Paupers And Pig Killers The Diary Of William Holland A Somerset Parson 1799 1818:

Paupers and Pig Killers William Holland, Jack Ayres, 1986-01-01 **Paupers and Pig Killers** William Holland, 2003-02
On 3rd September 1770 the Revd William Holland took possession of the Vicarage and Parish church of Overstowey in Somerset. He kept a diary throughout his tenancy in which he recorded the comings and goings of village life. The people of the time are brought vividly to life such as Revd Holland's servant Charles who might still have retained his employees' favour after being caught with the parlourmaid had he not compounded his mischief by sodomizing the sheep *The Country Parson* Leslie J. Francis, 1989 **Aleister Crowley** Tobias Churton, 2014-05-20 At last the unexpurgated true story of the amazing Aleister Crowley: philosopher, poet, artist, writer, magus, explorer, parapsychology and spy. Packed with fresh research and previously unpublished Crowleyana. For 100 years Aleister Crowley's true achievements have been suppressed and his true character defaced in a campaign of vilification unparalleled in British history. Until now Crowley's life has not been written; it has been written over. Tobias Churton is a world authority on Freemasonry, Rosicrucianism and Gnosticism. In writing Aleister Crowley, he enjoyed complete access to all Crowley's restricted papers, unpublished letters and personal diaries kept in a trust at London's Warburg Institute and in the Ordo Templi Orientis archives. Ninety percent of the authentic material here has never before been published **Belonging in Europe - The African Diaspora and Work** Caroline Bressey, Hakim Adi, 2013-09-13 This publication does not just mark the presence of black people in Europe but brings research to a new stage by making connections across Europe through the experience of work and labour. The working experience for black peoples in Europe was not just confined to ports and large urban areas; often the place black people are located in the imagination of the European map both today and historically. Work took place in small towns, villages and on country estates. Until the 1800s enslaved Africans would have worked alongside free blacks and their white peers. How were these labour relations realised, be it on a country estate or a town house? How did this experience translate into the labour movements of the twentieth century? These are some of the questions the essays in this collection address, contributing to new understandings of European life both historically and today. This book was originally published as a special issue of *Immigrants and Minorities* **Sleep in Early Modern England** Sasha Handley, 2016-08-15 A riveting look at how the early modern world revolutionized sleep and its relation to body, mind, soul and society. Drawing on diverse archival sources and material artifacts, Handley reveals that the way we sleep is as dependent on culture as it is on biological and environmental factors. After 1660 the accepted notion that sleepers lay at the mercy of natural forces and supernatural agents was challenged by new medical thinking about sleep's relationship to the nervous system. This breakthrough coincided with radical changes shaping everything from sleeping hours to bedchambers. Handley's illuminating work documents a major evolution in our conscious understanding of the unconscious **Atlantic Voyages** John McAleer, 2023-05-02 As he prepared to embark for India in 1774, Alexander Mackenzie's excitement at the sights to be seen and novelties to be experienced was

palpable Mackrabie's journey was conducted under the auspices of the London based East India Company and was one of the many thousands of Company voyages that brought Europeans into contact with Asian countries and cultures as well as numerous people and places along the way Atlantic Voyages tells the story of travellers like Mackrabie as they navigated the waters of the Atlantic Ocean reflecting on who and what they had left behind in Europe looking forward to new challenges in Asia and evaluating the sights and smells sounds and tastes hopes and expectations fears and regrets that regaled their senses and played on their minds as they sailed along the way It charts the tension between tedium and terror on the one hand and exhilaration and excitement on the other attempting to understand the maritime space of the Atlantic as it was experienced by the people who traversed its waters The lives of the people carried by East Indiamen were deeply affected by their Atlantic experiences They confronted the reality of shipboard life its seasickness and boredom its cramped living conditions its questionable dining fare and its severely restricted privacy They acclimatised to the rhythms of the ocean and the vicissitudes of the weather They encountered rites of passage and ceremonies of initiation on the high seas They prepared themselves for cultural disorientation and a host of unusual sights and sensations And they wondered at the extraordinary beauty of the elements around them the sea the sky the islands and the strangeness of their inhabitants human and animal alike The ship's passage played a crucial role in shaping the responses and experiences of those individuals surrounded by its wooden walls Their words bring to life this maritime journey illuminate the experiences of the people who undertook it and contribute to our understanding of the place of the Atlantic Ocean in wider histories of the East India Company and the British Empire in this period

They Run with Surprising Swiftiness Peter Radford, 2023-05-05 Women have battled for a place in the male dominated world of sports throughout the twentieth and early twenty first centuries overturning obstacles and highlighting the changing position of women in societies around the world This has become one of the defining stories of our age and the central story of women's sports They Run with Surprising Swiftiness tells a different and much older forgotten story with many of the same themes Sports have never been the sole preserve of men women athletes have always been there As this book shows throughout the seventeenth and eighteenth centuries in Britain women of all ages ran fought rode played football cricket tennis and other sports They competed in tough head to head events that required extraordinary endurance and skill Though not labeled athletic at the time these women performed feats that in our age would certainly earn that descriptor They Run with Surprising Swiftiness recognizes these remarkable athletes and their achievements and aims to restore them to their rightful place in the long history of women in sport

A People's Church Jeremy Morris, 2022-04-07 A masterly vivid and original sketch not just of the history but of the culture or cultures of the Church of England across nearly five centuries Rowan Williams poet and former Archbishop of Canterbury It is hard to comprehend the last 500 years of England's history without understanding the Church of England From its roots in Catholicism through to the present day this is the extraordinary history of a familiar but much misunderstood institution The

Church has frequently been divided between high and low Evangelical and Anglo Catholic For its first 150 years people sacrificed their lives to defend it the Anglican Church is and has always been defined by its complicated relationship to the state and power As Jeremy Morris shows the story of the Church central to British life has never been straightforward Weaving social political and religious context together with the significance of its music and architecture *A People's Church* skilfully illuminates a complex and pre eminent institution

Children of Uncertain Fortune Daniel Livesay, 2018-01-11

By tracing the largely forgotten eighteenth century migration of elite mixed race individuals from Jamaica to Great Britain *Children of Uncertain Fortune* reinterprets the evolution of British racial ideologies as a matter of negotiating family membership Using wills legal petitions family correspondences and inheritance lawsuits Daniel Livesay is the first scholar to follow the hundreds of children born to white planters and Caribbean women of color who crossed the ocean for educational opportunities professional apprenticeships marriage prospects or refuge from colonial prejudices The presence of these elite children of color in Britain pushed popular opinion in the British Atlantic world toward narrower conceptions of race and kinship Members of Parliament colonial assemblymen merchant kings and cultural arbiters the very people who decided Britain's colonial policies debated abolition passed marital laws and arbitrated inheritance disputes rubbed shoulders with these mixed race Caribbean migrants in parlors and sitting rooms Upper class Britons also resented colonial transplants and coveted their inheritances family intimacy gave way to racial exclusion By the early nineteenth century relatives had become strangers
