Heinz Hiestermann

Paul Follower Of Jesus Or Founder Of Christianity:

Paul David Wenham,1995 David Wenham has returned with new vigor to the old question of the relationship of Pauline thought to the life and teachings of Jesus back cover Paul, the Founder of Christianity Yoseop Ra,2021-12-01 Although many scholars have studied Paul's theology they have not provided satisfactory interpretation This is because his genuine epistles were studied as they have been left in the New Testament Rather from a redactional point of view Paul the Founder of Christianity approaches Paul's seven epistles Romans 1 Corinthians 2 Corinthians Galatians Philippians 1 Thessalonians and Philemon The book reconstructs his life and uncovers the compilation of sixteen short letters into seven epistles Accordingly these can be divided according to the chronological order of composition When the transformation of Paul's theology is traced one can see a progressive development of Christology the death of Jesus Christ redemption and salvation the Law the end of world the spirit of God and the church of God As a result it can be argued that after the Antioch incident Paul had conflict with the apostles of Jerusalem and founded Christianity for gentiles an argument that is presented in detail based on the evidence found in Paul's sixteen letters *Who Created Christianity?* Craig Evans,Aaron White,2021-10-05 *Who Created Christianity* is a collection of essays by top international Christian scholars who desire to reinforce the relationship that Paul had with Jesus and Christianity There is a general sense today among Christians in certain circles that Paul's teachings to the early Christian church are thought to be rogue even clashing at times with Jesus words Yet these essays set out to prove that the tradition that Paul passes on is one received from Jesus not separate from it The essays in this volume come from a diverse and international group of scholars They offer up to date studies of the teachings of Paul and how the specific teachings directly relate to the earlier teachings of Jesus This volume explores with even greater focus than ever before the tradition from which Paul emerges and the specific teachings that are part of this tradition This collection of essays proposes a complementary work to the work of David Wenham and his thesis that Paul was indeed not the founder of Christianity or the creator of Christian dogma instead he was a faithful disciple and a conveyer of a prior Christian tradition Includes essays by well known Christian scholars such as Craig Blomberg Alister McGrath N T Wright Michael Bird Greg Beale and more Paul and Jesus Issues of Continuity and Discontinuity in Their Discussion by Stanley E Porter How and Why Paul Invented Christian Theology by N T Wright The Origins of Paul's Gospel by Graham H Twelftree When Paul Met Jesus How an Idea Continues to Be Lost in History Past and Present by Stanley E Porter Paul and the Jesus Tradition An Old Question and Some New Answers by Rainer Riesner Continuity and Development in the Ministries of Jesus and of Paul by Christoph W Stenschke Paul's Significant Other in the We Passages by Joan E Taylor Whose Gospel Is It Anyway The Glory of Christ in the Prophetic Ministry of Paul according to His My Gospel and Our Gospel by Aaron W White David Wenham The Little Apocalypse Paul and Silas by Bruce Chilton The Parallels between 1 and 2 Thessalonians against the Background of Ancient Parallel Letters and Speeches by Armin D Baum Metanoia Jesus Paul and the Transformation of

the foundation of the gospel that Paul spread in the first century *From Pentecost to Patmos, 2nd Edition* Craig L. Blomberg, Darlene M. Seal, 2021-07-01 Pairing depth of scholarship with contemporary application the authors of *From Pentecost to Patmos* have produced a unique introductory New Testament textbook Craig Blomberg and Darlene Seal provide the context and clarity that readers need to better understand Acts through Revelation showcasing the historical linguistic and theological implications found in each book This second edition includes expanded footnotes and a lengthier up to date introduction to Paul Newly added review questions maps and diagrams enhance the scholarship and make the resource truly user friendly **New Dictionary of Biblical Theology** T Desmond Alexander, Brian S Rosner, 2020-05-21 In recent years our knowledge of the individual parts of the Bible has increased greatly but our understanding of how they fit together has not kept pace In particular the relationship between the Old and New Testaments has been a neglected field of study The latest in IVP's developing family of New Dictionaries the *New Dictionary of Biblical Theology* is an essential tool for students preachers and ministers as well as for scholars and others seeking a better grasp of the Bible's teaching The aim of this prestigious dictionary is to integrate the various biblical books and themes into the overarching story of the Scriptures The volume embodies three perspectives on biblical theology which are reflected in its structure *The Messiah in the Old and New Testaments* Stanley E. Porter, 2007-04-26 When the ancients talked about messiah what did they picture Did that term refer to a stately figure who would rule to a militant who would rescue or to a variety of roles held by many While Christians have traditionally equated the word messiah with Jesus the discussion is far more complex This volume contributes significantly to that discussion Ten expert scholars here address questions surrounding the concept of messiah and clarify what it means to call Jesus messiah The book comprises two main parts first treating those writers who preceded or surrounded the New Testament two essays on the Old Testament and two on extrabiblical literature and then discussing the writers of the New Testament Concluding the volume is a critical response by Craig Evans to both sections This volume will be helpful to pastors and laypersons wanting to explore the nature and identity of the Messiah in the Old and New Testament in order to better understand Jesus as Messiah **The New Testament Interpreted** Cilliers Breytenbach, Johan C. Thom, Jeremy Punt, 2006-09-01 This volume contains a collection of essays in honour of Bernard C Lategan a renowned specialist on the modern reception of the New Testament Besides offering analyses of Lategan's own contribution to New Testament scholarship the essays present and discuss interpretations of the New Testament from antiquity through contemporary critical scholarship Topics covered include hermeneutical issues of historical Jesus research intertextuality in antiquity the interpretation of the New Testament in Africa and the New Testament as literature The collection thus provides a representative perspective on the diversity of New Testament scholarship in South Africa and elsewhere
