Paul Apostle Of The Free Spirit:

Paul, Apostle of the Free Spirit F. F. Bruce, 1977 Paul: Apostle of the Free Spirit, 1983 A Mind for what Matters Frederick Fyvie Bruce, 1990 Anybody who has published more than forty books and nearly 2 000 articles and who has been called the greatest evangelical scholar of our time is a figure to be reckoned with Such is F F Bruce who towers like a giant over the field of contemporary biblical scholarship **Suffering and Glory** Patrick Whitworth, 2018-09-01 The story of the growth of the early Christian community A rapid detailed and accurate narrative full of picturesque scenes drawn directly from contemporary witnesses to the rise of Christianity in the Roman world **F. F. Bruce** Tim Grass, 2012-01-09 This is the first ever full length biography of Frederick Fyvie Bruce 1910 1990 one of the most influential British biblical scholars of the twentieth century Over his lifetime F F Bruce authored some fifty books and nearly two thousand articles and reviews His career offers valuable insights into key issues that affected evangelicals from the 1950s onwards including the relationship between academic theology and church life and the perception of evangelical scholarship within the academy at large Pauline Theology and Mission Practice Dean S. Gilliland, 1996-08-01 Not since Roland Allen s book in 1912 has there appeared such a thorough study of the Apostle Paul s mission theology and methodology The value of this comprehensive survey writes Harry R Boer in the foreword lies in part in its grounding in careful expository studies of Paul s ministry as revealed in Acts and in the corpus of the Pauline epistles Again and again the author illustrates the abiding relevance of Paul s first century insights for missionary thought and practice in the twentieth century He draws not only on Scripture but also on personal insights and illustrations arising from two decades of missionary service And he enters into significant dialogue with representative missionary literature of the modern period The book s five parts cover theology the sources and nature of Paul s theology and his theological assumptions for mission conversion Paul s conversion in Acts conversion as reality experience and process and conversion and the real world the convert s new life what its spiritual basis is and how to live it the church its oneness diversity and contextuality its leadership worship discipline and finance and the missionary his or her credentials and ministry Paul s theology was irresistible because it was energized by a fresh life changing experience and supported by a new love for all people writes the author in the introduction He then elaborates on four characteristics of that theology it is dynamic evangelical pastoral and holistic The absolute commitment of mind and body soul and spirit that was Paul s his love for the Lord Jesus and lost people everywhere concludes the author in the epilogue must be the very heart of the church **Paul and the Salvation of the Individual** Gary W. Burnett, 2001-12-01 This book proposes that there was a lively sense of the individual self in persons in the Hellenistic world of the urban centres in which Paul lived and ministered whereby individualistic behaviour was not unknown and where individuals were not simply determined by their culture and the group of which they were a part This is in contrast to many recent sociological approaches to the New Testament which emphasise the collective over the individual Hence it is argued that the individual is

a central feature of Paul's letter to the Romans Three texts in the first eight chapters of Romans are examined to indicate Paul's concern with the salvation of the individual and not just with questions of a more collective nature to do with the identity of the people of God This book challenges the very strong emphasis put upon the collective in recent approaches to Paul's letter to the Romans especially by sociologically based NT research but also within the wider body of Romans research It suggests that it is possible to maintain that Paul was vitally interested in the salvation of the individual without having to revert to traditional Lutheran interpretations of the text
