Making Of Mark Scriptural Bases Of The Earliest Gospel Vol Ii:

Chronos, Kairos, Christos II Ray Summers, Jerry Vardaman, 1998 Christian theologian and educator Ray Summers Baylor University influenced the lives of more than one generation of students many of whom are now teachers ministers and missionaries This collection of essays in honor of Mr Summers focuses on his many interests which are also concerns of many people today liberty of conscience civil religion warfare the New Testament especially the Gospels and other topics A History of the Quests for the Historical Jesus, Volume 2 Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates *The Disciples According to Mark* Carl Clifton Black, 1989-01-01 Mark's presentation of the disciples is the exegetical focus of this investigation of the validity of the redaction critical method in the interpretation of the Second Gospel From a comprehensive review of recent scholarship Black identifies three distinctive types of redaction critical research in Markan discipleship The contributions of Robert Meyer Ernest Best and Theodore Weeden are selected as representative of these types and their particular assumptions procedures and conclusions are systematically explored Black concludes that the diverse redaction critical interpretations of the disciples in Mark function at the behest not of exegetical method but of the presuppositions of each exegete The value of Markan redaction criticism for controlling interpretative assumptions and generating trustworthy interpretations is seriously impugned A detailed analysis of six recent attempts to refine the use of redaction criticism within Mark bolsters the main argument Black offers an assessment of the benefits and limitations of the redaction critical perspective and of its raison d'être in contemporary

Gospel scholarship The volume concludes by proposing a synthetic methodological model for Markan interpretation to which the chastened appreciation of redaction criticism may contribute *Luke and Scripture* Craig A. Evans, James A. Sanders, 2001-05-04 This is a fascinating lucidly presented work offering fresh insights into a number of key passages in the Gospel and showing the fruitfulness of examining Luke's usage in the light of Judaism Whatever their level of expertise students of Luke and of the use of Scripture in Scripture will find useful and challenging material in this comprehensive volume I Howard Marshall King's College Luke and Scripture is an important contribution to the study of comparative midrash and the role and function of authoritative sacred tradition in the life of the early Christian community This book sharpens the definition of midrash criticism in relation to other methods both in theory and practice and in the process sheds further light on Luke's understanding of Jesus the origin of early Christianity and his own experience in terms of Israel's sacred tradition and institutions Mikeal C Parsons Baylor University **The Way of the Lord** Joel Marcus, 2004-11-09 The New Testament's messianic interpretation of the Old is an important key to its theology This book examines the way the author of the Gospel of Mark uses the Old Testament to convey the identity of Jesus Is This Not The Carpenter? Thomas L. Thompson, Thomas S. Verenna, 2017-09-19 The historicity of Jesus is now widely accepted and hardly questioned by most scholars But this assumption disarms biblical texts of much of their power by privileging an historical interpretation which effectively sweeps aside much theological speculation and allusion Furthermore the assumption of historicity gathers further assumptions to it shaping the interpretation of texts both denying and adding subtext Scholars are now faced with an endless array of works on the historical Jesus and few question what has been lost through this wide spread assumption of historicity *Is This Not the Carpenter* presents a very valuable corrective a literary rereading of the New Testament *Jesus and the Missional Movement in Galilee* Sun Wook Kim, 2019-07-10 In New Testament scholarship the study of space has been underrepresented in comparison with the study of time While Jesus' life and ministry have been intensively explored in terms of eschatology i.e. with time significance space has tended to be treated as simply a given room or inactive backdrop where events took place Interest in the space where Jesus ministered has however gradually increased and space has received greater attention from sociological and literary perspectives In particular spatial investigations into the social circumstances of Galilee the place of origin of Jesus' missional movement have begun to attract serious scholarly attention The important functions of space in literature are also becoming better recognized spatial settings serve not only to generate atmosphere but also to disclose the purposes and themes of narratives This book explores Jesus' Galilean ministry in Mark 4:35-8:21 through the use of spatial analysis dividing space into three categories social geographical and allusive The study of each space discovers social literary and theological implications of Jesus' missional movement in Galilee **Jesus' Cry From the Cross** Holly J. Carey, 2009-05-28 Using a multi level approach to Mark 15:34 and contra to the opinion of the majority of Markan scholarship a contextual reading of Ps 22:2 does not serve to negate or dilute the presentation of Jesus as one in

distress Rather such a reading enhances this aspect of his death by underscoring his identity as a Righteous Sufferer who experiences suffering but has the promise of vindication The evidence that supports a contextual reading of the citation in the Markan narrative includes a the importance of Jesus impending resurrection vindication and its foreshadowing b the relatively consistent contextual use of the scriptures in the narrative prior to Mark 15 34 c the patterns of the textual and liturgical use of the psalms and the presence of the motif of the Righteous Sufferer in Mark s socio cultural milieu d the presentation of Jesus as the Righteous Sufferer throughout the narrative and e an exegesis of Mark 15 34 and the surrounding Markan passion resurrection narrative with regard to the function of Ps 22 in the story of Jesus death and resurrection A test case of this argument is undertaken at the close of the book when both Matthew and Luke s treatment of Ps 22 and other Righteous Sufferer language is considered regarding their readings of Ps 22 in Mark as the earliest tangible evidence of the interpretation of this passage in his gospel

The Enemy in the Household Caryn A. Reeder, 2012-02
Explores the family violence passages in Deuteronomy tracing their ancient interpretation and assessing their contemporary significance

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Resisting Jesus Mateus F. De Campos, 2021-08-04 Very likely the first of the four Gospels to be written Mark presents an intriguing and puzzling portrayal of the disciples with predominantly negative overtones In *Resisting Jesus* Mateus de Campos proposes that the evangelist s characterization should be understood under the rubric of resistance a willful disposition against Jesus self revelatory program and his discipleship prescriptions Utilizing a combination of narrative and intertextual analyses de Campos demonstrates that Mark s portrayal of resistance to Jesus follows a specific plot dynamic that finds its fundamental framework in the Scriptural depiction of YHWH s relationship with Israel The study provides fresh insights into how the evangelist s negative characterization of the disciples fosters a Scripturally informed

Battin,2022-07-21 What do Christian communities imagine when they think of themselves as church And how do these ecclesiological imaginations inform Christianity s past and present entanglements with violence and injustice *Intercommunal Ecclesiology* addresses these questions by examining the distinctive role intergroup dynamics play in shaping Christian collective behaviors against the other that are incongruent with Christian theological principles such as love of neighbor Through interdisciplinary engagement with social psychology systems theory biblical criticism and studies in the early history of Christianity this book makes a case for a theological re envisioning of the church at the three way intersection of an anthropology of intergroup dynamics a soteriology adequately rooted in God s historical salvation plan and a Christology sensitive to Christ s collective embodiment The book argues that within God s plan of historical salvation the church is supposed to function as God s communal response to intercommunal disunity a role it fulfills with integrity only when and where it enacts itself as a counterperformance to aggression conflict and indifference between human communities *The History of Scottish Theology, Volume II* David Fergusson,Mark Elliott,2019-09-12 This three volume work comprises over eighty essays surveying the history of Scottish theology from the early middle ages onwards Written by an international team of scholars the collection provides the most comprehensive review yet of the theological movements figures and themes that have shaped Scottish culture and exercised a significant influence in other parts of the world Attention is given to different traditions and to the dispersion of Scottish theology through exile migration and missionary activity The volumes present in diachronic perspective the theologies that have flourished in Scotland from early monasticism until the end of the twentieth century *The History of Scottish Theology* Volume I covers the period from the appearance of Christianity around the time of Columba to the era of Reformed Orthodoxy in the seventeenth century Volume II begins with the early Enlightenment and concludes in late Victorian Scotland Volume III explores the long twentieth century Recurrent themes and challenges are assessed but also new currents and theological movements that arose through Renaissance humanism Reformation teaching federal theology the Scottish Enlightenment evangelicalism missionary Biblical criticism idealist philosophy dialectical theology and existentialism Chapters also consider the Scots Catholic colleges in Europe Gaelic women writers philosophical scepticism the dialogue with science and the reception of theology in liturgy hymnody art literature architecture and stained glass Contributors also discuss the treatment of theological themes in Scottish literature *New Testament Abstracts* ,1986
