Paula Rego The Complete Graphic Work:

Paula Rego T. G. Rosenthal, Paula Rego, 2003 This monograph deals exclusively with Paula Rego's graphic work. It features over 200 etchings, aquatints and lithographs from 1954 and her student days to the Jane Eyre series in 2002 and several prints that were never editioned but only proofed. Art and their graphic images are simply copies of their paintings in another medium. Rego is unique among highly acclaimed artists in that her graphic works are mostly original in theme as well as execution and she makes use of this different medium to project the disturbing and subversive power seen in her paintings. Provides the background to each series and analyses each work. The author also quotes extensively from conversations with the artist underlining Rego's subversive humour and her strongly feminist outlook. Paul Coldwell a comprehensive list of exhibitions and a bibliography here provide a survey of a major aspect of Rego's work. Paula Rego T. G. Rosenthal, 2012-07-10 Discussing and illustrating all of Rego's graphic work spanning half a century this revised edition offers five new chapters, several revisions and new Rego images. Many of the greatest artists since Dürer and Rembrandt have used prints to explore their most important ideas. Paula Rego is in this tradition giving full rein to her imagination in both etching and lithography and using the media with exuberance to create work that is as disturbing, erotic and powerful as her paintings. This sumptuously produced book now expanded and updated and featuring reproductions in color and tritone discusses and illustrates all of her prints including unpublished work. The second edition includes chapters on five new series: Moon Eggs, Prince Pig, Wine Curved Planks and Beyond Abortion on works out of series since 2004 and on the influence of playwright Martin McDonagh's work on Rego. New images, additional entries to the fully illustrated Catalogue Raisonné and revisions to the chronology, exhibition list and bibliography make this a unique source of information on a major aspect of this leading artist's work. **Paula Rego Printmaker** Paula Rego, 2005 *Paula Rego* Paula Rego, 2006 Published to accompany the exhibition held at Marlborough Fine Art Gallery London 11 October 18 November 2006 **Writing and Seeing** Rui Manuel G. de Carvalho Homem, Maria de Fátima Lambert, 2006 The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies but they all share an interest in the intersections of word and image in a variety of media. This unifying rationale secures the present collection's central position in the current critical context defined as it predominantly is by ways of reading that are based on a relational nexus. The intertextual, the intermedial, the intersemiotic are indeed foregrounded and combined in these essays conceptually as much as in the critical practices favoured by the various contributions. Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume but the range of media and of approaches considered is broad enough to include photography, film, video, television, comic strips, animated film, public art, material culture. The backgrounds of contributors are likewise diverse: culturally, academically, linguistically. The volume combines contributions by prominent scholars and critics with essays by younger scholars from a variety of backgrounds. The resulting plurality of perspective is indeed a source of new insights into

the relations between writing and seeing and it contributes to making this collection an exciting new contribution to word and image studies
