Pauls I Can Read

Michael J. Gorman

Pauls I Can Read:

The Church's Guide for Reading Paul Brevard S. Childs, 2008 The Church's Guide for Reading Paul is the final work of a prolific and beloved biblical scholar Brevard Childs here turns his sharp scholarly eye to the works of the apostle Paul and makes an unusual argument the New Testament canon's formation was above all a hermeneutical exercise in which its anonymous apostles and postapostolic editors collected preserved and theologically shaped the material in order for the evangelical traditions to serve successive generations of Christians BOOK JACKET Reading Paul Michael J.

Gorman, 2008-01-01 In this new introduction to the Apostle Paul and his gospel written especially for lay readers for beginning students and for those unsure about what to make of Paul Michael J Gorman takes the apostle seriously as someone who speaks for God and to us After an overview not only of Paul's radical transformation from persecutor to proclaimer but also of his letter writing in the context of Paul's new mission Reading Paul explores the central themes of the apostle's gospel Gorman places special emphasis on the theopolitical character of Paul's gospel and on the themes of cross and resurrection multiculturalism in the church and peacemaking and nonviolence as the way of Christ according to Paul Gorman also offers a distinctive interpretation of justification by faith as participation in Christ an interpretation that challenges standard approaches to these Pauline themes Reading Paul demonstrates that the apostle of faith hope and love speaks not only to our deepest spiritual needs but also to the challenging times in which we live *Reading Paul's Letter to*

the Romans Jerry L. Sumney, 2012-11-13 In this volume leading scholars in the study of Romans invite students and nonspecialists to engage this text and thus come to a more complete understanding of both the letter and Paul's theology The contributors include interpreters with different understandings of Romans so that readers see a range of interpretations of central issues in the study of the text Each essay includes a short review of different positions on a topic and an argument for the author's position set out in clear nontechnical terms making the volume an ideal classroom tool The contributors are A Andrew Das James D G Dunn Victor Paul Furnish Joel B Green A Katherine Grieb Caroline Johnson Hodge L Ann Jervis E Elizabeth Johnson Sylvia C Keesmaat Rodrigo J Morales Mark D Nanos Jerry L Sumney and Francis Watson *Profaning*

Paul Cavan W. Concannon, 2021-12-10 Paul's epistles are central to nearly every variation of Christianity and there are as many different readings of Paul as there are sects of Christianity Paul has also been co-opted by influential contemporary thinkers such as Agamben Badiou and Žižek Religious scholar Cavan Concannon however has other plans Taking as his starting point the language of excrement refuse and waste in Paul's letters he reads these passages to think about the textual and material uses of garbage and excrement and ultimately whether Paul's writings can be redeemed Concannon presses on the tension between the evils that have been wrought through Paul's letters and the sacralizing effects of his place in the Christian canon He drills down into the attempted redemption of Paul within radical European philosophical circles but he reads these appropriations of Paul alongside professional biblical scholars who have sought to enlist Paul into their own

liberal political projects Concannon's book intervenes in the history of biblical studies the use of Paul's letters by contemporary philosophers and the political potential of feminist African American and queer biblical scholarship Can Paul be redeemed ultimately Concannon insists the answer is no but he argues that by paying attention both to why Paul can't be redeemed and what happens to interpreters who try we can open up a space for Paul's archive to participate in the struggle for a more just future

Reading Paul as Christian Scripture (Reading Christian Scripture) Constantine R.

Campbell, 2024-08-13 Designed to meet the needs of contemporary evangelical undergraduates this survey textbook offers an engaging introduction to Paul's Letters in their literary theological and canonical contexts Constantine Campbell a recognized Pauline and Greek scholar explores Paul's letters with an eye to fitting them within the life ministry and theology of the apostle Paul Campbell reflects on the reception history of Paul's letters presents them in the context of the apostle's missionary journeys and fits the Pauline corpus within the larger story and tradition of Christian Scripture The book also covers the book of Acts as it relates to Paul's letters Beautifully designed in full color with an abundance of maps sidebars images and other visual aids to hold interest and aid learning this addition to the Reading Christian Scripture series offers a faith friendly introduction to students of Paul's Letters Additional resources for instructors and students are available through Textbook eSources

Reading Derrida / Thinking Paul Theodore W. Jennings, 2006 This book explores the interweaving of several of Derrida's characteristic concerns with themes that Paul explores in Romans It argues that the central concern of Romans is with the question of justice a justice that must be thought outside of law on the basis of grace or gift The many perplexities that arise from thus trying to think justice outside of law are clarified by reading Derrida on such themes as justice and law gift and exchange duty and debt hospitality cosmopolitanism and pardon This interweaving of Paul and Derrida shows that Paul may be read as a thinker who wrestles with real problems that are of concern to anyone who thinks It also shows that Derrida far from being the enemy of theological reflection is himself a necessary companion to the thinking of the biblical theologian Against the grain of what passes for common wisdom this book argues that both Derrida and Paul are indispensable guides to a new way of thinking about justice

Fetishizing Tradition Alan

Cole, 2015-09-21 This innovative work documents the literary gesture that fetishizes tradition making long standing religious traditions appear present and available through the reading experience Taking as examples Paul's Letter to the Romans the Gospel of Mark the S'tra on the Land of Bliss Sukh vat vy ha and the Platform S'tra of the Sixth Patriarch Liuzu tanjing Alan Cole shows how these texts invite readers into the fantasy that they can leave behind tradition's established rites rituals sacrifices institutions and festivals in order to take up just the text and its narrative as the key to salvation Ironically then one's salvation is determined by how one receives the new message of salvation Crucial to making these more virtual forms of tradition appear plausible is the reconstruction of tradition's truth fathers God or the Buddha as the case may be so that they appear to endorse the legitimacy of these new ways of being traditional Relying on a wide body of critical theory this book

presents an intriguing way to rethink key elements in Christian and Buddhist thought Paul in the Grip of the Philosophers
Peter Frick, 2013-11-01 One of the remarkable developments in the contemporary study of Paul is the dramatic interest in his thought amongst European philosophers This collection of leading scholars makes accessible a discussion often elusive to those not already conversant in the categories of European philosophy Each scholar addresses systematically what major philosophers have made of Paul and why it matters Studies of Paul's Letters to the Corinthians Dennis Dinger, 2013-11-19
The two letters from Paul to the Corinthians address many fundamental issues in a struggling carnal church The Corinthian saints needed to hear sound teaching and Paul was the servant God chose to educate them Paul taught lots of fundamentals in his first letter In his second he continued with fundamentals but he explained more deeply He described how God's servants think and how God's people should respond He also briefly taught about the coming judgments in which all mankind will stand before God to be judged according to their works Because the Corinthian saints were typical of all believers the wonderful insights in these two letters are valuable to all God's children *Echoes of Scripture in the Letters of Paul*
Richard B. Hays, 1993-01-27 A fresh reading of the letters of Paul bringing to light their literary texture Hays has without doubt posed the right question at the right time within the horizon of a particularly important problematic A new beginning for the question concerning the reception of the Old Testament in the New Hans H. Bner Theologische Literaturzeitung Paul's letters the earliest writings in the New Testament are filled with allusions images and quotations from the Old Testament or as Paul called it Scripture In this book Richard B. Hays investigates Paul's appropriation of Scripture from a perspective based on literary critical studies of intertextuality His uncovering of scriptural echoes in Paul's language enriches our appreciation of the complex literary texture of Paul's letters and offers new insights into his message
