Mr Bewley In Berlin Aspects Of The Career Of An Irish Diplomat 1933-1939:

Mr Bewley in Berlin Andreas Roth, 2000 Charles Bewley was an outspoken champion of Nazi Germany and an anglophobe In this book Bewley's role as a professional diplomat within the framework of the Department of External Affairs is assessed and the efficiency of Irish foreign policy management in the 1920s and 1930s is critically examined An evaluation of Bewley's political persona is also undertaken book jacket

Irish Government Policy and Public Opinion towards German-Speaking Refugees, 1933-1943 Siobhán O'Connor, 2017-06-23 This book investigates the first time Ireland with an autonomous legislative parliament met with large inward migration in the modern era In 1933 Ireland was a young state in its turbulent teens attempting to establish itself on the international stage The people were scarred by recent memories of revolution a War of Independence and a civil war but they had lived through 10 years of relative peace Two influential statesmen came to power in their respective countries de Valera in Ireland and Hitler in Germany Due to the latter a large scale movement of people began Ireland under the leadership of de Valera with the civil service established before him and a diverse population living there had an unprecedented inward migratory issue to address This book looks at the role of the civil service at home and abroad its development and implementation of government policy and its involvement with international efforts to address the movement of German speaking exiles fleeing the expanding National Socialist territory It also explores the experiences of people around Ireland as they learn about the people fleeing and their responses to them This study lays bare the foundation stone in the history of Ireland's policy and public opinion toward inward migration and allows us to understand the treatment of and reaction towards migration today The impact of that fledgling refugee policy as examined here continues to echo in the current experiences of those fleeing persecution and war and those set to receive them

Ireland, West Germany and the New Europe, 1949-73 Mervyn O'Driscoll, 2018-01-10 This groundbreaking book is an indispensable contribution to appreciating the dilemmas facing Ireland in the age of Brexit Encompassing an exhaustive account it traces the relationship between Ireland and FRG by drawing on original material from both It critiques depictions of Irish German relations as peculiarly affable and explores the problems presented by trade Britain neutrality NATO Northern Ireland and the Cold War The work contends the German economic miracle was a vital stimulus for Ireland's tardy retreat from protectionism It maintains that Ireland's reorientation was informed by lessons gleaned from Irish German trade relations as well as a budding recognition of the potential offered by German industrial investment This granted Germany weighty influence over the shape and direction of Ireland

Migration and the Making of Ireland Bryan Fanning, 2021-11-02 Ireland has been shaped by centuries of emigration as millions escaped poverty famine religious persecution and war But what happens when we reconsider this well worn history by exploring the ways Ireland has also been shaped by immigration From slave markets in Viking Dublin to social media use by modern asylum seekers *Migration and the Making of Ireland* identifies the political religious and cultural factors that have influenced immigration to Ireland over the span of four

centuries A senior scholar of migration and social policy Bryan Fanning offers a rich understanding of the lived experiences of immigrants Using firsthand accounts of those who navigate citizenship entitlements gender rights and religious and cultural differences in Ireland Fanning reveals a key yet understudied aspect of Irish history Engaging and eloquent Migration and the Making of Ireland provides long overdue consideration to those who made new lives in Ireland even as they made Ireland new

German-speaking Exiles in Ireland 1933-1945, 2016-08-01 German speaking Exiles in Ireland 1933 1945 is a pioneering study of the impact the German speaking exiles of the Hitler years had on Ireland as the first large group of immigrants in the country in the twentieth century It therefore adds an important yet hitherto virtually unknown Irish dimension to international exile studies After providing an overview of the topic and an analysis of current developments in exile studies the volume devotes two chapters to Jewish refugees and another to the considerable number of Austrian exiles investigates the relationship between Irish government policy and public opinion and explores the problems of identity faced by so many in exile It then focuses on some eminent refugees Erwin Schrödinger Ludwig Bieler Robert Weil Ernst Scheyer and Hans Sachs before concluding with personal accounts by Ruth Braunizer the daughter of Erwin Schrödinger excerpts from whose diaries are published here for the first time Monica Schefold the daughter of John Hennig and Eva Gross The fourteen contributors to the volume are Wolfgang Benz Ruth Braunizer John Cooke Horst Dickel Eva Gross Gisela Holfter Dermot Keogh Wolfgang Muchitsch Siobhán O'Connor Hermann Rasche Monica Schefold Birte Schulz Raphael V Siev and Colin Walker

An Irish Sanctuary Gisela Holfter, Horst Dickel, 2016-12-19 The monograph provides the first comprehensive detailed account of German speaking refugees in Ireland 1933 1945 where they came from immigration policy towards them and how their lives turned out in Ireland and afterwards Thanks to unprecedented access to thousands of files of the Irish Department of Justice all still officially closed as well as extensive archive research in Ireland Germany England Austria as well as the US and numerous interviews it is possible for the first time to give an almost complete overview of how many people came how they contributed to Ireland how this fits in with the history of migration to Ireland and what can be learned from it While Exile studies are a well developed research area and have benefited from the work of research centres and archives in Germany Austria Great Britain and the USA Frankfurt M Leipzig Hamburg Berlin Innsbruck Graz Vienna London and SUNY Albany and the Leo Baeck Institutes Ireland was long neglected in this regard Instead of the usual narrative of no one was let in or only a handful came to Ireland the authors identified more than 300 refugees through interviews and intensive research in Irish German and Austrian archives German speaking exiles were the first main group of immigrants that came to the young Irish Free State from 1933 onwards and they had a considerable impact on academic industrial and religious developments in Ireland

Britain, Ireland and the Second World War Ian S. Wood, 2010-02-28 For Britain the Second World War exists in popular memory as a time of heroic sacrifice survival and ultimate victory over Fascism In the Irish state the years 1939 1945 are still remembered simply as the Emergency Eire was one of many small

states which in 1939 chose not to stay out of the war but one of the few able to maintain its non-belligerency as a policy. How much this owed to Britain's military resolve or to the political skills of Amon de Valera is a key question which this new book will explore. It will also examine the tensions Eire's policy created in its relations with Winston Churchill and with the United States. The author also explores propaganda censorship and Irish state security and the degree to which it involves secret co-operation with Britain. Disturbing issues are also raised like the IRA's relationship to Nazi Germany and ambivalent Irish attitudes to the Holocaust. Drawing upon both published and unpublished sources this book illustrates the war's impact on people on both sides of the border and shows how it failed to resolve sectarian problems on Northern Ireland while raising higher the barriers of misunderstanding between it and the Irish state across its border.

The Harp and the Shield of David Shulamit Eliash, 2007-04-05 Eliash examines the relationship between Ireland and the Zionist movement and the state of Israel from the context of Palestine's partition and the delay in Ireland's recognition of the State of Israel until 1963.

Analyzing the Irish attitude to the partition of Palestine through an analogy with that of Ireland this engaging text compares both the Irish and Zionist views on the partition plans of 1937 and 1947. The study underscores the contrast between Ireland's separatist policy and its sparse diplomatic connections on the one hand and Israel's global diplomacy on the other and discusses how this gap contributed to Ireland's delay in recognizing the State of Israel. Shedding light on Irish and Israeli foreign policy the book also calls into question the ability of small states to form independent foreign policy, the Vatican's influence on devout Catholic states like Ireland and the role of Irish and Jewish diasporas in the US.

No Way Out Isadore Ryan, 2017-07-14 The experiences of the Irish in France during the war were overshadowed by the threat of internment or destitution. Up to 2 000 Irish people were stuck in occupied France after the defeat by Nazi Germany in June 1940. This population consisted largely of governesses and members of religious orders but also the likes of Samuel Beckett as well as a few individuals who managed to find themselves in the wrong place at the wrong time and ended up in internment camps or worse. The book examines the engagement of the Irish in various forms of resistance. It also reveals that the attitude of some of the Irish towards the German occupiers was not always as clear cut as politically correct discourse would like to suggest. There are fascinating revelations most notably that Ireland's diplomatic representative in Paris sold quantities of wine to Hermann Göring that Irish passports were given out very liberally including to a convicted British rapist that in the early part of the war some Irish ended up in internment camps in France and through the slowness of the Irish authorities to intervene were subsequently sent to concentration camps in Germany and that a couple of Irish people faced criminal proceedings in France after the Liberation because of their wartime dealings with the Germans.
