Pathways Through The Torah Part Two:

Pathways Through the Torah. Part Two Arthur A. Chiel,1975 *The Bloodstained Path To God* Daniel Habben,Sarah Habben,2012-01-01 Why are there so many sacrifices in the Bible As you read through the Old Testament you ll quickly realize that in Old Testament times worship was very different from what we know today Why did God give his people so many laws to follow Why did he command them to offer sacrifices and burnt offerings What was the point of it all The Bloodstained Path to God offers you two unique ways to learn about this interesting time period First the authors give a basic explanation of the biblical laws focusing on the yearly cycle of festivals and sacrifices God commanded his people to offer Second using a series of short stories the authors illustrate what Jewish family life was like in the Old Testament These stories emphasize the impact of God s laws on day to day life and what worship was like at the temple in Jerusalem This book is part of the Bible Discovery Series which provides you with background resources to help you unearth and understand the Bible s greater meaning for your life today *An Alternative Path to Modernity* Yosef Kaplan,2021-11-29 The essays in this volume deal with the social and intellectual history of the Western Spanish and Portuguese Jews who established new communities in Northwestern Europe during the seventeenth century The founders of these communities were mainly former Marranos descendants of those Jews who had converted to Christianity in the closing years of the Middle Ages After being separated from the Jewish world for many generations they returned to Judaism and became an integral part of the Sephardi nation Amsterdam became the metropolis of this new Jewish diaspora which was characterised by both its involvement in colonial trade and its intellectual ferment The reencounter of these Jews with Judaism was a complex affair and for many of these former New Christians rabbinic Judaism aroused harsh criticism In order to set the boundaries of their new identity the leadership of the Sephardi communities of Amsterdam Hamburg and London adopted a variety of strategies designed to rein in these wayward spirits This process of socialisation into the Jewish world created a new type of Judaism and those whose Jewish life was framed by this new amalgam can be considered the precursors of modernity in European Jewish society

Early Christian Paraenesis in Context James Starr,Troels Engberg-Pedersen,2012-02-13 An up to date discussion of early Christian paraenesis in its Graeco Roman and Hellenistic Jewish contexts in the light of one hundred years of scholarship issuing from a research project by Nordic and international scholars The concept of paraenesis is basic to New Testament scholarship but hardly anywhere else How is that to be explained The concept is also notoriously without any agreed upon definition and it is even contested Can it at all be salvaged This volume reassesses the scholarly discussion of paraenesis both the concept and the phenomenon since Paul Wendland and Martin Dibelius and argues for a number of ways in which it may continue to be fruitful *Biblica: Vol.71* , *The Biblical Path to Psychological Maturity* Vivian Skolnick,2009 *The Golden Path* David Sclar,2023-05-01 Among the intellectual luminaries dotting the millennia of Jewish history none shines brighter than Maimonides 1138 1204 He was a rabbi jurist Talmudist philosopher physician astronomer

and communal leader and produced a myriad of writings on halakhah theology medicine and philosophy that have attained near canonical status We have more source material from or about Maimonides than possibly any other Jewish figure in the medieval period and more has been written about him than perhaps any other Jew in history Epithets like the Great Eagle and the Western Light and the glorifying statement From Moses to Moses none arose like Moses reflect centuries of authority influence and fascination The Golden Path traces the impact and reception of Maimonides and his thought through a study of materiality specifically the production and dissemination of textual objects It consists of two sections a descriptive catalogue of an exceptional private collection of manuscripts and rare books and essays from leading scholars on aspects of Maimonides s cultural context influence and appropriation through disparate eras and geopolitical spheres Combining intellectual reception and book historical research the heavily illustrated volume explores his effects in assorted social and political circumstances across diverse intellectual and cultural environments

The Figure of Abraham in John 8 Ruth Sheridan,2020-01-09 In the Gospel of John the character of Jesus repeatedly comes into conflict with a group pejoratively designated as the Jews In chapter 8 of the Gospel this conflict could be said to reach a head with Jesus labeling the Jews as children of the devil 8 44 a verse often cited as epitomizing early Christian anti Judaism Using methods derived from modern and post modern literary criticism Ruth Sheridan examines textual allusions to the biblical figures of Cain and Abraham in John 8 1 59 She pays particular attention to how these allusions give shape to the Gospel s alleged and infamous anti Judaism exemplified in John 8 44 Moreover the book uniquely studies the subsequent reception in the Patristic and Rabbinic literature not only of John 8 but also of the figures of Cain and Abraham It shows how these figures are linked in Christian and Jewish imagination in the formative centuries in which the two religions came into definition
