Mariner Malcolm Guite, 2017-02-09 The story of Coleridge's life does undoubtedly echo that of his poem this is a book that provides rewarding rereadings of both *The Sunday Times* A new biography of Samuel Taylor Coleridge shaped and structured around the story he himself tells in his most famous poem *The Rime of the Ancient Mariner* Though the *Mariner* was written in 1797 when Coleridge was only twenty five it was an astonishingly prescient poem As Coleridge himself came to realise much later this tale of a journey that starts in high hopes and good spirits but leads to a profound encounter with human fallibility darkness alienation loneliness and dread before coming home to a renewal of faith and vocation was to be the shape of his own life In this rich new biography academic priest and poet Malcolm Guite draws out how with an uncanny clarity image after image and event after event in the poem became emblems of what Coleridge was later to suffer and discover Of course *The Rime of the Ancient Mariner* is more than just an individual's story it is also a profound exploration of the human condition and as Coleridge says in his gloss our loneliness and fixedness But the poem also offers hope release and recovery and Guite also draws out the continuing relevance of Coleridge's life and writing to our own time Forcefully and convincingly argued *The Telegraph*
