Paul The Temple And The Presence Of God Brown Judaic Studies:

Paul, the Temple, and the Presence of God David A. Renwick, 1991 **Holiness and Community in 2 Cor 6:14-7:1** J. Ayodeji Adewuya, 2011-02-01 This book examines 2 Cor 6 14 7 1 and argues that its theological message is communal holiness It culminates in an attempt to posit a Pauline theology of corporate sanctification in the Corinthian correspondence Paul s view of sanctification it is argued should be seen as multifaceted relational communal ethical and mission oriented Thus a coherent picture of Pauline teaching on holiness in the Corinthian correspondence emerges from this book For Paul the focus of God s redemptive activity is primarily the community and not the individual Paul s view on holiness has to do with communal holiness within the people of God the goal of which is to make God known to the wider society In sum this book argues that the teaching on holiness should not be and cannot be satisfactorily explained in terms of the individual but only as the individual stands in relation to the community of faith Thus the conclusion offers a corrective to some strands of modern interpretation that emphasize the individualistic experiential aspects of Christian holiness thus tending to reduce Christian holiness to morality *Grace and Agency in Paul and Second Temple Judaism* Kyle Wells, 2014-09-11 Following recent intertextual studies Kyle B Wells examines how descriptions of heart transformation in Deut 30 Jer 31 32 and Ezek 36 informed Paul and his contemporaries articulations about grace and agency Beyond advancing our understanding of how these restoration narratives were interpreted in the LXX the Dead Sea Literature Baruch Jubilees 2 Baruch 4 Ezra and Philo Wells demonstrates that while most Jews in this period did not set divine and human agency in competition with one another their constructions differed markedly and this would have contributed to vehement disagreements among them While not sui generis in every respect Paul s own convictions about grace and agency appear radical due to the way he reconfigures these concepts in relation to Christ Rabbi Paul Bruce Chilton, 2005-11-15 A brilliant new biography of Saint Paul whose interpretations of the life and teachings of Jesus transformed a loosely organized grassroots peasant movement into the structured religion we know today Without Paul there would be no Christianity His letters to various churches scattered throughout the Roman Empire articulated for the first time the beliefs that make up the heart of Christian practice and faith In this extraordinary biography Bruce Chilton explains the changing images of Paul from the early Church period when he was regarded as the premiere apostle who separated Christianity from Judaism to more recent liberal evaluations which paint him as an antifeminist homophobic figure more dedicated to doctrine than to spiritual freedom By illuminating Paul s thoughts and contributions within the context of his time Chilton restores him to his place as the founding architect of the Church and one of the most important figures in Western history Rabbi Paul is at once a compelling highly readable biography and a window on how Jesus message was transformed into a religion embraced by millions around the world Drawing on Paul s own writings as well as historical and scholarly documents about his life and times Chilton portrays an all too human saint who helped to create both the most beautiful and the most troublesome aspects

of the Church He shows that Paul sought to specify the correct approach to such central concerns as sexuality obedience faith conscience and spirit to define religion as an institution and to clarify the nature of the religious personality issues that Christians still struggle with today **Who Is “the God of This Age”?** Ivor Poobalan,2024-06-14 How we interpret the god of this age in 2 Corinthians 4:4 has significant implications for Bible translations our doctrines of God and Satan and missiology Is this about God or Satan Dr Ivor Poobalan illuminates this unique Pauline phrase through his comprehensive examination of the history of interpretation and careful exegesis rooted in the historical and literary contexts Entering into centuries of debate this work challenges the two major pillars for the Satan argument Apocalypticism and ancient Jewish views of Satan to highlight the inconsistencies that make these foundations untenable This insightful work brings a fresh voice that returns readers to an interpretation that the god of this age is the sovereign God responding to Jewish unbelief For biblical scholars translators theologians and pastors Who Is the God of This Age makes accessible previously difficult sources and opens up the implications of this interpretation *Divine Marriage from Eden to the End of Days* André Villeneuve,2021-10-12 In *Divine Marriage from Eden to the End of Days* Andre Villeneuve explores the mystery of God's love in the Bible and ancient Jewish tradition Scripture portrays the covenant between God and his people as a divine human marriage spanning through all of human history For the ancient Jewish interpreters God married humanity at the dawn of creation in the Garden of Eden but the union was broken by human sin The Lord restored the relationship when he betrothed Israel at Mount Sinai yet the covenant was wounded again with the transgression of the golden calf The nuptial bond was healed anew commemorated and reenacted through liturgical worship in Israel's tabernacle and temple This worship in God's nuptial chamber in turn anticipated the ultimate fulfillment of the divine human marriage in the messianic age at the end of history The first part of the book explores the marriage through Israel's biblical history in light of ancient Jewish exegesis The second part unveils the marriage in the ancient interpretation of the Song of Songs and in wisdom literature The third part reveals how the same symbolism is taken up in the New Testament and applied to the marriage between Christ and the Church **The Corinthian Correspondence** Reimund Bieringer,1996 **Neither Complementarian nor Egalitarian** Michelle Lee-Barnewall,2016-03-15 Regarding gender relations the evangelical world is divided between complementarians and egalitarians While both perspectives have much to contribute the discussion has reached a stalemate Michelle Lee Barnewall critiques both sides of the debate challenging the standard premises and arguments and offering new insight into a perennially divisive issue in the church She brings fresh biblical exegesis to bear on our cultural situation presenting an alternative way to move the discussion forward based on a corporate perspective and on kingdom values The book includes a foreword by Craig L. Blomberg and an afterword by Lynn H. Cohick **Canaan to Corinth** Michael Li-Tak Shen,2010 Michael Li Tak Shen carefully examines the biblical view of God's absolute uniqueness and argues that the biblical texts are consistent in their prohibition of idolatry and its paraphernalia in whatever form a helpful point in similar pastoral situations

today in a world of idols ideologies addictions and runaway consumerism The high view of the absolute nature of God warns against lax and mistaken notions of so called Christian freedom Robert Solomon Bishop the Methodist Church in Singapore Book Jacket **Paul, the Temple, and Building a Metaphor** David Anthony Basham,2024-12-12 David Anthony Basham argues that Paul and the Corinthians share a system of associated commonplaces about the Jerusalem temple Basham proposes that when Paul applies temple language to the Corinthians by calling them naos theou God s temple he sparks a creative process of interaction between the temple and the Corinthian assembly a process of selecting emphasizing and organizing information from the source domain temple to see the target domain the Corinthians in a new light Basham suggests that in understanding Paul s fraught relationship with certain institutions of Second Temple Judaism and his conception of gentile inclusion we can appreciate the creative ways in which he employs cultic imagery to describe his ministry and the ritual life of early gentile believers By exploring the construction of metaphor the depiction of the Jerusalem temple in Paul s letters and Judaeen religion among gentiles Basham demonstrates that Paul s temple metaphor speaks to a new cultic reality for gentiles in Christ that is linked to Israel s worship though detached from its actual expression in Jerusalem
