Patriot For Me Single Play:

Not in Front of the Audience Nicholas de Jongh,1992-03-26 Not in Front of the Audience is a pioneering and important study of a neglected terrain examining the way in which the theatres of London and New York have reflected contemporary social and cultural attitudes to gay men and homosexuality In the 1920s and 1930s the theatre represented homosexuals as either corrupt or morally pitiful During the Cold War under the influence of McCarthyism homosexuality was perceived as not only morally reprehensible but also politically dangerous and the theatre dutifully reflected such perceptions Until 1958 direct discussion or depiction of homosexuality was banned from the stage in Britain But by the late 1960s the theatres of London and New York had begun to confront the issue of heterosexual prejudice and its devastating impact upon the lives of gay men and lesbians In the wake of the AIDS epidemic the author concludes the representation of homosexuality in the theatre has again become an urgent and highly charged issue *John Osborne* Patricia D.
