, Deidre Michell, 2018-08-10 This book draws on archival oral history and public policy sources to tell a history of foster care in Australia from the nineteenth century to the present day It is primarily a social history which places the voices of people directly touched by foster care at the centre of the story but also within the wider social and political debates which have shaped foster care across more than a century The book confronts foster care s difficult past death and abuse of foster children family separation and a general public apathy towards these issues but it also acknowledges the resilience of people who have survived a childhood in foster care and the challenges faced by those who have worked hard to provide good foster homes and to make child welfare systems better These are themes which the book examines from an Australian perspective but which often resonate with foster care globally **Condemned** Graham Seal, 2021-01-01 A powerful account of how coerced migration built the British Empire In the early seventeenth century Britain took ruthless steps to deal with its unwanted citizens forcibly removing men women and children from their homelands and sending them to far flung corners of the empire to be sold off to colonial masters This oppressive regime grew into a brutal system of human bondage which would continue into the twentieth century Drawing on firsthand accounts letters and official documents Graham Seal uncovers the traumatic struggles of those shipped around the empire He shows how the earliest large scale kidnapping and transportation of children to the American colonies were quickly bolstered with shipments of the

poor criminal and rebellious to different continents including Australia From Asia to Africa this global trade in forced labor allowed Britain to build its colonies while turning a considerable profit Incisive and moving this account brings to light the true extent of a cruel strand in the history of the British Empire **The Pulpit Orator** Johann Evangelist Zollner,1884

Toni Morrison and Literary Tradition Justine Baillie,2013-09-26 Covering her essays short stories and dramatic works as well as her novels this is a comprehensive study of Morrison s place in contemporary American culture Transitional Justice and the Historical Abuses of Church and State James Gallen,2023-03-30 In this book James Gallen provides an in depth evaluation of the responses of Western States and churches to their historical abuses from a transitional justice perspective Using a comparative lens this book examines the application of transitional justice to address and redress the past in Ireland Australia Canada the United States and United Kingdom It evaluates the use of public inquiries and truth commissions litigation reparations apologies and reconciliation in each context to address these abuses Significantly this novel analysis considers how power and public emotions influence and often impede transitional justice s ability to address historical structural injustices In addressing historical abuses power fails to be redistributed and national and religious myths are not reconsidered leading Gallen to conclude that the existing transitional justice efforts of states and churches remain an unrepentant form of justice This title is also available as Open Access on Cambridge Core **Children's Ministry and the Spiritual Child** Robin Turner,2023-06-06 God is at work in the lives of children Most ministers are looking for inspiration but feel overwhelmed Children s Ministry and the Spiritual Child offers practical tools with evidence based research in an easy to read format perfect for engaging and equipping passionate yet busy children s ministry leaders Learn from the wisdom and research of some of the leading thinkers in the field of children s spirituality about best practices of ministry in both personal and community settings Section 1 Reviews ways to engage a child s innate spiritual capacity Section 2 Considers the equipping role a family plays in a child s spiritual life Section 3 Outlines intergenerational involvement in a child s faith formation Section 4 Offers advice for care and compassion for children when trauma happens Section 5 Brings everything together with hands on ideas for putting the research to use *Dark Secret* Fred Smith,2019-03-27 Following the success of his engineering company and iron foundry James Williams made his fortune with the onset of railways during the Industrial Revolution James now also owns a hotel and enjoys a happy life with his wife Ruth But darkness lingers on the horizon as an apparent serial killer terrorizes the small township of South Downesmere Several citizens are in the grip of fear as they hold the key to this killer s identity but can t or won t volunteer vital information James seeks to reveal the perpetrator at any cost *Dark Secret* blends elements of historical fiction with an exciting thriller told above the backdrop of the Industrial Revolution resulting in a compelling mystery that will keep readers guessing until the very end
