Acts Gerald L. Stevens, 2016-04-05 This analysis of Luke's post ascension story of Jesus challenges orthodoxies in the interpretation of Acts and Paul Carefully constructed narrative arguments from within the story in Acts use the themes of Pentecost the Hellenists and the character development of Saul Paul to reveal Luke's insight that the future of the Jesus story is in the Hellenist movement realizing the promise of Pentecost in Israel These Hellenists are at odds with the Jerusalem church on the implications of the outpoured Spirit of Pentecost Further the Saul Paul of Acts is not what most readers presume from Paul's letters For Luke Paul finds his narrative significance in Acts only within the Hellenist movement and Pentecost fulfillment Paul himself becomes Luke's premier example of the God active God resisted theme of the speech of Stephen that drives the plot of Acts This plot mechanism provides illuminating exegesis of Paul's insistence on going to Jerusalem from Ephesus with its dramatic conclusion in the shipwreck of Paul Stevens concludes by integrating the ending of Acts into Luke's three major themes and overall narrative strategy an impressive compelling and thoroughly fresh reading of Acts

Paul's Letter to the Philippians in the Light of Disunity in the Church Davorin Peterlin, 2014-04-09 This volume discusses the development of disunity in the Philippian church as the occasion for Paul's response in his letter The first part of the book examines references and allusions to strife among the Philippians and tension between them and Paul It demonstrates the pervasiveness of the theme of disunity in most sections of the letter The second part correlates these findings with sections of the letter dealing with the Philippians financial support for Paul It treats such topics as Paul's attitude to money and the sociological composition of the church The book's aim is to draw attention to social and non theological aspects of the Philippian situation and make a contribution to a more theological study of Philippians

2 Timothy and Titus Aída Besançon Spencer, 2014-05-16 A thorough and insightful commentary on Paul's letter to his coworker Timothy which the apostle wrote before and during Nero's persecution Spencer carefully examines each part of the letter and relates it to the overall flow of the argument and in light of the larger biblical

historical social and cultural contexts How Paul's writing related to the ancient communities is highlighted in the light of original data gleaned from her explorations on location in Crete Ephesus and Rome In addition Paul's rhetorical and ministry strategies especially as they relate to women and their role in the church are explored Throughout Spencer presents an in depth exegesis in a readable format enhanced by forty years of ministry *Murmuring Against Moses: The Contentious History and Contested Future of Pentateuchal Studies* Jeffrey L. Morrow, John Bergsma, 2023-01-26 For much of the history of both Judaism and Christianity the Pentateuch first five books of the Bible was understood to be the unified work of a single inspired author Moses Yet the standard view in modern biblical scholarship contends that the Pentateuch is a composite text made up of fragments from diverse and even discrepant sources that originated centuries after the events it purports to describe In *Murmuring against Moses* John Bergsma and Jeffrey Morrow provide a critical narrative of the emergence of modern Pentateuchal studies and challenge the scholarly consensus by highlighting the weaknesses of the modern paradigms and mustering an array of new evidence for the Pentateuch's antiquity By shedding light on the past history of research and the present developments in the field Bergsma and Morrow give fresh voice to a growing scholarly dissatisfaction with standard critical approaches and make an important contribution toward charting a more promising future for Pentateuchal studies Paul and Matthew Among Jews and Gentiles Ronald Charles, 2020-12-10 Terence L Donaldson's scholarship in the field of New Testament studies is vital as he has pressed scholars to pay closer attention to the complex relations between early Christ followers who were mostly non Jews and the Jewish matrix from which the narrative of the Christian proclamation comes from This volume allows prominent New Testament scholars to engage Donaldson's contributions both to sharpen some of his conclusions and to honour him for his work These essays are located at the intersections of three bodies of literature Matthew Paul and Second Temple Jewish Literature and themes and questions that have been central to Donaldson's work Christian Judaism and the Parting of the Ways Gentiles in Judaism and early Christianity Anti Judaism in early Christianity With contributions ranging from remapping Paul within Jewish ideologies and Paul among friends and enemies to socio cultural readings of Matthew and construction of Christian Identity through stereotypes of the Scribes and Pharisees this book provides a multi scholar tribute to Donaldson's accomplishments
