Boomhower, 2024-03-15 The Ultimate Protest Malcolm W Browne Thich Quang Duc and the News Photograph That Stunned the World examines how the most unlikely of war correspondents Malcolm W Browne became the only Western reporter to capture Buddhist monk Thich Quang Duc s horrific self immolation on June 11 1963 Quang Duc made his ultimate sacrifice to protest the perceived anti Buddhist policies of the Catholic dominated administration of South Vietnam s president Ngo Dinh Diem Biographer Ray E Boomhower s The Ultimate Protest explores the background of the Buddhist crisis in South Vietnam in the spring of 1963 that led to Quang Duc s self sacrifice as well as the worldwide reaction to Browne s photograph how it affected American policy toward Diem s government and the role the image played in the violent coup on November 1 1963 that deposed Diem and led to his assassination The book also delves into the dynamics involved in covering the Vietnam War in the early days of the American presence and the pressures placed on the journalists to stop raising doubts about how the war was going Browne and his colleague David Halberstam shared the 1964 Pulitzer Prize for international reporting for their work in Vietnam Diplomats at War Charles Trueheart, 2024-02-13 For two Americans in Saigon in 1963 the personal and the political combine to spark the drama of a lifetime Before it spread into a tragic war that defined a generation the conflict in Vietnam smoldered as a guerrilla insurgency and a diplomatic nightmare Into this volatile country stepped Frederick Fritz Nolting the US ambassador and his second in command William Bill Trueheart immortalized in David Halberstam s landmark work The Best and the Brightest and accidental players in a pivotal juncture in modern US history Diplomats at War is a personal memoir by former Washington Post reporter Charles Trueheart Bill s son and Nolting s godson who grew up amid the events that traumatized two families and an entire nation The book embeds the reader at the US embassy and dissects the fateful rift between Nolting and Trueheart over their divergent assessments of the South Vietnamese regime under Ngo Dinh Diem who would ultimately be assassinated in a coup backed by the United States Charles Trueheart retells the story of the United States headlong plunge into war from an entirely new vantage point that of a son piecing together how his father and godfather participated in and were deeply damaged by this historic flashpoint Their critical rupture which also destroyed their close friendship served as a dramatic preface to the United States disastrous involvement in the Vietnam conflict Winner of the American Academy of Diplomacy Douglas Dillon Award Once Upon a Distant War William Prochnau, 2019-11-20 Once Upon a Distance War tells the stories of such young Vietnam war correspondents as Neil Sheehan Peter Arnett and David Halberstam providing a riveting chronicle of high adventure and brutal slapstick gallantry and cynicism as well as a vital addition to the history they shaped Prochnau tells a Vietnam story

we haven't heard before Complex witty and humane Tobias Wolff of photos **Journalism's Roving Eye** John Maxwell Hamilton, 2011-08-15 In all of journalism nowhere are the stakes higher than in foreign news gathering For media owners it is the most difficult type of reporting to finance for editors the hardest to oversee Correspondents roaming large swaths of the planet must acquire expertise that home based reporters take for granted facility with the local language for instance or an understanding of local cultures Adding further to the challenges they must put news of the world in context for an audience with little experience and often limited interest in foreign affairs a task made all the more daunting because of the consequence to national security In *Journalism's Roving Eye* John Maxwell Hamilton a historian and former foreign correspondent provides a sweeping and definitive history of American foreign news reporting from its inception to the present day and chronicles the economic and technological advances that have influenced overseas coverage as well as the cavalcade of colorful personalities who shaped readers' perceptions of the world across two centuries From the colonial era when newspaper printers hustled down to wharfs to collect mail and periodicals from incoming ships to the ongoing multimedia press coverage of the Iraq War Hamilton explores journalism's constant and not always successful efforts at dishing the foreign news as James Gordon Bennett put it in the mid nineteenth century to describe his approach in the New York Herald He details the highly partisan coverage of the French Revolution the early emergence of special correspondents and the challenges of organizing their efforts the profound impact of the non yellow press in the run up to the Spanish American War the increasingly sophisticated machinery of propaganda and censorship that surfaced during World War I and the golden age of foreign correspondence during the interwar period when outlets for foreign news swelled and a large number of experienced independent journalists circled the globe From the Nazis' intimidation of reporters to the ways in which American popular opinion shaped coverage of Communist revolution and the Vietnam War Hamilton covers every aspect of delivering foreign news to American doorsteps Along the way Hamilton singles out a fascinating cast of characters among them Victor Lawson the overlooked proprietor of the Chicago Daily News who pioneered the concept of a foreign news service geared to American interests Henry Morton Stanley one of the first reporters to generate news on his own with his 1871 expedition to East Africa to find Livingstone and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Hamilton details the experiences of correspondents editors owners publishers and network executives as well as the political leaders who made the news and the technicians who invented ways to transmit it Their stories bring the narrative to life in arresting detail and make this an indispensable book for anyone wanting to understand the evolution of foreign news gathering Amid the steep drop in the number of correspondents stationed abroad and the recent decline of the newspaper industry many fear that foreign reporting will soon no longer exist But as Hamilton shows in this magisterial work traditional correspondence survives alongside a new type of reporting *Journalism's Roving Eye* offers a keen understanding of the vicissitudes in foreign news an understanding imperative to better seeing what lies ahead *Overthrow* Stephen

Kinzer,2007-02-06 Stephen Kinzer's *Overthrow* provides a fast paced narrative history of the coups revolutions and invasions by which the United States has toppled fourteen foreign governments not always to its own benefit Regime change did not begin with the administration of George W Bush but has been an integral part of U S foreign policy for more than one hundred years Starting with the overthrow of the Hawaiian monarchy in 1893 and continuing through the Spanish American War and the Cold War and into our own time the United States has not hesitated to overthrow governments that stood in the way of its political and economic goals The invasion of Iraq in 2003 is the latest though perhaps not the last example of the dangers inherent in these operations In *Overthrow* Stephen Kinzer tells the stories of the audacious politicians spies military commanders and business executives who took it upon themselves to depose monarchs presidents and prime ministers He also shows that the U S government has often pursued these operations without understanding the countries involved as a result many of them have had disastrous long term consequences In a compelling and provocative history that takes readers to fourteen countries including Cuba Iran South Vietnam Chile and Iraq Kinzer surveys modern American history from a new and often surprising perspective Detailed passionate and convincing with the pace and grip of a good thriller Anatol Lieven The New York Times Book Review

A Cruel Theatre of Self-Immolations Grzegorz Ziolkowski,2020-02-13 A Cruel Theatre of Self Immolations investigates contemporary protest self burnings and their echoes across culture The book provides a conceptual frame for the phenomenon and an annotated comprehensive timeline of suicide protests by fire supplemented with notes on artworks inspired by or devoted to individual cases The core of the publication consists of six case studies of these ultimate acts augmented with analyses and interpretations hailing from the visual arts film theatre architecture and literature By examining responses to these events within an interdisciplinary frame Zi kowski highlights the phenomenon's global reach and creates a broad yet in depth exploration of the problems that most often prompt these self burnings such as religious discrimination and harassment war and its horrors the brutality and indoctrination of authoritarian regimes and the apathy they produce as well as the exploitation of the so called subalterns and their exclusion from mainstream economic systems Of interest to scholars from an array of fields from theatre and performance to visual art to religion and politics A Cruel Theatre of Self Immolations offers a unique look at voluntary demonstrative and radical performances of shock and subversion

On Their Own Joyce Hoffmann,2008-06-24 Over three hundred women both print and broadcast journalists were accredited to chronicle America's activities in Vietnam Many of those women won esteemed prizes for their reporting including the Pulitzer the Overseas Press Club Award the George Polk Award the National Book Award and the Bancroft Prize for History Tragically several lost their lives covering the war while others were wounded or taken prisoner In this gripping narrative veteran journalist Joyce Hoffmann tells the important yet largely unknown story of a central group of these female journalists including Dickey Chapelle Gloria Emerson Kate Webb and others Each has a unique and deeply compelling tale to tell and vivid portraits of their personal lives and professional triumphs are woven into the

controversial details of America's twenty year entanglement in Southeast Asia

War and Press Freedom Jeffery A. Smith, 1999-02-25 War and Press Freedom The Problem of Prerogative Power is a groundbreaking and provocative study of one of the most perplexing civil liberties issues in American history What authority does or should the government have to control press coverage and commentary in wartime First Amendment scholar Jeffery A Smith shows convincingly that no such extraordinary power exists under the Constitution and that officials have had to rely on claiming the existence of an autocratic higher law of survival Smith carefully surveys the development of statutory restrictions and military regulations for the news media from the ratification of the Bill of Rights in 1791 through the Gulf War of 1991 He concludes that the armed forces can justify refusal to divulge a narrow range of defense secrets but that imposing other restrictions is unwise unnecessary and unconstitutional In any event as electronic communication becomes almost impossible to constrain soldiers and journalists must learn how to respect each other's obligations in a democratic system

Encyclopedia of Media and Propaganda in Wartime America Martin J. Manning, Clarence R. Wyatt, 2010-12-20 This fascinating compilation of reference entries documents the unique relationship between mass media propaganda and the U S military a relationship that began in the period before the American Revolution and continues to this day sometimes cooperative sometimes combative and always complex The Encyclopedia of Media and Propaganda in Wartime America brings together a group of distinguished scholars to explore how war has been reported and interpreted by the media in the United States and what effects those reports and interpretations have had on the people at home and on the battlefield Covering press U S military relationships from the early North American colonial wars to the present wars in Iraq and Afghanistan this two volume encyclopedia focuses on the ways in which government and military leaders have used the media to support their actions and the ways in which the media has been used by other forces with different views and agendas The volumes highlight major events and important military political and cultural players offering fresh perspectives on all of America's conflicts Bringing these wars together in one source allows readers to see how media affected the conflicts individually but also understand how the use of the various forms of media print radio television film and electronic have developed and changed over the years
