Mozart The Golden Years1781 91:

Mozart, the Golden Years, 1781-1791 Howard Chandler Robbins Landon, 1989 Robbins Landon one of America's most eminent musicologists examines the last decade of Mozart's life. This musician who may have suffered from manic depression used this condition to compose his most emotionally satisfying and artistically brilliant works. Illustrated The Librettist of Venice Rodney Bolt, 2008-12-11 In 1805 Lorenzo Da Ponte was the proprietor of a small grocery store in New York. But since his birth into an Italian Jewish family in 1749 he had already been a priest, a poet, the lover of many women, a scandalous Enlightenment thinker, banned from teaching in Venice, the librettist for three of Mozart's most sublime operas, a collaborator with Salieri, a friend of Casanova, and a favorite of Emperor Joseph II. He would go on to establish New York City's first opera house and be the first professor of Italian at Columbia University. An inspired innovator but a hopeless businessman who loved with wholehearted loyalty and recklessness, Da Ponte was one of the early immigrants to live out the American dream. In Rodney Bolt's rollicking and extensively researched biography, Da Ponte's picaresque life takes readers from Old World courts and the back streets of Venice, Vienna, and London to the New World promise of New York City. Two hundred and fifty years after Mozart's birth, the life and legacy of his librettist Da Ponte are as astonishing as ever. On Mozart James M. Morris, 1994-11-25 A collection of essays which explore Mozart from various perspectives, suggesting the complexity of his character and his achievement. Enlightenment and Reform in Eighteenth-century Europe Derek Beales, 2005-03-24 The 18th century was a unique period of global and fundamental change. Britain conquered India, and much of America; the American Revolution produced the USA, and Russia expanded vastly. In the field of ideas, the Scientific Revolution was consolidated and followed by the Enlightenment. Nationalism flourished, populations surged, and the Commercial and Industrial Revolutions, with Western technology, eclipsed the East. Few centuries have inspired such a galaxy of historians, and their groundbreaking work has been drawn upon by Derek Beales in his collection of articles and special lectures. He covers the whole European kaleidoscope but focuses especially on Joseph II and the Hapsburg monarchy, asserting that Enlightened Despotism was the embodiment of the century's revolution in ideas, politics, government, and administration. **Mozart's Letters, Mozart's Life** Robert Spaethling, 2014-10-27 A wonderful collection that gives Mozart a voice as a son, husband, brother, and friend. New York Times Book Review. Mozart's honesty, his awareness of his own genius, and his contempt for authority all shine out from these letters. Sunday Times, London. In Mozart's Letters, Mozart's Life, Robert Spaethling presents Mozart in all the rawness of his driving energies, Spectator, preserved in the zany, often angry effervescence of his writing. Observer. Where other translators have ignored Mozart's atrocious spelling and tempered his foul language, Robert Spaethling's new translations are lively and racy and do justice to Mozart's restlessly inventive mind. Daily Mail. Carefully selected and meticulously annotated, this collection of letters should be on the shelves of every music lover. BBC Music Magazine. **Mozart** Simon P.
