Patterns Of Action Religion And Ethics In A Comparative Perspective

David Chidester

Patterns Of Action Religion And Ethics In A Comparative Perspective:

Patterns of Action David Chidester, 2001 **A Bibliographic Guide to the Comparative Study of Ethics** John Braisted Carman, Mark Juergensmeyer, William Darrow, 1991-04-26 This bibliography is the culmination of four years work by a team of noted scholars its annotated entries are organised by religious tradition and cover each tradition s central concepts offering a judicious selection of primary and secondary works as well as recommendations of cross cultural topics to be explored Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool *Patterns of Action* David Chidester, 1987 The Palgrave Handbook of Religion, Peacebuilding, and Development in Africa Susan M. Kilonzo, Ezra Chitando, Joram Tarusarira, 2023-10-17 This Handbook explores the ways in which religion among the African people has been applied in situations of conflict and violence to contribute to sustainable peace and development It analyzes how peacebuilding inspired and enabled by religion serves as the foundation for sustainable development in Africa while also acknowledging that religion can also be a tool of destruction and can be used to fuel violence and underdevelopment Contributors to this volume offer theoretical discussions from existing literature as well as experiences of practitioners to deepen the readers understanding on the role of religion and religious institutions in peacebuilding and development in Africa The Handbook provides reflections on possible future developments as well thereby aligning with the goals of SDG 16 **Religion and Environmentalism** Lora Stone, 2020-07-01 A foundational resource for readers investigating religiously motivated environmentalism this book provides both a global overview of the subject and a detailed discussion of key figures concepts organizations events and documents Beginning in the late 1960s a growing number of activists scholars and scientists asserted that traditional religions had been major contributors to the environmental crisis In response theologians religious organizations and religiously motivated activists became increasingly involved in environmental issues At the same time emerging nature based belief systems emphasized values and lifestyles based in environmentalism More recently religiously motivated environmentalism has become a powerful force in shaping environmental policy and human action globally and has joined with secular environmentalism to address related issues This book explores the background and current state of religious environmentalism The book begins with an overview essay examining the history and context of religious environmentalism and its significance today A chronology then profiles the most important events related to religious environmentalism A section of more than 50 alphabetically arranged reference entries follows with each entry providing objective information about people places events movements works and other topics The entries include cross references and suggestions for further reading and the book closes with a selected annotated bibliography of major works Narratives of Environmental Challenges in Brazil and India Zélia M. Bora, Murali Sivaramakrishnan, 2018-11-15 *Narratives of Environmental Challenges in Brazil and India* Losing Nature edited by Zelia Bora and Murali Sivaramakrishnan contextualizes the two subcontinents of India and Brazil and closely examines environmental

issues from within and without This collection focuses largely on the fate of forests and water in these two geographical terrains This book explores narratives that reflect transformations hitherto unprecedented demographic expansions exploitation of natural resources pollution and depletion of river and fresh water sources uncontrollable demands on the energy front waste and garbage disposal drastic reduction of biodiversity All of these are factors to research when one considers losing nature In philosophical as well as theoretical terms the question of what is nature what is gained and lost in human nature interaction what is the essential balance of nature are all important queries on a similar scale Societal reality in present day Brazil and India is reconstructed and deconstructed at will by the powerful influence of the past alongside that of globalization and technocratic market structures The volume contemplates the representation and interrogation of environmental issues in both subcontinents Brazil and India

Vodou in Haitian Life and Culture C. Michel,P.

Bellegarde-Smith,2006-11-27 This collection introduces readers to the history and practice of the Vodou religion and corrects many misconceptions The book focuses specifically on the role Vodou plays in Haiti where it has its strongest following examining its influence on spiritual beliefs cultural practices national identity popular culture writing and art

Where Sound the Cries of Race and Clan Carl Abbott,2019-04-25 It is 1935 and Psychiatrist Charles Flemming has other concerns on his mind the unfair nature of Canadian Government immigration regulations for Chinese Jews and other minorities He meets a Jewish medical student and by chance meets his older sister Rebekah who is a widow As a result he is determined to search out the immigration decisions in Ottawa He goes to Ottawa with Rebekah They fall in love despite the religious differences The other issues on his mind are the poor status of social justice in Canada and his own dilemma of deception from a relative of his previous fianc e in Poland He eventually sails to Poland with Rebekah and resolves the deception by granting forgiveness to the mother of his dead fianc e Rebekah stays in Lotz continuing her research on the history of the Russian rulers treatment of the Jews in Poland

What Has Religion Studies in Africa Been Up To? Jaco

Beyers,2023-04-05 The purpose of the book is to provide a collection of perspectives from various parts of Africa on what scholars in religion studies are currently engaged with whether it refers to topics or methodology Each chapter is written from the perspective of a scholar working within a particular context on a particular theme or topic related to religion studies Several methodologies have been implemented in each contribution to the book Each contribution applies a different methodology for the purpose of investigating a specific topic or research theme In general the majority of the contributions follow a method of critical literature review as applied to a specific field The book is not intended to provide an exhaustive list of all possible topics and themes addressed in current research in Africa From a decolonized perspective the book gives voice to African scholars who exhibit their scholarly work as related to religion studies Topics addressed include curriculum design and pedagogical approaches in teaching religion studies the relation between religion and culture in an African context religion and health religion and gender interreligious relations in Africa religion and ecology and religion and mission

Key Thinkers in Religion and Environment Lucas F. Johnston, 2024-07-01 Key Thinkers in Religion and Environment provides a theoretical foundation for scholarship related to the intersection of religions natures and cultures across disciplines The text introduces students to the major names theoretical issues and methodological orientations of the field while giving professors maximum freedom to insert case studies and examples as they wish Students will come away with an understanding of the most important scholars their theoretical contributions and the scholarly conundrums with which they wrestled The book includes figures who are foundational to the field of religious studies more broadly foregrounding key themes in their works which highlight the nature in of their argumentation whilst also highlighting the voices of women and people of color The thinkers come from a range of fields including religious studies philosophy anthropology sociology American Indian studies ethology agroecology theology and environmental history demonstrating the importance and impact of interdisciplinary research The book also offers a theoretical orientation which illuminates methodological and theoretical deficits in religious studies more generally whilst opening new avenues for thinking about environmental ethics It is a must read for all students and researchers of religion and the environment
