Cole, Stanislaw J. Frankowski, Marc G. Gertz, 1987 This second edition of *Major Criminal Justice Systems* significantly advances our understanding of the variety of approaches to criminal justice systems used throughout the world. As in the first edition, three types of legal systems are defined: common civil and socialist and cross-cultural comparisons are made of each type of system. Chapters are written by experts on the criminal justice system of each country. A new chapter on Nigeria broadens the discussion to present a Third World perspective. The contributors provide new data, keeping the description of procedures consistent with present practices and offer a new focus on the social science literature on criminal justice. An extensive bibliography will prove to be a useful tool for students. **Monographic Series Library of Congress, 1982** *Family Relationships in Later Life* Timothy H.
