Richard Taruskin

Mudrost Vekov Ancient Wisdom:

Current Catalog National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 National Library of Medicine Current Catalog National Library of Medicine (U.S.),1986 European Military Books and Intellectual Cultures of War in 17th-Century Russia Oleg Rusakovskiy,2024-09-16 This book discusses the role Western military books and their translations played in 17th century Russia By tracing how these translations were produced distributed and read the study argues that foreign military treatises significantly shaped intellectual culture of the Russian elite It also presents Tsar Peter the Great in a new light not only as a military and political leader but as a devoted book reader and passionate student of military science **The Visual Dominant in Eighteenth-Century Russia** Marcus C. Levitt,2011-10-01 The

Enlightenment privileged vision as the principle means of understanding the world but the eighteenth century Russian preoccupation with sight was not merely a Western import In his masterful study Levitt shows the visual to have had deep indigenous roots in Russian Orthodox culture and theology arguing that the visual played a crucial role in the formation of early modern Russian culture and identity Levitt traces the early modern Russian quest for visibility from jubilant self discovery to serious reflexivity to anxiety and crisis The book examines verbal constructs of sight in poetry drama philosophy theology essay memoir that provide evidence for understanding the special character of vision of the epoch Levitt s groundbreaking work represents both a new reading of various central and lesser known texts and a broader revisualization of Russian eighteenth century culture Works that have considered the intersections of Russian literature and the visual in recent years have dealt almost exclusively with the modern period or with icons The Visual Dominant in Eighteenth Century Russia is an important addition to the scholarship and will be of major interest to scholars and students of Russian literature culture and religion and specialists on the Enlightenment **Images and the Making of the Russian Empire,**

1471-1721 Valerie A. Kivelson,2025-09-18 Exploring the visual record of the Muscovite tsardom this book demonstrates that in imperial settings images actually do things Richly illustrated with 120 arresting little known images it considers how those images functioned as active agents for and against empire Images and the Making of the Russian Empire moves out from the throne room of the Kremlin to engravers workshops of Chernihiv and Kyiv to the Amur River basin to the icy peaks of Kamchatka wherever imagery and empire intersected which was everywhere The book presents an unexpected array of pictorial material including Muscovite illuminated histories Ukrainian political theological prints and Siberian reindeer herders pictographic signature marks Valerie A Kivelson demonstrates how pictures created by conquerors and conquered by elites and subjects by the powerful and the disempowered advanced and shaped the tsardom as it grew into an ethnically and religiously diverse empire in ways that have remained unnoticed until now Through its novel visual methodology it offers original perspectives on both Moscow s ambitions and the ways in which populations coming under tsarist control pushed back and reshaped the regime s own understanding of what it meant to be an imperial state *Depicting Orthodoxy in the*

Russian Middle Ages Ágnes Kriza, 2022-03-31 The image of Divine Wisdom traditionally associated with the Sophia Cathedral in Novgorod is an innovation of the fifteenth century The icon represents the winged royal red faced Sophia flanked by the Mother of God and John the Baptist Although the image has a contemporaneous commentary and although it exercised a profound influence on Russian cultural history its meaning together with the dating and localisation of the first appearance of the iconography has remained an art historical conundrum By exploring the message roots function and historical context of the creation of the first most emblematic and enigmatic Russian allegorical iconography Depicting Orthodoxy in the Russian Middle Ages deciphers the meaning of this icon In contrast to previous interpretations Kriza argues that the winged Sophia is the personification of the Orthodox Church The Novgorod Wisdom icon represents the Church of Hagia Sophia that is Orthodoxy as it was perceived in fifteenth century Rus Depicting Orthodoxy asserts that the icon together with its commentary was a visual textual response to the Union of Florence between the Catholic and Orthodox Churches signed in 1439 but rejected by the Russians in 1441 This interpretation is based on detailed interdisciplinary research drawing on philology art history theology and history Kriza's study challenges some key assumptions concerning the relevance of Church Schism of 1054 the polemics between the Greeks and the Latins about the bread of Eucharist and the role of the Union of Florence in the history of Russian art In particular by studying both well and lesser known works of art alongside overlooked textual evidence this volume investigates how the Christian Church and its true faith were defined and visualized in Rus and Byzantium throughout the centuries

Byzantium in Eastern European Visual Culture in the Late Middle Ages, 2020-08-03 Byzantium in Eastern European Visual Culture in the Late Middle Ages edited by Maria Alessia Rossi and Alice Isabella Sullivan engages with issues of cultural contact and patronage as well as the transformation and appropriation of Byzantine artistic theological and political models alongside local traditions across Eastern Europe The regions of the Balkan Peninsula the Carpathian Mountains and early modern Russia have been treated in scholarship within limited frameworks or excluded altogether from art historical conversations This volume encourages different readings of the artistic landscapes of Eastern Europe during the late medieval period highlighting the cultural and artistic productions of individual centers These ought to be considered individually and as part of larger networks thus revealing their shared heritage and indebtedness to artistic and cultural models adopted from elsewhere and especially from Byzantium See inside the book

Musorgsky Richard Taruskin, 2021-01-12 It is a fully illuminated story that Richard Taruskin in the path breaking essays collected here unfolds around Modest Musorgsky Russia's greatest national composer Taruskin's tour de force comes with a frontal attack on all the Soviet bred truisms that for a century have refashioned Musorgsky from what the evidence suggests he was an aristocrat with an early clinical interest in true to life musical portraiture and a later penchant for drinking partners who were both folklore buffs and political reactionaries democrat from the foreword Incorporating both new and now classic essays this book for the first time sets the vocal works of Modest Musorgsky in a fully detailed cultural political and historical context

From this perspective Richard Taruskin revises fundamentally the composer's historical and artistic image in particular debunking the century old dogmas of Vladimir Stasov Musorgsky's first biographer Here the author offers the most complete explanation of the revision of the opera Boris Godunov compares it to contemporaneous operas by Chaikovsky and Rimsky Korsakov advances a revisionary characterization of Khovanshchina as an aristocratic tragedy informed by a pessimistic view of history discusses Musorgsky's use of folklore and focusing on Sorochintsi Fair brings to a climax his refutation of Musorgsky as a protorevolutionary populist The epilogue is a survey of revisionary productions of Musorgsky's works at home during the Gorbachev era **The New Grove Dictionary of Music and Musicians** Stanley Sadie, John Tyrrell, 2001

Monthly Index of Russian Accessions Library of Congress. Processing Department, 1962

This is likewise one of the factors by obtaining the soft documents of this **Mudrost Vekov Ancient Wisdom** by online.
