Introductions by H.M. Christman and M.R. Werner** Fiorello Henry La Guardia, 1948 *The Making of an Insurgent. An Autobiography, Etc. [A Reduced Photographic Reprint of the Edition of 1948.].* Fiorello Henrico LA GUARDIA, 1961 *The making of an insurgent* Fiorello H. LA GUARDIA, 1961 *An Autobiography* Fiorello H. La Guardia, 1961 *The Insurgent's Dilemma* David H. Ucko, 2022-06-01 Despite attracting headlines and hype insurgents rarely win Even when they claim territory and threaten governmental writ they typically face a military backlash too powerful to withstand States struggle with addressing the political roots of such movements and their military efforts mostly just mow the grass yet for the insurgent the grass is nonetheless mowed and the armed project must start over This is the insurgent's dilemma the difficulty of asserting oneself of violently challenging authority and of establishing sustainable power In the face of this dilemma some insurgents are learning new ways to ply their trade With subversion spin and disinformation claiming centre stage insurgency is being reinvented to exploit the vulnerabilities of our times and gain new strategic salience for tomorrow As the most promising approaches are refined and repurposed what we think of as counterinsurgency will also need to change *The Insurgent's Dilemma* explores three particularly adaptive strategies and their implications for response

These emerging strategies target the state where it is weak and sap its power sometimes without it noticing There are options for response but fresh thinking is urgently needed about society legitimacy and political violence itself **I Never Did Like Politics** Terry Golway,2024-02-20 In our current dismal passage of American politics it s exhilarating to read about a politician who exemplified all the qualities courage honesty vision energy disdain for hypocrisy concern for the downtrodden that we were taught to revere Remarkable Wall Street Journal Fiorello LaGuardia was one of the twentieth century s most colorful politicians on the New York and national stage He was also quintessentially American the son of Italian immigrants who rose in society through sheer will and chutzpah Almost one hundred years later America is once again grappling with issues that would have been familiar to the Little Flower as he was affectionately known It s time to bring back LaGuardia argues historian and journalist Terry Golway to remind us all what an effective municipal officer as he preferred to call himself can achieve Golway examines LaGuardia s extraordinary career through four essential qualities As a patriot a dissenter a leader and a statesman He needed them all when he stood against the nativism religious and racial bigotry and reactionary economic policies of the 1920s and again when he faced the realities of Depression era New York and the rise of fascism at home and abroad in the 1930s Just before World War II the Roosevelt administration formally apologized to the Nazis when LaGuardia referred to Hitler as a brown shirted fanatic There was nobody quite like Fiorello LaGuardia In this immensely readable book as entertaining as the man himself Terry Golway captures the enduring appeal of one of America s greatest leaders Understanding Insurgent Resilience Andrew Henshaw,2020-07-30 This book examines terrorist and insurgent organisations and seeks to understand how such groups persist for so long while introducing a new strategic doctrine for countering these organisations The work discusses whether familial or meritocratic insurgencies are more resilient to counterinsurgency pressures It argues that it is not the type of organization that determines resilience but rather the efficiency functions of social capital and trust which have different natures and forms within them It finds that while familial insurgencies can challenge incumbents from the start they weaken over time whereas meritocracies will generally strengthen The book examines four of the most enduring and lethal insurgent organizations the Haqqani Network in Afghanistan Lashkar e Taiba in Pakistan Jemaah Islamiyah in Indonesia and the Abu Sayyaf in the Philippines The author breaks down each group into its formative strengths and vulnerabilities and presents a bespoke model of strategic counterintelligence that can be used to manipulate degrade and destroy each organization This book will be of much interest to students of counterinsurgency terrorism intelligence security and defence studies in general *Defenseless Under the Night* Matthew Dallek,2016-06-02 Even before the attack on Pearl Harbor Americans feared an invasion or attack would occur on US soil In this timely and authoritative book Matthew Dallek narrates the creation of a federal agency the Office of Civilian Defense founded to protect the homeland Insurgent Aesthetics Ronak K. Kapadia,2019-10-25 In *Insurgent Aesthetics* Ronak K Kapadia theorizes the world making power of contemporary art responses to US militarism in the Greater

Middle East He traces how new forms of remote killing torture confinement and surveillance have created a distinctive post 9 11 infrastructure of racialized state violence Linking these new forms of violence to the history of American imperialism and conquest Kapadia shows how Arab Muslim and South Asian diasporic multimedia artists force a reckoning with the US war on terror s violent destruction and its impacts on immigrant and refugee communities Drawing on an eclectic range of visual installation and performance works Kapadia reveals queer feminist decolonial critiques of the US security state that visualize subjugated histories of US militarism and make palpable what he terms the sensorial life of empire In this way these artists forge new aesthetic and social alliances that sustain critical opposition to the global war machine and create alternative ways of knowing and feeling beyond the forever war Sanctuary And Survival Rex Brynen,2019-07-11 This book analyses the Palestine Liberation Organization s PLO Lebanese era and its aftermath of the changing position of the Palestinian nationalist movement in Lebanon It presents the PLO s efforts to maintain for itself a secure political and military base of operations in Lebanon **Insurgent Play** Duncan McDuie-Ra,2025-07-08 Insurgent Play Social worlds of urban disruption explores play as a transgressive expression that counters the existing urban order neoliberal authoritarian militarised Insurgent play is disruptive yet through disruption it brings social worlds into being undergirds global subcultures and overcomes hostile urban environments characterised by ever diminishing spaces for free expression Acts of insurgent play are claims on space lasting from brief moments to years animating patches of the city designed for commercial industrial and logistical imperatives Even in public spaces designed for leisure and play insurgent play brings different expressions at different speeds transgressing designated uses and bodily expectations Through insurgent play people find belonging in the city especially for those excluded from other spaces based on race class sexuality and citizenship As such stories of insurgent play are stories of alternative ways of inhabiting cities stemming from the widespread human desire and need for play for joy and for sociality Insurgent Play draws upon examples from street skateboarding Street skateboarding disrupts the city in the pursuit of play enlivens patches of space through temporary claims and initiates encounters with authorisers property owners and citizens gravid with hostility with instants of wonder Insurgence is a way of being and the desire for insurgent play cannot be placated by better urban planning or formal expertise Nor will multiplying designated play spaces creative precincts and flexible public spaces stop people seeking out space to create their own worlds of disruption The book makes four arguments First insurgent play is bodily expression that can challenge disrupt and transgresses dominant ways of city making Second insurgent play takes us to parts of the urban landscape that we might not otherwise go politics we might not otherwise recognise and encounters we might otherwise overlook Third claims on the city made through insurgent play enliven urban space through transformative power In this way these claims territorialise patches of the built environment intended for other uses Last insurgent play space is generated from below never above Insurgent play shapes and is shaped by identities that position adherents in opposition to prevailing urban orders **The Message Matters** Lynn

Vavreck,2009-07-06 The economy is so powerful in determining the results of U S presidential elections that political scientists can predict winners and losers with amazing accuracy long before the campaigns start But if it is true that it s the economy Stupid why do incumbents in good economies sometimes lose The reason Lynn Vavreck argues is that what matters is not just the state of the economy but how candidates react to it By demonstrating more precisely than ever before how candidates and their campaigns affect the economic vote *The Message Matters* provides a powerful new way of understanding past elections and predicting future ones Vavreck examines the past sixty years of presidential elections and offers a new theory of campaigns that explains why electoral victory requires more than simply being the candidate favored by prevailing economic conditions Using data from presidential elections since 1952 she reveals why when and how campaign messages make a difference and when they can outweigh economic predictors of election outcomes *The Message Matters* does more than show why candidates favored by the economy must build their campaigns around economic messages Vavreck s theory also explains why candidates disadvantaged by the economy must try to focus their elections on noneconomic issues that meet exacting criteria and why this is so hard to do *The Bajío Revolution* John Tutino,2025-07-18 John Tutino examines how popular insurgents reshaped Mexico the US and global capitalism during the nineteenth century

Handbook on Gender and Cities Linda Peake,Anindita Datta,Grace Adeniyi-Ogunyankin,2024-10-03 This Handbook acts as a state of the art foundation for the field of gender and cities scholarship through in depth assessments of the latest research within key areas of feminist urban academia Multidisciplinary in its scope editors Linda Peake Anindita Datta and Grace Adeniyi Ogunyan bring together over 60 feminist scholars to present contemporary research in this important field of study
