**Light on the Riviera** Geneviève Janvrin, Sophie Wright, 2022-04-15 How sleepy fishing villages became hotbeds of culture the Côte d'Azur literally the blue coast as a gathering place for artists from its beginnings to the present day In the tradition of *Riviera Cocktail* and *Stars Cars* a magnificent new book of photographs vintage and charming Exhibitions to accompany the book are in the planning stage The Côte d'Azur has always captured the imagination of artists Many of them arrived on the sun drenched coast in the early 20th century having left Paris to enjoy this beautiful region at a time when it was not yet a famed tourist destination And there they stayed Legendary for its special light the French Riviera also spurred the development of art photography to a certain degree attracting intellectuals and bon vivants along with those who wanted to be in close proximity to this artistic world The great influx of painters photographers and fashion designers created a rich legacy throughout several decades This legacy will be narrated chronologically by decade in the book starting with the beginnings of photography at the turn of the century and continuing with the 1920s with the fashion of Jacques Henri Lartigue the Surrealists up to the end of the war the Golden Fifties of paparazzi photography the portraits of artists and photojournalism Text in English German and French      Newton, Riviera Helmut Newton, 2022-09-27 From well known portraits of Monaco's beautiful people to rarely seen landscapes this collection of images documents two decades of Helmut Newton's love affair with the sun kissed world of the French Riviera Helmut Newton was in his sixties and already a well established photographer when he and his wife moved to the French Riviera At an age when many people would consider retirement Newton instead plunged headfirst into one of the most prolific and liberating stages of his career The city of Monaco was the perfect backdrop for his fashion photography and it also provided him with a wealth of subjects for his

famous portraits including the stars of the Ballet de Monte Carlo and the Princely Family And it was in Monaco that Newton finally tried his hand at landscapes While this volume focuses primarily on the years 1981 to 2004 it also looks at Newton s historic links with the Co te d Azur and the area around Bordighera Italy There are essays by a range of experts in photography film and art and three interviews including one with Paloma Picasso In these remarkable photographs readers will discover the French Riviera through Newton s fascinated slightly ironic lens a way of life characterized by ease and elegance a world dominated by appearance and superficiality and a veritable living theater in which he was both actor and privileged member of the audience
