English language imports as well as translations of children's and young adult literature first published outside of the United States. These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries. The organization of the guide is geographic by region and country. All of the more than 800 entries are recommended and many of the books have won awards or achieved other recognition in their home countries. Forty children's book experts wrote the annotations. The entries are indexed by author, translator, illustrator, title, and subject. Back matter also includes international book awards, important organizations, and research collections, and a selected directory of publishers known for publishing books from other countries.

Teaching and Learning Early Years

Mathematics Mary Briggs, 2025-02-28 This up-to-date book is essential reading for all those teaching or training to teach Early Years mathematics. It provides comprehensive subject and pedagogic knowledge for those responsible for the youngest children in school and their vital first experiences of learning mathematics. Appropriately focused text ensures the reader can understand and support how children learn to count and calculate, recognize shapes, and begin to generalize their findings about problems. Critical questions enable trainees and teachers to both test and develop their own understanding of mathematics, and suggested activities clearly exemplify how theory links to practice. The text also considers recent and relevant research, examines international perspectives, and provides opportunities for reflection.

The Excellence Of Play

Moyles, Janet, 2014-12-01 This is a must-read book for all students studying early childhood at a range of levels and practitioners who are looking to deepen their understanding of play and playful practices.

Planning Play and the Early

Years Penny Tassoni, Karen Hucker, 2005 Written for early years practitioners and students, *Planning Play and the Early Years* provides full-colour, fully illustrated guidance through the process of planning and providing play opportunities for children aged 0-5 years.

Invitations to Play Anne Burke, 2019-03-06 Through their earliest years of play, children develop a substantial body of skills and knowledge. The goal of this book is to bring children's play and curriculum expectations together so that children are engaged in learning that honours their existing knowledge and to help build a strong literacy foundation. A perfect blend of theory and instruction, this timely book offers background research, ideas, and strategies to create an exciting array of possibilities for using children's play as an infinitely rewarding learning resource. It asks and answers fundamental questions about preparing young children for lifelong learning.
