Pavel Pepperstein And Guests:

Pavel Pepperstein and guests Pavel Peppershtein, Kunsthaus Zug, 2004 Edited by Matthias Haldemann Essays by Boris Groys Ilya Kabakov and Viktor Mazin Pavel Pepperstein Павел Пепперштейн, Regina Gallery, 2010 **Pavel Pepperstein** Pavel Pepperstein, 2015 Pavel Pepperstein born 1966 long since acknowledged as the central figure in Russia's contemporary art scene constitutes an important link between the older generation of Moscow Conceptualists and young aspiring artists in his country In Pepperstein's graphic painterly works mysterious hybrid worlds open themselves up to the viewer's gaze Motifs from Russian and ancient mythology encounter avant garde forms in the style of El Lissitzky or Kasimir Malevich that are combined much like collages with Hollywood or science fiction scenes The artist adds a handwritten annotative element to this bold blend His playful gestures break through the confines of the familiar and ironically blend Russian icons with images taken from Western pop culture This catalogue gathers a selection of stories by Pepperstein taken from his short story collection *The Secret of Our Time* and his recent works on canvas **History Becomes Form** Boris Groys, 2013-09-13 An insider's account of the art and artists of the most interesting Russian artistic phenomenon since the Russian Avant Garde In the 1970s and 1980s a group of unofficial artists in Moscow artists not recognized by the state not covered by state controlled media and cut off from wider audiences created artworks that gave artistic form to a certain historical moment the experience of Soviet socialism The Moscow conceptualists not only reflected and analyzed by artistic means a spectacle of Soviet life but also preserved its memory for a future that turned out to be different from the officially predicted one They captured both the shabby austerity of everyday Soviet life and the utopian energy of Soviet culture In *History Becomes Form* Boris Groys offers a contemporary's account of what he calls the most interesting Russian artistic phenomenon since the Russian avant garde The book collects Groys's essays on Moscow conceptualism most of them written after his emigration to the West in 1981 The individual artists of the group including Ilya Kabakov Lev Rubinstein and Ivan Chuikov became known in the West after perestroika but until now the artistic movement as a whole has received little attention Groys's account sheds light not only on the Moscow Conceptualists and their work but also on the dilemmas of Soviet artists during the cold war Die Totale Aufklärung Fundación Juan March, 2008 Edited and with text by Boris Groys Max Hollein **Al Taylor : Zeichnungen** Al Taylor, 2006 American artist Al Taylor who was born in 1948 considered himself more of a painter and draftsman than a sculptor His European breakthrough was triggered by a series of exhibitions in the early nineties In barely thirty years he produced an extraordinarily diverse range of very personal and self-willed works which following his early death in 1999 have been put into new perspective In addition to his three-dimensional works Taylor's drawings are at the center of attention His inspiration often came from the observation of banal objects and curious situations and his works reflect his sensitivity to the bizarre and a deep humor which is based on the fact that often the most trivial occasions can be a vehicle to extremely serious experiments Few artists of his generation had a similar range of

expressive means in which sensuality and discipline energy and control are united **BOOK JACKET** **Russian Classical Literature Today** Yordan Ljutskanov,Hristo Manolakev,Radostin Rusev,2014-06-19 This book explores a range of mis uses of the Russian classical literature canon and its symbolic capital by contemporary Russian literature cinema literary scholarship and mass culture It outlines processes of current canon formation in a situation of the expiration of a literature centric culture that has been imbued with specific messianism and its doubles The book implements Pierre Bourdieu s theory of the cultural field focussing on a field s constitutive pursuit of autonomy and on its flexible resistance to the double pressure of the political field and the economic field It provides material for elaborating this theory through postulating the principal presence of a third factor of heteronomy the strong neighbour within the cultural field Furthermore this volume demonstrates the heuristic of comparing the current Russian mis uses of classical literature to prior Russian and current foreign ones As such it also discusses such issues as the historical relativity of a literary field s notion of autonomy and the geo cultural variability of the Russian literary canon **Remixing and Drawing** Ellen Mueller,2018-03-06 This succinct book articulates a clear framework for remixing in drawing at intermediate and advanced levels It begins by walking through the ideas of copyright and fair use providing context examples and advice Mueller directs students through building a collection of sources and influences leading to the development and analysis of style With a full chapter on techniques including approaches to brainstorming critique and reflection this book features over 50 exercises that are easily adapted to various approaches media and technologies as necessary Two sample syllabi are included for both a semester and a quarter system **Dreams and atrocity** Emily-Rose Baker,Diane Otsuka,2023-03-07 This volume explores the relationship between oneiric and historical episodes of atrocity as depicted in transnational twentieth and twenty first century art film literature and theatre Examining the political and aesthetic power harnessed by dreams in increasingly dark times it takes as its starting point the overlooked significance granted to the oneiric beyond Freudian psychoanalysis By reading the oneiric within variously known cultural texts including Holocaust fiction world cinema Bronx theatre surrealist art and two collections of wartime dream transcriptions the volume also offers a renewed perspective on modern and contemporary trauma In so doing it demonstrates the relevance of the oneiric beyond the interpretative framework of psychoanalysis as an aesthetic and political tool with which to alert us and respond to the violence of our contemporary world **Third Wave** Kent Johnson,Stephen M. Ashby,1992 The experimental poems of a new generation of Russian writers
