Puzzling Passages in Paul Anthony C. Thiselton, 2018-10-22 Few Christian writings have had the world changing impact of St Paul's epistles to the churches and yet from the very beginning these works proved themselves to be tricky texts The Second Letter of Peter commenting about them says There are some things in them that are hard to understand 2 Pet 3 16 Indeed To this day many issues of their interpretation remain highly contested In this book Anthony Thiselton grasps the nettle and examines forty puzzling passages from Paul's epistles He considers the various scholarly proposals about their meaning and offers his own reflections in the hope of dispersing fog and shedding light and of expounding a coherent and self consistent Paul

Solidarity and Difference David G. Horrell, 2015-11-19 David G Horrell presents a study of Pauline ethics examining how Paul's moral discourse envisages and constructs communities in which there is a strong sense of solidarity but also legitimate difference in various aspects of ethical practice Horrell reads New Testament texts with an explicit awareness of contemporary ethical theory and assesses Paul's contribution as a moral thinker in the context of modern debate Using a framework indebted to the social sciences as well as to contemporary ethical theory Horrell examines the construction of community in Paul's letters the notions of purity boundaries and identity Paul's attempts to deal with diversity in his churches the role of imitating Christ in Paul's ethics and the ethic Paul develops for interaction with outsiders Finally the pattern of Paul's moral thinking is considered in relation to the liberal communitarian

debate with explicit consideration given to the central moral norms of Pauline thought and the prospects for and problems with appropriating these in the contemporary world This Cornerstones edition includes an extended reflective introduction and a substantial foreword from N T Wright **Jew Among Jews** Kimberly Ambrose, 2015-11-17 Misunderstanding of Paul had started already in his lifetime and his letters offer many examples of this Throughout the centuries Paul has continued to be misunderstood by both Jews and Gentiles especially in relation to his view of the law and the covenant Paul has often been misunderstood because his form of argument his use of Scripture his view of Jews and Gentiles in Christ especially of those Jews who were not convinced that Jesus was Messiah and his view of what constitutes true Judaism do not seem to conform to our expectations and perceptions of the apostle We have been accustomed to read his letters as of one who was emancipating people from Judaism as one who sought to obliterate all ethnic and other distinctions rather than maintaining the identity of Jews and Gentiles even in Christ By building on some of the insights of the New Perspective and developing other more recent insights as well a more consistent and credible Paul as a first century Diaspora Jew organizing a mission to Gentiles will be presented
