insightful readings of six experimental postmodern African American texts John Edgar Wideman's Philadelphia Fire Percival Everett's Erasure Toni Morrison's Jazz Bonnie Greer's Hanging by Her Teeth Clarence Major's Reflex and Bone Structure and Xam Wilson Cartier's Muse Echo Blues Using traditional cultural and western forms including the blues jazz voodoo virtuality radical democracy Jungian African American Collective Unconscious Yoruba gods black folk culture and black working class culture Hogue reveals that these authors uncover spaces with different definitions of life that still retain a wildness and have not been completely mapped out and trademarked by normative American culture Redefining the African American novel and the African American outside the logic rules and values of western binary reason these writers leave open the possibility of psychic liberation of African Americans in the West The Little Magazine in Contemporary America Ian Morris, Joanne Diaz, 2015-04-09 Little magazines have often showcased the best new writing in America Historically these idiosyncratic small circulation outlets have served the dual functions of representing the avant garde of literary expression while also helping many emerging writers become established authors Although changing technology and the increasingly harsh financial realities of publishing over the past three decades would seem to have pushed little magazines to the brink of extinction their story is far more complicated In this collection Ian Morris and Joanne Diaz gather the reflections of twenty three prominent editors whose little magazines have flourished over the past thirty five years Highlighting the creativity and innovation driving this diverse and still vital medium contributors offer insights into how their publications sometimes succeeded sometimes reluctantly folded but mostly how they evolved and persevered Other topics discussed include the role of little magazines in promoting the work and concerns of minority and women writers the place of universities in supporting and shaping little magazines and the online and offline future of these publications Selected contributors Betsy Sussler BOMB Lee Gutkind Creative Nonfiction Bruce Andrews L A N G U A G E Dave Eggers McSweeney's Keith Gessen n 1 Don Share Poetry Jane Friedman VQR Amy Hoffman Women's Review of Books and more **Gayl Jones** Casey Clabough, 2008-08-29 Gayl Jones is dedicated to the art of verbal authenticity stemming from her identification with her African American heritage Amid widespread critical praise as well as pointed attacks for her controversial first two novels Jones has shown a constantly evolving cultural consciousness This first single author study of Gayl Jones recovers the work of an under examined yet immensely skillful contemporary writer It offers a thorough examination of her technical innovations as well as her willingness to explore controversial subject matter The book addresses such crucial themes as Afrocentrism diasporas mythopoesis post colonialism and globalization and offers close readings of the aesthetic and political interchanges within Jones's fiction drama poetry and criticism Two interviews with Gayl Jones are included **Perspectives on Percival Everett** Keith B. Mitchell, Robin G. Vander, 2013 Percival Everett writes novels short stories poetry and essays and is one of the most prolific acclaimed yet under examined African American writers working today Although to date Everett has published eighteen novels three collections of short fiction three poetry collections and one children's book his work has not

garnered the critical attention that it deserves Perhaps one of the most vexing problems black and white scholars have had in trying to situate Everett's work is that they have found it difficult to place him and his work within a prescribed African American literary tradition Because he happens to be African American critics have expectations of so called authentic African American fiction however his work often thwarts these expectations In Perspectives on Percival Everett scholars engage all of his creative production On the one hand Everett is an African American novelist On the other hand he pursues subject matters that seemingly have little to do with African American culture The operative word here is seemingly for as these essays demonstrate Everett's works falls well within as well as outside of what most critics would deem the African American literary tradition These essays examine issues of identity authenticity and semiotics in addition to postmodernism and African American and American literary traditions issues essential to understanding his aesthetic and political concerns

Among the Bloodpeople Thomas Glave, 2025-07-01 Concerns with human rights political oppression sexuality race and Jamaican culture thematically connect these essays This is a collection that will leave you with chills you will return to it not only for its sheer beauty but also for its raw honesty pain and passion Lambda Literary Report With an introduction by Pulitzer Prize winning poet Yusef Komunyakaa Thomas Glave has been admired for his unique style and exploration of taboo politically volatile topics The award winning author's new collection Among the Bloodpeople contains all the power and daring of his earlier writing but ventures even further into the political the personal and the secret Each essay in the volume reveals a passionate commitment to social justice and human truth Whether confronting Jamaica's prime minister on antigay bigotry contemplating the risks and seductions of outlawed sex exploring a world of octopuses and men performing somersaults in the Caribbean Sea or challenging repressive tactics employed at the University of Cambridge Glave expresses the observations of a global citizen with the voice of a poet *African American Pride* Tyehimba Jess, 2003 There are nearly 35 million African Americans in the U S today This volume gives 101 reasons to be proud of being African American *Latin American Women Writers* Kathy S.
