Redressing the Past Kym Bird,2004 Focusing on a body of lost and forgotten plays by women and situating them in the context of the early women s movement and its major discourses on suffrage higher education and social gospel Kym Bird challenges the male defined focus of recent historical studies into 19th century Canadian drama She argues that in a society that preferred to think of men and women as part of separate but complimentary spheres the woman naturally suited for the private world of the home and motherhood and the man for the public world of work and politics these plays advanced two forms of feminist politics Liberal or equality feminism demanded the same rights and privileges for women as those accorded men domestic or maternal feminism justified women s participation in the public sphere based on their natural materialism and moral superiority the contradictory relations within these forms of feminism on the one hand they represent women s social and political emancipation and on the other they affirm patriarchal structures and the status quo Implicitly this study calls into question what traditionally constitutes drama by treating plays written in non canonical forms mounted in nonprofessional venues and published by marginal presses or not at all as important literary theatrical and historical documents **Peace, Progress and Prosperity** Gordon Leslie Barnhart,University of Regina. VanArsdel,1996-01-01 Contemporary research in periodical literature has demonstrated conclusively that the nineteenth century in Britain was the age of the periodical It also has shown that in Victorian society the circulation of periodicals and newspapers was both larger and more influential than that of books The six essays in this volume investigate the extent to which this was equally true of Britain s colonies during the period up to 1900 In chapters devoted to periodical publishing in Australia Canada India New Zealand Southern Africa and the outposts of the Empire Ceylon Cyprus Hong Kong Malaya and Singapore Malta and the West Indies the contributors also consider the function and importance of periodicals in colonial life They identify and describe all locally produced publications that appeared at weekly or longer intervals and that contained for example local news poetry fiction criticism commentary on the arts news from home shipping information and commodities reports Each chapter presents an evaluation of the quantity and quality of guides available to periodical literature in each region from basic bibliographies of periodicals directories and finding aids to microfilm records and databases on the Internet Periodicals of Queen Victoria s Empire is an initial step towards understanding and analyzing what its editors regard as the unseen power of the periodical press in the British Empire of the nineteenth century **The**
