Patriotism in America John J. Pullen,1971 What has constituted patriotism in the history of America How far has dissent gone in the history of our country What parallels are there in the history of our military entanglements Do the American people have more than one level of sensitivity How far has conscience driven youth into heroic sacrifice or into flight
Religion and Society in North America Robert deV. Brunkow,1983 **American Patriotism** Selim H.

Peabody,1886 **The Puritan Origins of American Patriotism** George McKenna,2007-01-01 In this absorbing book George McKenna ranges across the entire panorama of American history to track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and traveled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation s patriotism a prejudice against the South in the nineteenth century for example and a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism s role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era *American Patriotism* Selim Hobart Peabody,1885 **American Patriotism** Selim Hobart Peabody,2018-01-29 *American Patriotism* ,1884

American Patriotism: Speeches, Letters, and Other Papers which Illustrate the Foundation, the Development, the Preservation of the United States of America ,1880 *American Patriotism* Selim H. Peabody,2015-06-28 Excerpt from *American Patriotism* Speeches Letters and Other Papers Which Illustrate the Foundation the Development the Preservation of the United States of America The design of this compilation is to present a sheaf of ripened grain grown on American soil to include the noblest specimens of the learning and eloquence and wisdom and patriotism of those who by the judgment of their own time and the concurrent verdict of posterity have been recognized as the foremost men and the clearest thinkers in the growing state Such sheaves have been garnered before But the later events hardly yet rounded into completeness furnish to the reaper a broader field upturned by the tillage of war whence has sprung a new harvest of glorious and abounding grain not less precious than that oft reaped before This work has naturally classified itself into three parts the first including papers which illustrate the formative period of the nation s history culminating in the Revolution the second those produced in a time not at all of inaction but of vigorous and healthful yet of peaceful development the third those poured forth in hot and tumultuous haste blazing with patriotic fire when the Rebellion was earthquake and tempest

and pestilence in one Following the papers in the chronological order of their arrangement one may trace in the first period the progress of public thought the hope and wish that wrongs might be righted within the pale of the colonial system doubts of success ripening into conviction that separation was imperative lofty purpose culminating in the Declaration of Independence the period closing with the glorious sunset of the great commander Guided by no such sequence of ideas and events in the second period we simply include several of its historic papers matchless in eloquence and wisdom About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
