McNiven, 1999-01-01 One of the most famous shipwreck sagas of the 19th century took place on the tropical coast of north east Australia In 1836 the Stirling Castle was wrecked off the Queensland coast and many of the crew together with the captain s wife Eliza Fraser were marooned on Fraser Island Early sensationalized accounts represent Mrs Fraser as an innocent white victim of colonialism and her Aboriginal captors as barbarous savages These first contact narratives of the white woman and her Aboriginal captors impacted significantly on England and the politics of Empire at an early stage in Australia s colonial history The text critically examines the Eliza Fraser episode by bringing together an interdisciplinary team of authors artists members of the Fraser Island Aboriginal community and academics in the areas of cultural and women s studies literature history anthropology archaeology the visual and creative arts This book Essays include feminist analyses of the incident investigations of textual and visual representations of Aboriginal people and considerations of the role played by Eliza Fraser as creative inspiration for the arts The text explores the constructions of Empire colonialism identity femininity savagery otherness captivity and survival **From the Ruins of Colonialism** Chris Healy, 1997-03-27 This book throws fresh light on the history of memory forgetting and colonialism It considers key moments of historical imagination and analyses the strange ensemble of elements that constitute Australian History It is an innovative and stimulating investigation of historical cultures and narratives *In the Wake of First Contact* Kay Schaffer, 1995 In this book colonialism race and gender are explored through the cultural representations of an episode of Australian history *The Fatal Shore* , 1986 Writing the Nation Cynthia Vanden Driesen, 2009 The time for new approaches to White s work is overdue Central to the present study are Edward Said s ideas about the role of the intellectual and the writer of speaking truth to power and also the importance of tracing the affiliations of a text and its embeddedness in the world This approach is not incompatible with Jung s theory of the great artist and his capacity to answer the deep seated psychic needs of his people White s work has contributed in many different ways to the writing of the nation The spiritual needs of a young nation such
