Spruill, 2018-08-28 The fascinating true story of the characters in Hulu's *Mrs America* and a broader portrait of the two women's movements that spurred an enduring rift between liberals and conservatives The many admirers of *Mrs America* will find great satisfaction in *Divided We Stand* a clear compelling and deeply insightful volume The Washington Post One of Smithsonian Magazine's Ten Best History Books of the Year In the early 1970s an ascendant women's rights movement enjoyed strong support from both political parties and considerable success but was soon challenged by a conservative women's movement formed in opposition Tensions between the two would explode in 1977 at the congressionally funded National Women's Conference in Houston Texas As Bella Abzug Gloria Steinem and other feminists endorsed hot button issues such as abortion rights the ERA and gay rights Phyllis Schlafly and Lottie Beth Hobbs rallied with conservative women to protest federally funded feminism and launch a pro family movement *Divided We Stand* reveals how crucial women and women's issues have been in the shaping of today's political culture After the National Women's Conference Democrats continued to back women's rights in cooperation with a more diverse feminist movement while the GOP abandoned its previous support for women's rights and defined itself as the party of family values irrevocably affecting the course of American politics [What It Was All About](#) Steven H. movement in politics and the media seemingly turns into a full fledged war specifically targeting the gains that women have achieved Opposition from traditional religions hardens and womens reproductive rights come under renewed attack the Equal Rights Amendment fails even as women themselves debate controversial questions such as banning pornography and how to view a rising Third Wave of the womens movement Ominously the threat of AIDS seemingly brings the era of sexual freedom to a close The six women deal with all these issues as well as personal challenges including balancing work and family responsibilities As the new century begins they reflect about what the womens movement ultimately accomplished In a world now characterized by growing economic inequality increasing low self esteem for some women exemplified by cosmetic surgery and extreme makeovers legalized same sex marriage and media attention to Transgender issues this book may help you to appreciate not only how far weve come but how far we have yet to go
