

The background of the album cover is a Romantic-style landscape painting. It depicts a lush green valley with a calm lake in the middle ground. In the distance, there are majestic mountains, with one prominent peak having a small structure or observatory on its summit. A large, classical-style building with columns is situated on a hillside to the right, with smoke rising from its chimneys. The foreground shows a grassy field with some figures and trees, suggesting a peaceful, pastoral setting. The overall color palette is warm, with soft light suggesting dawn or dusk.

ANNIE FISCHER
THE PHILHARMONIA ORCHESTRA
Conducted By
WOLFGANG SAWALLISCH

Mozart Piano Concerto In C Major

John Irving

Mozart Piano Concerto In C Major:

Mozart Piano Concerto in C Major Wolfgang Amadeus Mozart, 1770-04 An original concept in one volume a study size score of a major musical work and a comprehensive body of tools for the study of that work **Mozart: Piano Concertos Nos. 20 and 21** David Grayson, 1998 This guide to Mozart's two most popular piano concertos the D minor K 466 and the C major K 467 the so called Elvira Madigan presents the historical background of the works placing them within the context of Mozart's compositional and performance activities at a time when his reputation as both composer and pianist was at its peak The special nature of the concerto as both a form and genre is explored through a selective survey of some of the approaches that various critics have taken in discussing Mozart's concertos The concluding chapter discusses a wide range of issues of interest to modern performers Mozart's Piano Concertos John Irving, 2017-07-05 Mozart's piano concertos stand alongside his operas and symphonies as his most frequently performed and best loved music They have attracted the attention of generations of musicologists who have explored their manifold meanings from a variety of viewpoints In this study John Irving brings together the various strands of scholarship surrounding Mozart's concertos including analytical approaches aspects of performance practice and issues of compositional genesis based on investigation of manuscript and early printed editions Treating the concertos collectively as a repertoire rather than as individual works the first section of the book tackles broad thematic issues such as the role of the piano concerto in Mozart's quasi freelance life in late eighteenth century Vienna the origin of his concertos in earlier traditions of concerto writing eighteenth century theoretical frameworks for the understanding of movement forms subsequent historical shifts in the perception of the concerto's form listening strategies and performance practices This is followed by a documentary register which proceeds through all 23 original works drawing together information on the source materials Accounts of the concertos compositional genesis early performance history and reception are also included here drawing extensively on the Mozart family correspondence and other contemporary reports Drawing together and synthesizing this wealth of material Irving provides an invaluable reference source for those already familiar with this repertoire **Mozart's Piano Concertos** Marius Flothuis, 2021-11-22 Mozart's Piano Concertos especially those composed during the years 1784-91 are still held in high esteem two centuries later by both amateur music lovers and professional musicians Strangely enough only very few comprehensive studies exist on this remarkable section of Mozart's output The present study first published in German in a slightly abridged form deals with Mozart's evolution as a composer of piano concertos sheds light on the connections between the concertos and other fields of creative activity as well as on those with other composers of his time Finally attention is paid to problems of performance practice The author born in 1914 emeritus professor of Utrecht University and former chairman of the Zentralinstitut für Mozart Forschung Salzburg has been involved with the subject of Mozart's concertos for about 60 years **Mozart's Piano Concertos** Neal Zaslaw, 1996 A celebration and exploration of a monumental achievement Piano

Concerto in C Major, K. 503 Joseph Kerman, 1970

Structural Novelty and Tradition in the Early Romantic Piano

Concerto Stephan D. Lindeman, 1999 Lindeman a musicologist traces and defines the historical development of the concerto form as it passed from Mozart to succeeding generations He then assesses Beethoven s contributions and examines the classical model of the form in the early 19th century by overviewing several early romantic composers works Subsequent chapters analyze and assess the responses of five precursors of Schumann whose work offers a synthesis of radical experiments and traditional tenets He concludes by suggesting that concertos of Liszt offer a road into further developments of the genre in the second half of the century Illustrated with bandw portraits of composers and excerpts from musical scores Annotation copyrighted by Book News Inc Portland OR

Robert Schumann and the Piano Concerto Claudia

Macdonald, 2023-05-09 Robert Schumann was a unique personality in 19th century music a celebrated music critic and champion of new composers as well as a talented performer and composer himself he did much to modernize the literature and performance style for the piano This book covers the key period of c 1815 55 exploring how the generation that came after Beethoven was central in reshaping and refining the conception of the concerto style and particularly the piano concerto It relates Schumann s own compositional development to his musical environment recreating the exciting milieu in which Schumann and his contemporaries lived and worked Written in scholarly but non technical language Robert Schumann and the Development of the Piano Concerto will appeal to college and conservatory teachers and students as well as music connoisseurs Also includes 60 musical examples

Wolfgang Amadeus Mozart: Piano Concerto in C Major, K.503

Wolfgang Amadeus Mozart, 1970

The Cambridge Companion to Mozart

Simon P. Keefe, 2003-05-22 The Cambridge Companion to Mozart paints a rounded yet focussed picture of one of the most revered artists of all time Bringing the most recent scholarship into the public arena this volume bridges the gap between scholarly and popular images of the composer enhancing the readers appreciation of Mozart and his extraordinary output regardless of their prior knowledge of the music Part I situates Mozart in the context of late eighteenth century musical environments and aesthetic trends that played a pivotal role in his artistic development and examines his methods of composition Part II surveys Mozart s works in all of the genres in which he excelled and Part III looks at the reception of the composer and his music since his death Part IV offers insight into Mozart s career as a performer as well as theoretical and practical perspectives on historically informed performances of his music
