Moving The Stars With Your Words:

Moving the Stars with Your Words Harold Davis, 2004-07 We all have the power to achieve personal prosperity and physical health Who hasn't dreamed of a life where this was true There are two ways to respond to such a vision We could stand by and cite all the physical emotional mental social economic or geographical reasons that thwart our progress Or we could identify and remove the personal obstacles to achieving exactly what we want out of life My book *Moving the Stars With Your Words* shows the reader the steps to achieving the latter Today we measure our prowess as a species strictly in physical and technological terms Modern medicine is proficient at diagnosing the physical causes of our illnesses while technology keeps pushing back the realm of the physical unknown And yet we are a society still awash with mental and physical illnesses which neither medicine nor technology can eliminate The great illusion of our times is that only others better qualified than we particularly those versed in the technical sciences hold the key to our welfare My approach and philosophy of life has allowed hundreds of people to choose the experiences they wish to have and from there literally to speak those experiences into existence in other words to become the Creative Factor in their life However individual effort does not preclude conviction and faith in a higher power that can help realize a new life No religious doctrine or formula of salvation here Whatever the reader's spiritual inclinations this co-creation as I call it can create a life of magic The only requisite is that we get on the side of the universe and speak our life into existence *Theoretical Astronomy Examined and Exposed*. By "Common Sense." pseud COMMON SENSE, 1864 ***Theoretical Astronomy Examined and Exposed*** Common Sense (pseud. [i.e. William Carpenter.]), 1864 ***Saved by a Song*** Mary Gauthier, 2025-09-23 A handbook for compassion a Must Read Music Book Rolling Stone Country Generous and big hearted Gauthier has stories to tell and worthwhile advice to share Wally Lamb author of *I Know This Much Is True* Gauthier has an uncanny ability to combine songwriting craft with a seeker's vulnerability and a sage's wisdom Amy Ray Indigo Girls From the Grammy nominated folk singer and songwriter an inspiring exploration of creativity and the redemptive power of song Mary Gauthier was twelve years old when she was given her Aunt Jenny's old guitar and taught herself to play with a Mel Bay basic guitar workbook Music offered her a window to a world where others felt the way she did Songs became lifelines to her and she longed to write her own one day Then for a decade while struggling with addiction Gauthier put her dream away and her call to songwriting faded It wasn't until she got sober and went to an open mic with a friend did she realize that she not only still wanted to write songs she needed to Today Gauthier is a decorated musical artist with numerous awards and recognition for her songwriting including a Grammy nomination In *Saved by a Song* Mary Gauthier pulls the curtain back on the artistry of songwriting Part memoir part philosophy of art part nuts and bolts of songwriting her book celebrates the redemptive power of song to inspire and bring seemingly different kinds of people together *Theoretical astronomy examined and exposed*, by 'Common sense'.
