Owen Wisters West Selected Articles

Robert Edward Fleming

Owen Wisters West Selected Articles:

Owen Wister's West Owen Wister, 1987 Marriage, Violence and the Nation in the American Literary West William R. Handley, 2002-08-15 In *Marriage Violence and the Nation in the American Literary West* William R Handley examines literary interpretations of the Western American past Handley argues that although scholarship provides a narrative of western history that counters optimistic story of frontier individualism by focusing on the victims of conquest twentieth century American fiction tells a different story of intra ethnic violence surrounding marriages and families He examines works of historiography as well as writing by Zane Grey Willa Cather Wallace Stegner and Joan Didion among others to argue that these works highlight white Americans anxiety about what happens to American character when domestic enemies such as Indians and Mormon polygamists against whom the nation had defined itself in the nineteenth century no longer threaten its homes Handley explains that once its enemies are gone imperialism brings violence home in retrospective narratives that allegorise national pasts and futures through intimate relationships **Reading The Virginian in the New West** Melody Graulich, Stephen Tatum, 2003-01-01 Although the origins of the western are as old as colonial westward expansion it was Owen Wister's novel *The Virginian* published in 1902 that established most of the now familiar conventions of the genre On the heels of the classic western's centennial this collection of essays both re-examines the text of *The Virginian* and uses Wister's novel as a lens for studying what the next century of western writing and reading will bring The contributors address Wister's life and travels the novel's influence on and handling of gender and race issues and its illustrations and various retellings on stage film and television as points of departure for speculations about the new West as indeed Wister himself does at the end of the novel The contributors reconsider the novel's textual complexity and investigate *The Virginian*'s role in American literary and cultural history Together their essays represent a new western literary studies comparable to the new western history *The Mythical West* Richard W. Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America's most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody's Wild West Show in the late 1800s Or that many interpreters believe that *The Wonderful Wizard of Oz* is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs **American Masculinities: A Historical Encyclopedia** Bret Carroll, 2003-10-14 This is a highly recommended purchase for undergraduate medium sized and large public libraries wishing to provide a substantial introduction to the field

of men's studies Reference User Services Quarterly Pleasing layout and good cross references make Carroll's compendium a welcome addition to collections serving readers of all ages Highly recommended CHOICE An excellent index well chosen photographs and illustrations and an extensive bibliography add further value American Masculinities is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well American Reference Books Annual American Masculinities A Historical Encyclopedia is a first of its kind reference detailing developments in the growing field of men's studies This up to date analytical review serves as a marker of how the field has evolved over the last decade especially since the 1993 publication of Anthony Rotundo's American Manhood This seminal book opened new vistas for exploration and research into American History society and culture Weaving the fabric of American history American Masculinities illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies Seeing U S history in terms of gender archetypes readers will gain a richer and deeper understanding of America's democratic political system domestic and foreign policies and capitalist economic system as well as the private sphere of the home and domestic life The contributors to American Masculinities share the assumption that men's lives have been grounded fundamentally in gender that is in their awareness of themselves as males Their approach goes beyond scholarship which traditionally looks at men and women in terms of what they do and how they have influenced a given field or era Rather this important work delves into the psychological core of manhood which is shaped not only by biology but also by history society and culture Encapsulating the current state of scholarly interpretation within the field of Men's Studies American Masculinities A Historical Encyclopedia is designed to help students and scholars advance their studies develop new questions for research and stimulate new ways of exploring the history of American life Key Features Reader's Guide facilitates browsing by topic and easy access to information Extensive name place and concept index gives users an additional means of locating topics of interest More than 250 entries each with suggestions for further reading Cross references direct users to related information Comprehensive bibliography includes a list of sources organized by categories in the field Topics Covered Arts Literature and Popular Culture Body Health and Sexuality Class Ethnic Racial and Religious Identities Concepts and Theories Family and Fatherhood General History Icons and Symbols Leisure and Work Movements and Organizations People Political and Social Issues About the Editor Bret E Carroll is Associate Professor of History at California State University Stanislaus He received his Ph D from Cornell University in 1991 He is author of The Routledge Historical Atlas of Religion in America 1997 Spiritualism in Antebellum America 1997 and several articles on nineteenth century masculinity The Cowboy Blake Allmendinger, 1992 The Cowboy uses literary historical folkloric and pop cultural sources to document the cowboy's role in the culture of the American West In doing so Allmendinger makes use of early oral poems recited by cowboys in the course of their work and later poems histories and autobiographies written by cowboys most of which have never before been studied

by scholars **Imperial Affects** Jonna Eagle, 2017-07-21 Imperial Affects is the first sustained account of American action based cinema as melodrama From the earliest war films through the Hollywood Western and the late century action cinema imperialist violence and mobility have been produced as sites of both visceral pleasure and moral virtue Suffering and omnipotence operate as twinned affects in this context inviting identification with an American national subject constituted as both victimized and invincible a powerful and persistent conjunction traced here across a century of cinema Looking West John D. Dorst, 1999 In Looking West John D Dorst examines a largely neglected pattern of seeing that stands in contrast to the universally familiar iconography Westerns Lee Clark Mitchell, 1996-11-15 A study of masculinity in westerns both in literature and in the cinema Wounds of Returning Jessica Adams, 2012-09-01 From Storyville brothels and narratives of turn of the century New Orleans to plantation tours Bette Davis films Elvis memorials Willa Cather's fiction and the annual prison rodeo held at the Louisiana State Penitentiary at Angola Jessica Adams considers spatial and ideological evolutions of southern plantations after slavery In Wounds of Returning Adams shows that the slave past returns to inhabit plantation landscapes that have been radically transformed by tourism consumer culture and modern modes of punishment even those landscapes from which slavery has supposedly been banished completely Adams explores how the commodification of black bodies during slavery did not disappear with abolition rather the same principle was transformed into modern consumer capitalism As Adams demonstrates however counternarratives and unexpected cultural hybrids erupt out of attempts to re create the plantation as an uncomplicated scene of racial relationships or a signifier of national unity Peeling back the layers of plantation landscapes Adams reveals connections between seemingly disparate features of modern culture suggesting that they remain haunted by the force of the unnatural equation of people as property **Owen Wister and the West** Gary Scharnhorst, 2015-03-16 Westerns are rarely only about the West From the works of James Fenimore Cooper to Gary Cooper stories set in the American West have served as vehicles for topical commentary More than any other pioneer of the genre Owen Wister turned the Western into a form of social and political critique touching on such issues as race the environment women's rights and immigration In Owen Wister and the West a biographical literary account of Wister's life and writings Gary Scharnhorst shows how the West shaped Wister's career and ideas even as he lived and worked in the East The Virginian Wister's claim to literary fame was published in 1902 but his writing career actually began in 1891 and continued for twenty five years after the publication of his masterpiece Scharnhorst traces Wister's western connections up to and through the publication of The Virginian and shows that the author remained deeply connected to the American West until his death in 1938 Like his Harvard friend Theodore Roosevelt Wister was the sickly scion of an eastern family who recuperated in the West before returning to his home and inherited social position His life story is punctuated with appearances by such contemporaries as Frederic Remington Rudyard Kipling and Ernest Hemingway Scharnhorst thoroughly discusses Wister's experiences in the West including a detailed chronology of his travels and the writings that grew out of

them He offers numerous insights into Wister's adroit use of sources and provides revealing comparisons between Wister's western works and the writings of other authors treating the same region The West Scharnhorst shows was the crucible in which Wister tested and expressed his political opinions most of them startlingly conservative by present standards Yet The Virginian remains the template for the western novel today More than any other Western writer of the past century and a half Wister's career merits resurrection

Affective Critical Regionality Neil Campbell, 2016-08-17 Affective Critical Regionality offers a new approach to developing a sharper more nuanced understanding of the relations between place space memory and affect It builds on the author's extensive work on the American West where he developed the idea of expanded critical regionalism to underline the West as multiple dynamic and relational engaged in global local processes tensions between the rooted and the routed and increasingly as relevant to debates around the politics of precarity and vulnerability This book uses affective critical regionality to enable a re valuing of the local as a powerful means to appreciate the everyday and the over looked as vital elements within a more inclusive understanding of how we live Exploring a variety of cultural materials including fiction memoir theory poetry and film it demonstrates how this approach can deepen our understanding of and simultaneously provoke new relations with place Moving beyond the US context through its use of international theoretical voices and texts it will show how the concept is applicable to other cultural spheres

A Taste of Power Katharina Vester, 2015-10-02 A Taste of Power is an investigation of the crucial role culinary texts and practices played in the making of cultural identities and social hierarchies since the founding of the United States Nutritional advice and representations of food and eating including cookbooks literature magazines newspapers still life paintings television shows films and the internet have helped throughout American history to circulate normative claims about citizenship gender performance sexuality class privilege race and ethnicity while promising an increase in cultural capital and social mobility to those who comply with the prescribed norms The study examines culinary writing and practices as forces for the production of social order and at the same time as points of cultural resistance against hegemonic norms especially in shaping dominant ideas of nationalism gender and sexuality suggesting that eating right is a gateway to becoming an American a good citizen an ideal man or a perfect mother Cookbooks as a low prestige literary form became the largely unheralded vehicles for women to participate in nation building before they had access to the vote or public office for middle class authors to assert their class privileges for men to claim superiority over women even in the kitchen and for Lesbian authors to reinscribe themselves into the heteronormative economy of culinary culture The book engages in close reading of a wide variety of sources and genres to uncover the intersections of food politics and privilege in American culture Provided by publisher

Outside America Dan Moos, 2005 A new study of those excluded from the national narrative of the West Dan Moos challenges both traditional and revisionist perspectives in his exploration of the role of the mythology of the American West in the creation of a national identity While Moos concurs with contemporary scholars who note that the myths of the

American West depended in part upon the exclusion of certain groups African Americans Native Americans and Mormons he notes that many scholars in their eagerness to identify and validate such excluded positions have given short shrift to the cultural power of the myths they seek to debunk That cultural power was such Moos notes that these disenfranchised groups themselves sought to harness it to their own ends through the active appropriation of the terms of those myths in advocating for their own inclusion in the national narrative that because the construction of American culture was never designed to accommodate these outsiders their writings display a division between their imagined place in the narrative of the nation and their effacement within the real West marked by intolerance and inequality

The Collected Western Classics of Owen Wister Owen Wister,2022-11-13 In The Collected Western Classics of Owen Wister readers are introduced to a quintessential collection that encapsulates the spirit of the American West at the turn of the 20th century Wister's prose is characterized by its vivid imagery rich character development and a deep exploration of themes such as rugged individualism courage and the complexities of frontier life This compendium which includes notable works like The Virginian exemplifies the emergence of the Western genre combining adventure with a profound socio cultural critique reflecting both the romanticized and harsh realities of life in the West

From Chivalry to Terrorism Leo Braudy,2010-12-08 Manliness has always been linked to physical prowess and to war indeed the warrior has been the archetypal man across countless cultures throughout time In this magisterial excursion through literature history warfare and sociology one of our most prominent scholars tracks the complex relationship between the changing methods and goals of warfare and shifting models of manhood This journey takes us from the citizen soldiers of ancient Greece to the medieval knights to the misogynistic terrorists of Al Qaeda As he chronicles these transformations Leo Braudy weighs the significance of everything from weapon technology to the hairstyles favored during different eras He offers fresh insights on codes of war and codes of racial purity and on cultural and historical figures from Socrates to Don Quixote to Napoleon to Custer to Rambo Epic in scope and free of academic jargon From Chivalry to Terrorism is a masterwork of scholarship that is both accessible and breathtakingly ambitious

Manifest Destiny Anders Stephanson,1996-01-31 When John O Sullivan wrote in 1845 the right of our manifest destiny to overspread and to possess the whole of the continent which Providence has given us for the development of Liberty and federated self government entrusted to us he coined a phrase that aptly describes how Americans from colonial days and into the twentieth century perceived their privileged role Anders Stephanson examines the consequences of this idea over more than three hundred years of history as Manifest Destiny drove the westward settlement to the Pacific defining the stubborn belief in the superiority of white people and denigrating Native Americans and other people of color He considers it a component in Woodrow Wilson's campaign to make the world safe for democracy and a strong factor in Ronald Reagan's administration

OWEN WISTER Ultimate Collection: Western Classics, Adventure & Historical Novels (Including Non-Fiction Historical Works) Owen Wister,2017-05-29 This carefully edited collection has been designed and

formatted to the highest digital standards and adjusted for readability on all devices Owen Wister 1860 1938 was an American writer and father of western fiction When he started writing he naturally inclined towards fiction set on the western frontier Wister s most famous work remains the novel *The Virginian* set in the Wild West It describes the life of a cowboy who is a natural aristocrat set against a highly mythologized version of the Johnson County War and taking the side of the large land owners *The Virginian* paved the way for many more westerns by such authors as Zane Grey Louis L Amour and several others It is also widely regarded as being the first cowboy novel

Owen Wisters West Selected Articles Introduction

In the digital age, access to information has become easier than ever before. The ability to download Owen Wisters West Selected Articles has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Owen Wisters West Selected Articles has opened up a world of possibilities. Downloading Owen Wisters West Selected Articles provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Owen Wisters West Selected Articles has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Owen Wisters West Selected Articles. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Owen Wisters West Selected Articles. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Owen Wisters West Selected Articles, users should also

consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Owen Wisters West Selected Articles has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Owen Wisters West Selected Articles Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
