Making History For Stalin The Story Of The Belomor Canal:

Making History for Stalin Cynthia Ann Ruder, 1998 A fascinating work Given the growing interest in the Stalin period among historians and literary scholars this work is truly cutting edge Catharine T Nepomnyaschy Barnard College The Belomor Canal exalted in the 1930s by the Stalinist press came to symbolize what was morally deplorable in Stalinism Making the story available for the first time in English Cynthia Ruder reconstructs the Canal project as a pivotal social political historical and most important literary event Built with forced labor the Belomor project has been a forbidden topic for half a century With access to recently opened archives and to interviews with Canal construction survivors themselves Ruder examines the project and its attendant literary works drama poetry novels and the collectively written History of the Construction of the Stalin White Sea Baltic Canal to create an unusually broad understanding of Stalinist culture She argues that the project was the first to institutionalize the philosophy of perekovka the idea that a new people who personify the Soviet Union in action and deed could be created through forced labor and ideological reeducation As both a construction project and a literary event Belomor was characterized by contradictions enthusiasm versus revulsion good will versus cynicism self destruction versus self preservation and scorn for the West versus a desperate hunger to impress it Ruder shows that these juxtapositions capture the tension that infused many other events at the time turning Belomor into a microcosm of life and literature in Soviet Russia Cynthia A Ruder is a lecturer in Russian at Bryn Mawr College She has published work in Russian Literature and American Approaches to Russian Language Pedagogy The Soviet Writers' Union and Its Leaders Carol Any, 2020-10-15 Winner University of Southern California Book Prize in Literary and Cultural Studies The Soviet Writers Union offered writers elite status and material luxuries in exchange for literature that championed the state This book argues that Soviet ruler Joseph Stalin chose leaders for this crucial organization such as Maxim Gorky and Alexander Fadeyev who had psychological traits he could exploit Stalin ensured their loyalty with various rewards but also with a philosophical argument calculated to assuage moral qualms allowing them to feel they were not trading ethics for self interest Employing close textual analysis of public and private documents including speeches debate transcripts personal letters and diaries Carol Any exposes the misgivings of Writers Union leaders as well as the arguments they constructed when faced with a cognitive dissonance She tells a dramatic story that reveals the interdependence of literary policy communist morality state sponsored terror party infighting and personal psychology This book will be an important reference for scholars of the Soviet Union as well as anyone interested in identity the construction of culture and the interface between art and ideology Engineers of the Soul Frank Westerman, 2012-08-07 A fascinating account of how Gorky Pasternak and other great writers were coerced to create propaganda for Stalin Cleveland Plain Dealer Sunday Times Best Travel Book of the Year In the Soviet Union writers of renown described by Stalin as engineers of the soul were encouraged to sing the praises of canal and dam construction under titles such as Energy The Hydraulic Power Station and

Onward Time But their enthusiasm spontaneous and idealistic at first soon became obligatory and as these colossal waterworks led to slavery and destruction Soviet writers such as Maxim Gorky Isaak Babel Konstantin Paustovsky and Boris Pasternak were forced to labor on in the service of a deluded totalitarian society Combining investigative journalism with literary history *Engineers of the Soul* is a journey through contemporary Russia and Soviet era literature Frank Westerman a correspondent living in post Communist Moscow examines both the culture landscape under Stalin's rule and the books and lives of writers caught in the wheels of the Soviet system as art and reality were bent to radically new purposes Engagingly written and extensively researched the book covers compelling historical and literary ground Financial Times A detailed and enthralling account of his journey through Soviet literature including discovering the revolution's best kept secrets while trying to appreciate the talented writers who created a web of deceit in the name of success Publishers Weekly A literary travelogue revealing a remarkable geography and a strange fraught alliance when the pen was not as mighty as the hammer and sickle of the Soviet Union insightful Kirkus Reviews

The Cambridge History of the Polar Regions Adrian Howkins, Peder Roberts, 2023-05-11 The Cambridge History of the Polar Regions is a landmark collection drawing together the history of the Arctic and Antarctica from the earliest times to the present Structured as a series of thematic chapters an international team of scholars offer a range of perspectives from environmental history the history of science and exploration cultural history and the more traditional approaches of political social economic and imperial history The volume considers the centrality of Indigenous experience and the urgent need to build action in the present on a thorough understanding of the past Using historical research based on methods ranging from archives and print culture to archaeology and oral histories these essays provide fresh analyses of the discovery of Antarctica the disappearance of Sir John Franklin the fate of the Norse colony in Greenland the origins of the Antarctic Treaty and much more This is an invaluable resource for anyone interested in the history of our planet

Behind Barbed Wire Alexander Mikaberidze, 2018-11-26 An indispensable reference on concentration camps death camps prisoner of war camps and military prisons offering broad historical coverage as well as detailed analysis of the nature of captivity in modern conflict This comprehensive reference work examines internment forced labor and extermination during times of war and genocide with a focus on the 20th and 21st centuries and particular attention paid to World War II and recent conflicts in the Middle East It explores internment as it has been used as a weapon and led to crimes against humanity and is ideal for students of global studies history and political science as well as politically and socially aware general readers In addition to entries on such notorious camps as Abu Ghraib Andersonville Auschwitz and the Hanoi Hilton the encyclopedia includes profiles of key perpetrators of camp and prison atrocities and more than a dozen curated and contextualized primary source documents that further illuminate the subject Primary sources include United Nations documents outlining the treatment of prisoners of war government reports of infamous camp and prison atrocities and oral histories from survivors of these notorious facilities

The Whisperers Orlando Figes, 2008-11-25

From the award winning author of *A People's Tragedy* and *Natasha's Dance* a landmark account of what private life was like for Russians in the worst years of Soviet repression There have been many accounts of the public aspects of Stalin's dictatorship the arrests and trials the enslavement and killing in the gulags No previous book however has explored the regime's effect on people's personal lives what one historian called the Stalinism that entered into all of us Now drawing on a huge collection of newly discovered documents *The Whisperers* reveals for the first time the inner world of ordinary Soviet citizens as they struggled to survive amidst the mistrust fear compromises and betrayals that pervaded their existence Moving from the Revolution of 1917 to the death of Stalin and beyond Orlando Figes re-creates the moral maze in which Russians found themselves where one wrong turn could destroy a family or perversely end up saving it He brings us inside cramped communal apartments where minor squabbles could lead to fatal denunciations he examines the Communist faithful who often rationalized even their own arrest as a case of mistaken identity and he casts a humanizing light on informers demonstrating how in a repressive system anyone could easily become a collaborator A vast panoramic portrait of a society in which everyone spoke in whispers whether to protect their families and friends or to inform upon them *The Whisperers* is a gripping account of lives lived in impossible times *Photographic Literacy* Katherine M. H. Reischl, 2018-12-15

Photography introduced to Russia in 1839 was nothing short of a sensation Its rapid proliferation challenged the other arts including painting and literature as well as the very integrity of the self If Leo Tolstoy and Fyodor Dostoevsky greeted the camera with skepticism in the nineteenth century numerous twentieth century authors welcomed it with a warm embrace As Katherine M H Reischl shows in *Photographic Literacy* authors as varied as Leonid Andreev Ilya Ehrenburg and Alexander Solzhenitsyn picked up the camera and reshaped not only their writing practices but also the sphere of literacy itself For these authors a single photograph or a photograph as illustration is never an endpoint their authorial practices continually transform and animate the frozen moment But just as authors used images to shape the reception of their work and selves Russian photographers including Sergei Prokudin-Gorsky and Alexander Rodchenko used text to shape the reception of their visual work From the diary to the literary word imbues that photographic moment with a personal life story and frames and reframes it in the writing of history In this primer on photographic literacy Reischl argues for the central place that photography has played in the formation of the Russian literary imagination over the course of roughly seventy years From image to text and back again she traces the visual consciousness of modern Russian literature as captured through the lens of the Russian author photographer *Linking Networks: The Formation of Common Standards and Visions for*

Infrastructure Development Hans-Liudger Dienel, 2016-05-06 Presenting recent research on the international integration of infrastructures in Europe this book combines general and methodological chapters and examples from different a variety of sectors such as transport electricity and communication networks Particular focus is on the contrast between the Europe of nation states of the nineteenth century up to 1914 and the emerging integrated Europe after World War II Additional

contributions provide perspectives from beyond Europe The wide range of topics gives a good overview of the different challenges posed and the strategies employed in each sector to establish internationally compatible networks procedures and standards This work strengthens comparative research as a complement to the detailed analysis of singular cases that often characterises previous works in this field Methodologically it therefore contributes to the progress of tools and strategies for comparative historical research Part of the emerging research area dealing with the mechanisms of international collaboration this book brings together recent research from European integration history policy studies political economy and cultural studies Considering the growing intensity of international collaboration and exchange in many parts of social and economic life it is also of topical interest Memory and Postwar Memorials M. Silberman,F. Vatan,2013-12-04 The twentieth century witnessed genocides ethnic cleansing forced population expulsions shifting borders and other disruptions on an unprecedented scale This book examines the work of memory and the ethics of healing in post authoritarian societies that have experienced state perpetrated violence *Zhivago's Children* Vladislav Martinovich Zubok,Vladislav Zubok,2011-11-30 This is an in depth history of the cultural and intellectual evolution of the intelligentsia in Russia from Stalin s death in 1953 to the collapse of the Soviet Union in 1991
