*Harmony*, 1895      **The Corruption of Theological Institutions by Plagiarism in Dissertations** Alkuin

Schachenmayr, 2022-12-12 Getting a doctorate in Europe is supremely attractive for young Catholic priests from the Global South. They attain prestige, career advancement and in many cases the opportunity to move permanently from impoverished countries to some of the world's wealthiest. But do they submit rigorous original doctoral research in keeping with universal academic standards? This study examines theological dissertations by international students accepted by major Austrian universities and shows that academic incompetence, plagiarism and negligent supervision are seriously damaging theological institutions in Europe and abroad. By looking the other way, advisors and administrators do their students and the church a disservice.      *In Bondage to Evil* T. Craig Isaacs, 2018-01-30 Either you believe in possession or you do not. It is that simple or at least that is how it often seems. However, the existence of the possession state in the human condition is not a matter of faith; it is a phenomenon that demands exploration. So begins the introduction of this psycho-spiritual exploration of involuntary or demonic possession. Avoiding the pitfalls of many such works, here is presented the inarguable fact that the possession state does occur and must be taken seriously if those who are afflicted are to be helped. The only argument that remains is the attributed cause of the state. Covering a comprehensive array of topics from the history of demonic possession to a present understanding of the phenomenology and intrapsychic dynamics of the possession state, the book also provides a depth of understanding with respect to the various forms of possession encountered throughout the world. Readers will also gain an understanding of the various cultural and psychological explanations for possession, including neuropsychological, hypnosis and psychodynamic theories. It concludes with the examination of three cases of demonic possession and the presentation of diagnostic criteria to assist in differentiating possession from common forms of psychopathology.      *The Panoramic Seer* James Maloney, 2012-11-20 The Applause of Heaven: Developing your spiritual eye and walking hand in hand with the supernaturally prophetic. Somehow I was instantly in Heaven. I knew the room I was standing in was directly adjacent to the throne room of the Father, writes author James Maloney. From this exciting experience shared in the first chapter to the thrilling conclusion, *The Panoramic Seer* reveals realms and realities that most Christians don't even know exist. Panorama is the seer's prophetic gifting that releases the miraculous. It is tied into five key elements: inheritance, humility, compassion, righteousness and faith. These keys and much more are presented to you in a spiritually sensitive way, straight from the throne room of God. You will hear the applause of Heaven when you operate as a panoramic seer. The only way to cultivate that kind of relationship with Him is in the secret place. *The Panoramic Seer* takes you to that special place and offers you the powerful Kingdom secrets that have sustained the move of God from generation to generation.
