thoughts of home comfort someone at a time of grief or celebrate a birth or new love It is a maker of memories a marker of
identities and delicious It was the year 878 A D and a man claimed sanctuary in a small village home in Wessex To the
surprise of the villager the man was not a passing vagabond but Alfred King of the Anglo Saxons The village homemaker was
happy to hide him from the marauding Danes provided he keep an eye on the cake she had baking in the oven Preoccupied
with how to re take his kingdom Alfred let the cake burn and the incident passed into folklore forever From these seemingly
ignoble beginnings not only was Alfred able to reclaim his spot in history but the humble villager s cake has become a part of
world culture as well Alysa Levene looks at cakes both ancient and modern from the fruit cake to the pound cake from the
ubiquitous birthday cake to the angel food cake all the way up to competitive baking shows on television and our modern
obsession with macaroons and cup cakes Along the way author Alysa Levene shows how cakes are so much more than just a
delicious sugar hit and reflects on how and why cakes became the food to eat in times of celebration Cake reflects cultural
differences whether it is the changing role of women in the home the expansion of global trade even advances in technology
Entertaining and delightfully informative Cake A Slice of History promises to be a witty and joyous celebration of our cultural
