Paveewhack A Novel:

Bowker's Guide to Characters in Fiction 2007 ,2008-02 **Books Ireland** ,2001 **American Book Publishing Record** ,2002 **Paveewhack** Peter Brady,2001 Paveewhack is the story of teenage Traveller Jack Joyce or Whack as he s known pavee means traveler who must adapt to the settled life after his father moves the family into a house in a small Midlands town A kind of Irish Huck Finn a notoriou **Migrants and Memory** Micheal O'Haodha,2009-10-02 This volume hopes to act as a new marker in the areas of Irish Studies and Migration Diaspora Studies It is also in part an attempt to give a voice to communities who have frequently found themselves on the margins of the so called mainstream community the hidden Irish the hidden European the migrant the nomad that reflects the changing face of the new and immigrant Europe The scholars and activists writing here have engaged with the questions of ethnicity identity racism cultural expression and the new historiography that characterises those newer disciplines often referred to now as Traveller Studies and Romani Studies Of particular concern to this book s contributors has been the necessity to address these broader issues within the context of the ever changing dynamics of representation modernisation globalisation and the construction of the modern nation state that has been the litmus test for many Western and Eastern European countries including Britain and more recently Ireland It is to be hoped that this collection of essays will function as a catalyst for some new and exciting areas of enquiry in the more liminal interstices of Irish Studies Traveller Studies Romani Studies and Diaspora and Migration Studies the latter a discipline which modern Irish society is only now beginning to interrogate on a more serious and scholarly level

Memory Ireland Oona Frawley,2012-03-29 In the second volume of a series that will ultimately include four the authors consider Irish diasporic memory and memory practices While the Irish diaspora has become the subject of a wide range of scholarship there has been little work focused on its relationship to memory The first half of the volume asks how diasporic memory functions in different places and times and what forms it takes on As an island nation with a history of emigration Ireland has developed a rich diasporic cultural memory one that draws on multiple traditions and historiographies of both home and away Native traditions are not imported wholesale but instead develop their own curious hybridity reflecting the nature of emigrant memory that absorbs new ways of thinking about home How do immigrants remember their homeland How do descendants of immigrants remember a land they rarely visit How does diasporic memory pass through families and how is it represented in cultural forms such as literature festivals and souvenirs In its second half this volume shifts its attention to the concept of memory practices ways of cultural remembering that result from and are shaped by particular cultural forms Many of these cultural forms embody memory materially through language music and photography and because of their distinctive expressions of culture give rise to distinctive memory practices Gathering the leading voices in Irish studies this volume opens new pathways into the body of Irish cultural memory demonstrating time and again the ways in which memory is supported by the negotiations of individuals within wider cultural contexts Contributors include Aidan

Arrowsmith Hasia Diner Joep Leerssen Paul Muldoon Nuala N Dhomhnaill *Irish Travellers* Mícheál Ó hAodha, 2006 The Traveler question has been a major source of debate in Irish society for decades centuries even and appears no closer to being answered today For as long as Travelers have roamed the roads of Ireland they have been subjected to at best a sort of mythic romanticized patronization and at worst vilification and outright hostility but always as the other of Irish ethnic identity Michael Hayes closely examines how images of Travelers have been created and distorted over the centuries from the nineteenth century gipsiorists to late twentieth century anthropological studies *Études irlandaises* ,2006 **Studies** ,2004 An Irish quarterly review **The "tinkers" in Irish Literature** José Lanter, 2008 Irish travellers or tinkers have appeared as characters in Irish literature since the early nineteenth century Representations of this semi nomadic cultural and ethnic minority in works by non traveller authors almost invariably function in some way within the context of Irish identity politics whereby the tinker often serves as a primitive Other to a modern civilized Irish Self This study considers the tinker character in a large body of serious and popular literary texts some well known others rarely if ever discussed and traces how the literary construct of the tinker figure as domestic or foreign Other evolves over time Three chapters concentrate on specific historical contexts as the tinker shifts from being a relatively straightforward scapegoat in the literature of the early nineteenth century to being a more complex and ambiguous embodiment of both the aspirations and anxieties of the Anglo Irish writers of the Revival to being a barometer of aspects of modernity and regression in the mid twentieth century Irish Republic Three further chapters focus on thematic contexts that have particular relevance for the development of the tinker figure children s literature from and about Ireland fabulist narratives particularly those with plot configurations derived from Celtic mythology and crime and detective fiction set in Ireland Finally the way in which individual travellers represent themselves in autobiographical narratives of the late twentieth century is considered often in response to the fictional tinker stereotype that has persisted in sedentary society and its cultural expressions for centuries
