Studies in the Life of St. Paul Arthur Gordner Leacock,1906 **The Work and Teachings of the Apostles** Charles Foster Kent,1916 *Early Christianity in Macedonia* Julien M. Ogereau,2023-10-09 In this volume Julien M Ogereau investigates the origins and development of Christianity in the Roman province of Macedonia in the first six centuries CE Drawing from the oldest literary sources Ogereau reconstructs the earliest history of the first Christian communities in the region and explores the legacy of the apostle Paul in the cities of Philippi Thessalonica and Beroea Turning to the epigraphic and archaeological evidence Ogereau then examines Christianity's dissemination throughout the province and its impact on Macedonian society in late antiquity especially on its epigraphic habits and material culture *The New Testament ... in the original Greek: with notes and introductions by C. Wordsworth* Christopher Wordsworth (bp. of Lincoln),1881 Abingdon New Testament Commentaries | 2 Corinthians Calvin J. Roetzel,2007 From the second century to the present 2 Corinthians offers its riches grudgingly if at all and even then it demands only the most careful and attentive inquiries The Abingdon New Testament Commentaries series provides compact critical commentaries on the writings of the New Testament These commentaries are written with special attention to the needs and interests of theological students but they will also be useful for students in upper level college or university settings as well as for pastors and other religious leaders In addition to providing basic information about the New Testament texts and insights into their meanings these commentaries are intended to exemplify the tasks and procedures of careful critical biblical exegesis 2 Corinthians is a treasure hidden in a thorny thicket It is so rich so full of theological insight so packed with hope and possibility so aware of dark human tendencies and human vulnerability and so radical in its reevaluation of what is true and real From the Introduction
