raised the tragedy to the skies wrote William Hazlitt and embodied to our imagination the fables of mythology of the heroic and dignified mortals of elder time She endured much tragedy herself including a crippling debilitating illness and the deaths of five of her seven children Siddons played major roles in both comedy and tragedy not the least of which was a performance as Hamlet **Rise of the English Actress** Sandra Richards,1993-06-18 An account of the English actress s view of her own rise up to social and professional prominence from 1600 to the present Examining the actress s experience as distinct from the actor s this book charts her influence on each age s views of women s nature and their role in society Tait's
