Jenott, 2003-01-01 With sketchbook in hand John Jenott takes you on a tour of Mt Shasta's dominion From the Castle Crags to the communities that lie at the base of the beautiful mountain to the Medicine Lake Highlands Tulelake Butte Valley and Shasta Valley Book jacket **San Francisco Lithographer** Robert J. Chandler, 2014-01-29 Grafton Tyler Brown whose heritage was likely one eighth African American finessed his way through San Francisco society by passing for white Working in an environment hostile to African American achievement Brown became a successful commercial artist and businessman in the rough and tumble gold rush era and the years after the Civil War Best known for his bird's eye cityscapes he also produced and published maps charts and business documents and he illustrated books sheet music advertisements and labels for cans and other packaging This biography by a distinguished California historian gives an underappreciated artist and his work recognition long overdue Focusing on Grafton Tyler Brown's lithography and his life in nineteenth century San Francisco Robert J Chandler offers a study equally fascinating as a business and cultural history and as an introduction to Brown the artist Chandler's contextualization of Brown's career goes beyond the issue of race Showing how Brown survived and flourished as a businessman Chandler offers unique insight into the growth of printing and publishing in California and the West He examines the rise of lithography its commercial and cultural importance and the competition among lithographic companies He also analyzes Brown's work and style comparing it to the products of rival firms Brown was not respected as a fine artist until after his death Collectors of western art and Americana now recognize the importance of Californiana and of Brown's work some of which depicts Portland and the Pacific Northwest and they will find Chandler's checklist descriptions and reproductions of Brown's ephemera including billheads and maps as uniquely valuable as Chandler's contribution to the cultural and commercial history of California In an afterword historian Shirley Ann Wilson Moore discusses the circumstances and significance of passing in nineteenth century America

HGAF Fine Art Dallas Auction Catalog #5004 Courtney Kennedy, 2008-03 *California: Fine printing and limited editions. Addenda and index* John Howell Books (San Francisco, Calif.), 1979 *Painting Dissent* Sophie Lynford, 2022-09-20 A revelatory history of the first artist collective in the United States and its effort to reshape nineteenth century art culture and politics The American Pre Raphaelites founded a uniquely interdisciplinary movement composed of politically radical abolitionist artists and like minded architects critics and scientists Active during the Civil War this dynamic collective united in a spirit of protest seeking sweeping reforms of national art and culture *Painting Dissent* recovers the American Pre Raphaelites from the margins of history and situates them at the center of transatlantic debates about art slavery education and politics Artists such as Thomas Charles Farrer and John Henry Hill championed a new style of landscape painting characterized by vibrant palettes antipicturesque compositions and meticulous brushwork Their radicalism however was not solely one of style Sophie Lynford traces how the American Pre Raphaelites proclaimed themselves catalysts of a wide

ranging reform movement that staged politically motivated interventions in multiple cultural arenas from architecture and criticism to collecting exhibition design and higher education She examines how they publicly rejected their prominent contemporaries the artists known as the Hudson River School and how they offered incisive critiques of antebellum society by importing British models of landscape theory and practice Beautifully illustrated and drawing on a wealth of archival material *Painting Dissent* transforms our understanding of how American artists depicted the nation during the most turbulent decades of the nineteenth century *Artists on Horseback* Paul Hogarth,1972 A study of the documentation and art of the Old West as created by visiting British artists for the Victorian press Acknowledgments *North American Exploration* John Logan Allen,1997-01-01 The third volume of *North American Exploration* covering 1784 to 1914 charts a dramatic shift in the purpose priorities and results of the exploration of North America As the nineteenth century opened exploration was still fostered by the growth of empire but by the 1830s commercial interests came to drive most exploratory ventures particularly through the fur trade By midcentury however as imperial rivalries lessened and the fur trade declined exploration was driven by the growing scientific spirit of the age although the science was often conducted in the service of a search for railroad routes or natural resources linked to military concerns A clear transition took place as the spirit of the Enlightenment gave way to economic imperatives and to the science of the post Darwinian age and exploration passed beyond discovery and geographical definition This volume explores the resultant beginnings of an understanding of the continent and its native peoples *Joseph E. Yoakum* Mark Pascale,Esther Adler (Curator),Édouard Kopp,2021-01-01 The extraordinary life of a captivating American artist beautifully illustrated with his dreamlike drawings Much of Joseph Elmer Yoakum s story comes from the artist himself and is almost too fantastic to believe At a young age Yoakum 1891 1972 traveled the globe with numerous circuses he later served in a segregated noncombat regiment during World War I before settling in Chicago There inspired by a dream he began his artistic career at age seventy one producing some two thousand drawings over a decade How did Yoakum gain representation in major museum collections in Chicago and New York What fueled his process which he described as a spiritual unfoldment This volume delves into the friendships Yoakum forged with the Chicago Imagists that secured his place in art history explores the religious outlook that may have helped him cope with a racially fractured city and examines his complicated relationship to African American and Native American identities With hundreds of beautiful color reproductions of his dreamlike drawings it offers the most comprehensive study of the artist s work illuminating his vivid and imaginative creativity and giving definition and dimension to his remarkable biography

Westward ,1959 *"That Tongue Be Time"* Dale M. Smith,2025-06-03 Originally from Canada Norma Cole is a revered writer and visual artist who has authored and translated over thirty books and chapbooks Though highly esteemed internationally in both visual art and poetry circles Cole s association with the New College of California and her influence on artists and poets has been overlooked by scholars In *That Tongue Be Time* Dale M Smith seeks to remedy this oversight by

bringing together sixteen noted scholars editors and poets to examine Cole s poetry translations and visual art in order to place her within the larger scholarly conversation about contemporary poetry and poetics The book also includes a number of black and white reproductions of Cole s art and a contextual introduction by Smith That Tongue Be Time provides a groundbreaking look at Norma Cole s lasting influence on multiple generations of poets visual artists and scholars and should be on the shelf of anyone interested in contemporary poetry
