covering the Autos Sacramentales and the Teatro cómico breve have already been published. Now parts III and IV have been added with concordances to the Dramas and Comedias. The concordances are based on the edition of Calderón's Obras completas by Angel Valbuena Prat and Angel Valbuena Briones published by Aguilar. Parts III and IV contain the complete vocabulary of the Dramas and Comedias in alphabetical order in a keyword in context format. The concordance's source field includes a reference to the work in question and the character speaking, a page and line number so that the passage can be easily identified. In accordance with the consensus of the academic community, parts III and IV of the Calderón concordance are being published in hard copy. The most frequent words have not been included in the printed version. With the publication of parts III and IV of the Concordancia Calderoniana, the complete linguistic corpus of a Spanish Golden Age dramatist is for the first time available in a comprehensive concordance easy to consult and up to date with the latest academic standards. Scholars can therefore draw on Calderón's plays as the reference work for the extraordinarily rich theatrical literature of the Siglo de Oro which they undoubtedly represent.
