

PATHS OF DESIRE

THE PASSIONS OF A SUBURBAN GARDENER

"Illuminates the natural world...
a tale of few illusions and
many delights, unerringly wise."
—The New York Times Book Review

DOMINIQUE BROWNING

author of *Around the House* and *in the Garden*

Paths Of Desire The Passions Of A Suburban Gardener

BIJAN DEHGAN

Paths Of Desire The Passions Of A Suburban Gardener:

Paths of Desire Dominique Browning, 2004 Traces the author's endeavors to restore and recreate her suburban garden an effort during which she combated pests neighborhood ecological limitations and other elements while discovering the joys of organic gardening

Paths of Desire Dominique Browning, 2005-02-08 Traces the author's endeavors to restore and recreate her suburban garden an effort during which she combated pests neighborhood ecological limitations and other elements while discovering the joys of organic gardening

The Gardener's Bed-Book Richardson Wright, 2003-04-22
First published in 1929 The Gardener's Bed Book is a much beloved gardening classic by the renowned editor of House Garden magazine in the 1920s and 30s Each of its 365 perfectly sized little essays is meant to be read in bed at night after a long day's work either real or imagined in the garden A charming and mischievously funny companion to curl up with Wright ranges comfortably and lyrically from giving gardening advice to meditating on such topics as antique collecting and travel great literature and architecture He is an addictive delight as memorable describing the challenges of growing plume poppies as he is the simple pleasure of hanging up the dish towel once the housework is done Written in language that is as timeless as it is seductive The Gardener's Bed Book will appeal to gardening experts and armchair enthusiasts alike This Modern Library edition is published with a new Introduction by Dominique Browning the editor in chief of House Garden and author of Around the House and in the Garden and the forthcoming Paths of Desire The Passions of a Suburban Gardener

Where Mortals Dwell Craig G. Bartholomew, 2011-09-01 Place is fundamental to human existence However we have lost the very human sense of place in today's postmodern and globalized world Craig Bartholomew a noted Old Testament scholar and the coauthor of two popular texts on the biblical narrative provides a biblical theological and philosophical grounding for place in our rootless culture He illuminates the importance of place throughout the biblical canon in the Christian tradition and in the contours of contemporary thought Bartholomew encourages readers to recover a sense of place and articulates a hopeful Christian vision of placemaking in today's world Anyone interested in place and related environmental themes including readers of Wendell Berry will enjoy this compelling book

Apprentice to a Garden Evelyn J. Hadden, 2005 Hadden's stories of how a new gardener transforms her urban lawn into a private wild garden evoke the wonder the drama and the compelling nature of gardening

From Grass to Gardens Janet Lembke, 2006-01-01 Inspires sustains surprises and consoles National Geographic Traveler for River Time The good stuff Not only good history but an engaging intellectual autobiography Sue Hubbell New York Times Book Review for Dangerous Birds Janet Lembke loves to garden But when she moved into her urban home in Virginia she only had one eighth of an acre to work with a small front yard and a small backyard How she traded a postage stamp lawn for an edible cornucopia is what this enchanting book is all about Lembke joyfully guides us on her gardening journey in chapters called Tomato Haven The Grass Extermination Project Tools of the Trade How a Garden Grows Herbs Flowers Vegetables Outwitting the Gardener Wooing the Green Man Courting

Dame Kind and Garden Dreams From Grass to Garden is chock full of tips and advice for gardeners with tiny plots including what plants are compatible with others garden paths and seating what vegetables and plants work best in front versus backyards and more She offers everything a hopeful gardener needs to reap bounty for the kitchen table from what was once a small pesky lawn

Public Garden Management: a Global Perspective BIJAN DEHGAN, 2014-04-15 Public Gardens Management A Global Perspective provides essential information about public gardens and what is involved in designing managing and maintaining one Although suitable as a textbook its audience will include anyone with direct or peripheral responsibility for administration or supervision of a complex organization that requires scientific knowledge as well as public relations and business acumen It may also prove useful for homeowners for there is no fundamental difference between growing plants in a public garden or a home garden a fact reflected in the extensive reference citations The topic is multidisciplinary and as old as the beginning of human civilization when the concept of mental and physical restoration was realized by early man while he she was in a natural but well ordered garden environment Thus began the art of garden making Many volumes have been written on every applicable subject discussed in this and similar publications Indeed the voluminous literature on history design horticulture and numerous related subjects is nothing short of overwhelming Accordingly anyone involved in management of public gardens whether as a director or area supervisor and irrespective of the type and size of such facility would have to have familiarity with various aspects of garden organization and administration However despite the enormous number and diversity of such publications there are very few books that deal with the multiplicity of the topics in such a manner as to be practical in approach and cover most relevant and unified issues in a single book These volumes provide the essential background information on plants animals management maintenance fundraising and finances as well as history art design education and conservation They also cover a host of interrelated subjects and responsible organization of such activities as creating a childrens garden horticultural therapy conservatories zoological gardens and parks hence administration of multidimensional public gardens Nearly 500 full color plates representing illustrations from gardens in more than 30 countries are provided to assist and guide students and other interested individuals with history and the fundamental issues of public garden management The 15 chapters begin with the need for public gardens types of public gardens historical backgrounds as well as design diversity Numerous quotations are included from many garden lovers landscape architects philosophers and others The authors primary aim in writing this book was based on the confidence that a relevant reference between the encyclopedic nature of some and the specific subject matter of others could be used to provide fundamental information for management of public as well as private gardens The boundary between botanical and zoological gardens and parks is no longer as distinct as it once was In part it is because a garden is not a garden without plants and in part it has become apparent that for all practical intents and purposes all animals need plants for their survival Visitors of zoological gardens expect to see more than just animals zoos are landscaped

grounds Moreover most communities find it financially difficult to simultaneously operate a botanical garden or an arboretum as well as a zoological garden and city parks A number of public gardens are currently referred to as botanical and zoological garden Population density and the public's desires and expectations as well as financial requirements are among the reasons for some major city parks such as Golden Gate in San Francisco Central Park in New York City and Lincoln Park in Chicago which integrate botanical or zoological divisions as well as museums and recreational facilities While this book attempts to provide basic principles involved in public garden management it does not claim to be a substitute for broader familiarity

Extreme Domesticity Susan Fraiman, 2017-01-10 Domesticity gets a bad rap We associate it with stasis bourgeois accumulation banality and conservative family values Yet in *Extreme Domesticity* Susan Fraiman reminds us that keeping house is just as likely to involve dislocation economic insecurity creative improvisation and queered notions of family Her book links terms often seen as antithetical domestic knowledge coinciding with female masculinity feminism and divorce domestic routines elaborated in the context of Victorian poverty twentieth century immigration and new millennial homelessness Far from being exclusively middle class domestic concerns are shown to be all the more urgent and ongoing when shelter is precarious Fraiman's reformulation frees domesticity from associations with conformity and sentimentality Ranging across periods and genres and diversifying the archive of domestic depictions Fraiman's readings include novels by Elizabeth Gaskell Sandra Cisneros Jamaica Kincaid Leslie Feinberg and Lois Ann Yamanaka Edith Wharton's classic decorating guide popular women's magazines and ethnographic studies of homeless subcultures Recognizing the labor and know how needed to produce the space we call home *Extreme Domesticity* vindicates domestic practices and appreciates their centrality to everyday life At the same time it remains well aware of domesticity's dark side Neither a romance of artisanal housewifery nor an apology for conservative notions of home *Extreme Domesticity* stresses the heterogeneity of households and probes the multiplicity of domestic meanings **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 2004 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Cassette Books Library of Congress.
