Major Works Of Sri Aurobindo:

The Essential Aurobindo Sri Aurobindo, 2001 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark's Gospel Six Pillars Robert McDermott, 2012 Sri Aurobindo 1872-1950 was one of the great twentieth century figures of India Over the course of his lifetime he helped India's struggle for freedom and became a leading yogi philosopher and poet of his time and culture In his teaching Sri Aurobindo went well beyond Eastern philosophy and religion synthesizing it with Western traditions even spending two years of his youth at Loreto Convent in Darjeeling West Bengal In 1879 Aurobindo and his two elder brothers were taken to Manchester England for a European education and placed in the care of Rev Drewett an Anglican clergy and his wife In 1884 Aurobindo joined St Paul's School where he learned Greek and Latin and spent three years studying literature especially English poetry By 1910 Sri Aurobindo's focus was directed entirely toward spirituality and he settled in Pondicherry India where he taught wrote and published his greatest works His spiritual vision extended beyond the perfection and transformation of the individual to include the evolution and transformation of human society According to his teaching a true solution to humanity's problems arises from a radical transformation of human life into a form of divine existence The one aim of my yoga is an inner self development by which each one who follows it can in time discover the One Self in all and evolve a higher consciousness than the mental a spiritual and supramental consciousness which will transform and divinize human nature Sri Aurobindo For everyone interested in the philosophical and spiritual vision of the great Indian thinker Sri Aurobindo the revolutionary turned yogi this outstanding collection of masterly introductions first published in 1974 offers original reflections and interpretations of Sri Aurobindo's six major works all written by distinguished scholars of religion and philosophy rather than devotees Long out of print and difficult to find Six Pillars is again available for contemporary readers Contents Foreword by Ursula King John Collins Savitri Poetic Expression of Spiritual Experience Thomas Berry The Foundations of Indian Culture its Contemporary Significance Thomas J Hopkins The Vision of the Purushottama in Essays on the Gita J Bruce Long A New Yoga for a New Age A Critical Introduction to The Synthesis of Yoga Eugene Fontinell A Pragmatic Approach to the Human Cycle Robert McDermott The Life Divine Sri Aurobindo's Philosophy of Evolution and Transformation Introductions to the Major Works of Sri Aurobindo provides readers

with a portal into the thinking of one of India's greatest figures of past century Aurobindo the revolutionary turned yogi was a puzzle to his contemporaries and remained one to later generations This is probably still true today But puzzles are there to be solved These essays can help to do that They dissolve some of the enigmas that surround Sri Aurobindo even though not answering all our questions They provide much substance for thought and further discussion and invite us to gain a deeper familiarity with one of the great minds of modern India whose inspiring spiritual message can transform one's life and help to change the world Ursula King from the foreword Six Pillars Robert A. McDermott, 1974 The Hour of God Sri Aurobindo, 1959-08-15 The pieces collected together in this book were written by Sri Aurobindo between 1910 and 1940 None of them were published during his lifetime none received the final revision he gave to his major works Most of the pieces were first printed in various journals published by the Ashram and subsequently in the different editions of *The Hour of God* beginning with the first edition 1959 In reading these essays one gets the very distinct feeling that the author really does know whereof he speaks Here we are able to sit in his lap and listen as he fabricates one description after another of the ineffable and explains how we too can share in the realization awaiting us at the end of what seems in the clarity of his vision to be not such an arduous path It is not that he ever says that the way is easy quite the contrary but the certainty with which he speaks seems to put it into reach The Hour Of God Sri Aurobindo, 2016-06-05 *The Hour Of God* by Sri Aurobindo A collection of short stories pieces on some of the principal concepts of Sri Aurobindo's philosophy and yoga *Major Works of Sri Aurobindo* Sri Aurobindo, 1996-10 The 22 volume set of the major works of Sri Aurobindo However this set does not contain all his works Karmayogin Sri Aurobindo, 2016-07-31 This volume consists primarily of articles originally published in the nationalist newspaper Karmayogin between June 1909 and February 1910 It also includes speeches delivered by Sri Aurobindo in 1909 The aim of the newspaper was to encourage a spirit of nationalism to help India recover her true heritage and remould it for her future Its view was that the freedom and greatness of India were essential to fulfilling her destiny to lead the spiritual evolution of humanity *The Life Divine* Sri Aurobindo, 2016-05-29 *The Life Divine* by Sri Aurobindo It's a major philosophical work of Sri Aurobindo Sri Aurobindo presents a theory of evolution which will culminate in the transformation of the human being and the advent of a divine life upon earth **Readings in Sri Aurobindo's The Synthesis of Yoga Volume 2** Santosh Krinsky, 2017-01-07 Santosh Krinsky has endeavoured to make Sri Aurobindo's teachings relevant and readable to the very different audience today without compromising the essence of this teaching The Synthesis of Yoga in four volumes of which this current book is the second focusing on The Yoga of Knowledge He clearly explains Aurobindo's vision of Yoga in the world today and the many sided approach that is needed to make it work in our daily lives Lights on Yoga Sri Aurobindo, 2016-05-29 This book contains extracts from letters written by Sri Aurobindo to his disciples in answer to their queries In the letters he explains his teaching and method of spiritual practice and addresses some of the difficulties and problems that the disciples were encountering
